metaheuristics in their original definition are solution methods that orchestrate an interaction between local improvement procedures and higher level strategies to create a process capable of escaping from local optima and performing a robust search of a solution space over time these methods have also come to include any procedures that employ strategies for overcoming the trap of local optimality in complex solution spaces especially those procedures that utilize one or more neighborhood structures as a means of defining admissible moves to transition from one solution to another or to build or destroy solutions in constructive and destructive processes the degree to which neighborhoods are exploited varies according to the type of procedure in the case of certain population based procedures such as genetic al rithms neighborhoods are implicitly and somewhat restrictively defined by reference to replacing components of one solution with those of another by variously chosen rules of exchange popularly given the name of crossover in other population based methods based on the notion of path relinking neighborhood structures are used in their full generality including constructive and destructive neighborhoods as well as those for transitioning between complete solutions certain hybrids of classical evoluti ary approaches which link them with local search also use neighborhood structures more fully though apart from the combination process itself

there is no process no beginning no middle or end to grief it just is and that simple existence changes everything author pat brown lost the love of her life in 2005 when tom her husband of eighteen years died of a hemorrhagic stroke she was surprised and sometimes dismayed to discover that grief reopened all the questions often described as spiritual questions she thought had been settled long before her unease even distrust of religious answers to mystical conundrums made the journey difficult but she hung in bracketing her disbelief while keeping an open mind and a cocked eyebrow in surprised pink geraniums she shares stories of her life with tom stories filled with love tenderness humour and sometimes the annoyances of loving another human being irish wolfhounds played major roles in their lives and these great beasts contribute their own version of charm and devotion even so surprised pink geraniums is not a depiction of happy couples romping with dogs it is a story of grievous loss of connections and of recreating meaning this memoir is not focused on redemption only on the human possibility for joy

what is aging aging is not a mysterious metaphysical phenomenon aging happens in the particulars your arteries become clogged your arthritis flares up age is not just a chronological measurement it s the rate at which the primary internal guardians of health your cardiovascular and immune systems decline while your chronological age is fixed your biological age may be years older or younger depending on a combination of factors realage offers a revolutionary systematic program that calculates the aging effect of more than 100 different health behaviors ranging from diet and medication to stress control and chronic smoking and enables you to assess your own biological age most important it shows you how to design a specific path to improving or reversing your own aging trajectory developed by dr michael f roizen chair of anesthesia and critical care at the university of chicago and preventive gerontologist along with four other scientists the realage program is based on cutting edge scientific research dr roizen and his team have pored over 25 000 medical studies evaluating what they tell us about aging and what they tell us about the prevention of aging in realage they present the complete results of their analysis for the first time each chapter covers a broad health topic for example how the right vitamins and supplements exercise or diet can be used to control how your genes affect you and calculates the realage advantage you will gain by adopting a specific behavior charts fact sheets and tests give you specific choices to make and describe benefits to be gained so you can measure your success suggested behavior changes are rated in order of difficulty so you can decide whether the result is worth the effort ultimately this program is about maintaining your health the better condition you are in the better prepared you will be to fight the factors that age you realage demonstrates that you can have more control over the aging process it makes science simple and its promise is irresistible you may live as young at seventy as you did at forty four remeber your high school reunion even though everyone was the same chronological age people no longer looked the same some wore the years well staying young and exuberant despite the passage of time whereas others looked as if they had aged ten years more than everyone else and probably had did you know that financial stress can make your realage two to thirty two years older the difference between having the ideal blood pressure 115 76 and high blood pressure higher than 140 90 can make a realage difference of more than twenty years a tablet of aspirin a day can make your realage 1 9 years younger flossing daily and seeing a dentist and dental hygienist every six months can make your realage 6 4 years younger in realage you will discover many other easy to institute age reduction strategies that will enable you to live longer and younger

education is a field in which reflective practice is imperative for teacher and student success and for maintaining the desire to remain in the profession during times of uncertainty particularly as teachers faced the dual pandemics of social injustice and the covid 19 pandemic over the past year they have felt demoralized and powerless as a result burnout among educators is becoming increasingly prevalent it is crucial for teachers to hear reflections of

others experiences to remind them that they are not alone in their work provide opportunities for them to find connections with fellow educators and encourage them to engage in reflective practices of their own teacher reflections on transitioning from k 12 to higher education classrooms provides a collection of reflections from educators on their varied experiences within education and how and why they have pursued a place in academia this book speaks to the humanistic side of academia by acknowledging the multiple passions professions and pathways that led each of the authors to academia it is unique in that it is laced with the lived realities of the human side of academia from a shared stories perspective covering topics such as lifelong learners and identity shifts this major reference work is ideal for academicians researchers scholars practitioners principals administrators educators and students
