in the 1980 s janet woititz broke new ground in our understanding of what it is to be an adult child of an alcoholic in this updated edition of her bestseller she re examines the movement and its inclusion of adult children from various dysfunctional family backgrounds who share the same characteristics after decades of working with acoas she shares the recovery hints that she has found to work read adult children of alcoholics to see where the journey began and for ideas on where to go from here

the groundbreaking book understanding co dependency ushered in a new way of thinking about codependency and helped millions of people discover if they were co dependent if they were living with a co dependent and how to break the cycle now in this revised edition joseph cruse founding medical director of the betty ford center provides findings and insights into codependency thirty years ago clinicians viewed alcoholism as a liver disease today research has revealed that addiction and many codependent behaviors are related to brain functioning cruse explores this brain connection and expands on the all important issues of traumas it relates to codependency denial low self esteem and self worth with updated case studies and exercises understanding codependency dispels the notion that the cycle of codependency can t be broken offering readers a lifeline to the fulfilling relationships and lives they deserve

in the spirit of this naked mind and drink the new science of alcohol and your health breaking the bottle legacy simplifies the science of alcohol and neuroscience to teach you how to break unbreakable drinking habits no ultimatums no preaching discover your brain s power to change and drink less are you tired of worrying about alcohol but not sure you ll never drink again do you wonder if you re traveling down a genetic path towards alcoholism do you feel stuck believing you should change your drinking habits but unable to make real progress in these pages you ll discover how science society and industry challenge your power over alcohol and why you are not powerless why being an adult child of an alcoholic may be affecting your drinking it s not because of your genes how to use your own brain to change your relationship with alcohol it s 100 possible how to undo urges and beat cravings changing your desire for alcohol forever if you want to worry less not rely on willpower to control your drinking and to find peace with alcohol then this book is for you podcaster mentor and author molly watts shares her journey as she overcame her past as an adult child of an alcoholic who developed her own dysfunctional thirty plus year daily drinking habit her writing expands on her popular podcast of the same name alcoholminimalist

the study of addiction is dominated by a narrow disease ideology that leads to biological reductionism in this short volume editors granfield and reinarman make clear the importance of a more balanced contextual approach to addiction by bringing to light critical perspectives that expose the historical and

cultural interstices in which the disease concept of addiction is constructed and deployed the readings selected for this anthology include both classic foundational pieces and cutting edge contemporary works that constitute critical addiction studies this book is a welcome addition to drugs or addiction courses in sociology criminal justice mental health clinical psychology social work and counseling

this valuable book written by eminent researchers focuses on the exciting developments in the field of alcohol metabolism and alcohol endocrine interactions they contribute significantly to our understanding of the metabolism of ethanol and its effects on the body with comprehensive chapters on the heterogeneity of aldehyde dehydrogenase alcohol drug interactions the pathogenesis of alcoholic liver disease and more

a revised edition of the best selling solution oriented guide to identifying and healing over involvement or entanglement in relationships with other anyone who has struggled with balancing his or her own needs and desires with those of the other person will benefit from nancy johnston s sensible easy to follow method for changing the course of one s relationships disentangle combines psychoeducation personal anecdotes clinical case vignettes and skills building exercises johnston describes how to turn this self destructive cycle around with self assessments and experiential exercises designed to address essential aspects of self awareness distortions in thinking communication style and tools and spirituality disentangling is the process of creating enough emotional space between oneself and another person in order to better see the realities of any relationship and make healthier conscious decisions about it

this book takes a unique approach to the examination of the eating disorder anorexia nervosa and bulimia white middle class heterosexual women share their insights into the emergence of their illnesses through detailed interviews that consider perceptions of the role of family the influence of cultural messages regarding thinness and beauty the agency these women exert in the use of weight control to cope with life s stressors the meaning they attach to their eating disorders and how these issues together perpetuate their disease the book uses a symbolic interactionist framework and a grounded theory approach to examine the narratives which emerge from these women s stories themes of family culture and self arise in their narratives these form the theoretical underpinnings for this book and combine to shape the comprehensive model of eating disorders that emerges from this study haworth hoepfner s book will appeal to researchers and advanced students of sociology women s studies family studies social psychology and gender studies

parents affected by addiction can enable their children s substance abuse and even model addictive behaviors learned from their own parents passing the cycle on from generation to generation learn what you can do to help yourself your children and future generations break the cycle of addiction and addictive behaviors having grown up with a parent in the throes of addiction or who got physically sober but perhaps not emotionally so you know the

ravages of addiction firsthand through counseling self help groups or classic books such as adult children of alcoholics you may have an understanding of how the patterns and behaviors associated with addiction play out within families but applying that knowledge to your own approach to relationships and parenting is another story in unwelcome inheritance lisa sue woititz combines her own insights with the unpublished contributions of her late mother the early leader in the adult children of alcoholics acoa movement dr janet woititz uncovering how multiple generations of people affected by addiction continue to enable their children s substance abuse and how without realizing it they continue to model the addictive behaviors learned from their own parents these acoa pioneers then bring to light these hidden behavior patterns including impulsivity misplaced loyalty people pleasing insecure parenting styles and multiple compulsive and addictive behaviors so that you can take a clear look at how you got to this point additional points of inquiry illustrated by stories from the trenches of the acoa movement help you explore what you can and can t do to help your children your children s children and yourself lead healthy balanced lives

alcohol consumption goes to the very roots of nearly all human societies different countries and regions have become associated with different sorts of alcohol for instance the beer culture of germany the wine culture of france japan and saki russia and vodka the caribbean and rum or the moonshine culture of appalachia wine is used in religious rituals and toasts are used to seal business deals or to celebrate marriages and state dinners however our relation with alcohol is one of love hate we also regulate it and tax it we pass laws about when and where it s appropriate we crack down severely on drunk driving and the united states and other countries tried the failed noble experiment of prohibition while there are many encyclopedias on alcohol nearly all approach it as a substance of abuse taking a clinical medical perspective alcohol alcoholism and treatment the sage encyclopedia of alcohol examines the history of alcohol worldwide and goes beyond the historical lens to examine alcohol as a cultural and social phenomenon as well both for good and for ill from the earliest days of humankind

the congressional record is the official record of the proceedings and debates of the united states congress it is published daily when congress is in session the congressional record began publication in 1873 debates for sessions prior to 1873 are recorded in the debates and proceedings in the congress of the united states 1789 1824 the register of debates in congress 1824 1837 and the congressional globe 1833 1873

discover the life changing results of reading as the child of an alcoholic in 1983 janet woititz wrote the book adult children of alcoholics and she listed 13 characteristics of children of alcoholics in as the child of an alcoholic wayne and tamara mitchell update woititz s observations using research unavailable to

janet woititz at the time the mitchells demonstrate how her 13 generalizations can be reduced to two basic psychological concepts understanding those two concepts and understanding how living with an alcoholic disrupts a child's nervous system are the keys to recovery for children of alcoholics growing up with an alcoholic or heavy drinker is the most common adverse childhood experience that's why as the child of an alcoholic gives unambiguous candid forthright advice on recovery the mitchells explain how guilt shame and lack of knowledge hold back recovery they also show children of alcoholics how to reframe what happened to them in order to alter their thinking and behavior and to live the life they were meant to live as the child of an alcoholic is for you if you want to start making sense of your life release the trauma and tension be comfortable in your own skin live the life you were meant to live in this book the mitchells blend proven research case studies and their own experience to help you chart your course to a successful life the book is also helpful for spouses and partners of children of alcoholics as well as for anyone who grew up in a dysfunctional home wayne and tamara are the authors of cheating in a nutshell and the young woman's guide to older men for 22 years they wrote the international relationship advice column direct answers don't let your childhood dictate the rest of your life take control and start your journey towards healing and happiness pick up your copy today by clicking the buy now button at the top of this page

selected by choice magazine as an outstanding academic title fire in the plaça is the first full length study in english of the patum a corpus christi fire festival unique to berga catalonia spain celebrated annually since the seventeenth century participants in the festival are transformed through drink sleep deprivation crowding constant motion and the smoke and sparks of close range firecrackers into passionate members of a precarious body politic combining richly layered symbolism with intense bodily expression the patum has long served as a grassroots equivalent of grand social theory it moves from a representation of social divisions to a forcible communion among them the patum's dancing effigies giants dwarves turks and christian knights devils and angels a crowned eagle and two flaming mule dragons have provided local allegories for a long series of political conflicts but the festival obscures its own messages in smoke and motion to enable a temporary merging of opposites activists in the 1970s transition to democracy in spain took the patum as a model of how old adversaries might collaborate it helped to shape the mix of assertiveness in performance and compromise in practice that is typical of contemporary catalan nationalism the patum became a focus of resistance to the franco regime and drew visitors from all over catalonia serving as a rehearsal for the mass protests in barcelona later it provided the newly autonomous region with a vehicle for integrating immigrants and a vocabulary of belonging culminating in the patum derived devils of the closing ceremonies of the 1992 olympic games today as mines and factories have closed in berga the patum serves as an arena in which provincial catalans model their relationship to barcelona europe and the world and reflects their ambivalence about the choices open to them seeking a third way between tourism and terrorism provincial towns like berga show us the future of all local communities under

globalization in collective performances such as the patum tensions between cultural and political representation are made visible and the gap between aspiration and possibility is both bridged and acknowledged in this exceptionally rich ethnographic study dorothy noyes explores the predicament of provincial communities striving to overcome internal conflict and participate in a wider world
