governments of many countries consider the electrification of individual passenger transport as a suitable strategy to decrease oil dependency and reduce transport related carbon dioxide co₂ and air pollutant emissions however battery electric vehicles bevs and plug in hybrid electric vehicles phevs have been more expensive than their conventional counterparts and suffer from relatively short electric driving ranges which still hampers the market potential of these vehicles despite persisting shortfalls mechanisms such as technological learning and economics of scale promise to improve the techno economic performance of bevs and phevs in the short to mid term here the author seeks to obtain insight into the techno economic prospects of bevs and phevs by i establishing experience curves and ii quantifying user costs and the costs of mitigating carbon dioxide and air pollutant emissions in a time series analysis the

analysis captures the situation in germany between 2010 and 2016

the final volume in the barbarossa trilogy this title completes the account of the strategic intricacies of the german campaign against russia robert kirchubel examines the causes behind the german failure including the inability to resupply troops or provide reserves as well as the lack of decent german winter uniforms and transport with dramatic contemporary photographs detailing the unforgiving battlefield conditions full colour artwork maps and bird s eye views illustrate the campaign in detail revealing how despite lapses and flaws in soviet defences the red army was able to capitalize on every german weakness

herbicides are one of the most widely used groups of pesticides worldwide for controlling weedy species in agricultural and non crop settings due to the extensive use of herbicides and their value in weed management herbicide research remains crucial for ensuring continued effective use of herbicides presently a wide range of research continues to focus on improved herbicide use and weed biology the authors of herbicides agronomic crops and weed biology cover multiple topics concerning current valuable herbicide research

cowboy erotica meets kathy acker in this smart raunchy look at a queer sexual awakening steacy easton grew up mormon queer and autistic in the west this book traces the people and spaces that made them who they are the mormon church an anglican boys boarding school where they were sent to be reformed and where they were abused by a teacher and then later on rodeos and bathhouses and mall bathrooms the world easton describes is one in which desire is complicated where men daddies can be loving and they can be abusive and there isn t always a clear distinction easton explores the essential texts of their sexuality from eve kosofsky sedgwick to neil labute kip moore to lorelei james and delves into their own encounters as they came of age these daddy lessons are blunt about the pleasures of disobedience slippery and difficult revelling in the funk of memory and desire in dangerous times daddy lessons dares to complicate the question of what children desire including things that they probably shouldn t and that adults must not exploit or manipulate except they do steacy easton s meditations follow how such desires and disasters secrete an aesthetic and a self and how something vivacious can spring from that muck something like this book itself smutty and shining and garlanded in jonquils carl wilson author of let s talk about love a journey to the end of taste steacy writes about the queer pleasure seeking body in ways both fresh and eminently familiar jordan tannahill author of the listeners daddy lessons is a cocky and tender reclamation of childhood and teenage wanting vivek shraya author of i m afraid of men and people change

at the start of the twenty first century the internet was already perceived to have fundamentally changed the landscape for research with its opportunities for digital networking novel publication schemes and new communication formats the web was a game changer for how research was done as well as what came after the dissemination and discussion of results addressing the seismic shifts of the past ten years cyberscience 2 0 examines the consequences of the arrival of social media and the increasing dominance of big internet players such as google for science and research particularly in the realms of organization and communication

the breech loading single shot 458in martini henry rifle has become a symbol of both the anglo zulu war of 1879 and the numerous battles in egypt and the sudan in 1884 85 but continued to be used by both british and colonial troops well into the 20th century its invention and introduction into british service were in direct response to the success of the prussian dreyse needle gun which demonstrated that the breech loading rifle offered faster loading improved accuracy and superior range significantly the weapon could

be loaded and fired from a prone position thus offering the rifleman greater security on the battlefield due to the longevity of service many martini henry rifles survive today both in museums and in private collections and the weapon is highly prized by shooting enthusiasts featuring specially commissioned full colour artwork and an array of arresting first hand accounts and written by an authority on warfare in the victorian era this engaging study tells the story of the powerful martini henry and its impact on the battlefield from the anglo zulu war to the opening months of world war i

adopted in 1938 and remaining in british service until 1991 the popular and reliable bren was an iconic light machine gun and arguably the most recognizable commonwealth weapon of world war ii gas operated and magazine fed it was based on a czech design and was issued in large numbers during and after world war ii as a section level automatic weapon offering remarkable accuracy for an lmg the bren had an effective range of 600 yards but could reach out to over 1 500 yards it was generally fired from the prone position using a bipod but could be fired from the hip when necessary if kept clean the bren gave a reliable service in the harshest of environments from the deserts of libya to the korean mountains in winter as well as widespread infantry use the bren was widely supplied to resistance movements in occupied europe featuring specially commissioned full colour artwork and based on meticulous research this is an engaging story of the iconic light machine gun that equipped british and commonwealth forces throughout world war ii and in a host of postwar conflicts right up to the falklands and beyond

the print on paper book industry under threat as never before this threat was exposed in a study by barclay s capital which suggested that a quarter of all worldwide book sales in 2015 will be made up of ebooks the explosive growth of ebook publishing has serious ramifications for all bricks and mortar libraries bookstores and the entire supply chain which supports them indeed the rationale for their very existence is under threat this book will help publishers and authors understand the paradigm shift that is taking place unfortunately the nascent ebook industry operates in a tower of babel with different ebook reading languages on competing devices offered by ruthless dog eat dog competitors each of which is fighting for market share it is no wonder that many publishers self publishers and authors are confused that s where this book can help them it reviews the myriad of different devices on which ebooks can be read and then it covers the different computer languages used to deliver them readers will find out what s involved in preparing their material so that it can be read in ebook format

humans and figs form hybrid communities within the context of anthropogenic landscapes supported by biocultural mutualisms driven by traits of ficus species and people s imagination and practices and where humans also positively influence ficus species ecology fig trees and humans examines the interactions between the biology and ecology of the genus ficus and how humans use and think of ficus species across the tropics and in the mediterranean region it demonstrates a high level of convergence of material and symbolic uses of human fig interactions that affect various aspects of human culture as well as the ecology of wild or cultivated ficus species

food historian emma kay tells the story of our centuries old relationship with herbs from herbalists of old to contemporary cooking this book reveals the magical and medicinal properties of your favourite plants in colorful compelling detail at one time every village in britain had a herbalist a history of herbalism investigates the lives of women and men who used herbs to administer treatment and knew the benefit of each meet dr richard shephard of preston who cultivated angelica on his estate in the eighteenth century for the sick and injured or nicholas culpeper a botanist who catalogued the pharmaceutical benefits of

herbs for early literary society but herbs were not only medicinal countless cultures and beliefs as far back as prehistoric times incorporated herbs into their practices paganism witchcraft religion and even astrology take a walk through a medieval physick garden or early britain and learn the ancient rituals to fend off evil powers protect or bewitch or even attract a lover the wake of modern medicine saw a shift away from herbal treatments with rituals and spells shrouded with superstition as the years wore on the author reveals how herbs became more culinary rather than medicinal including accounts of recent trends for herbal remedies as lockdown and the pandemic leads us to focus more on our health and wellbeing
