this guide to the study and use of military history is designed to foster an appreciation
of the value of military history and explain its uses and the resources available for its
study it is not a work to be read and lightly tossed aside but one the career soldier
should read again or use as a reference at those times during his career when
necessity or leisure turns him to the contemplation of the military past

reprint of the original first published in 1837 the antigonos publishing house
specialises in the publication of reprints of historical books we make sure that these
works are made available to the public in good condition in order to preserve their
cultural heritage

the present volume sets forth the main resources for the advancing student of
ancient greek comedy an international roster of specialists contributes chapters
organized into three sections contexts the intellectual physical and socio historical
setting of athenian comedy history the literary history of the old middle and new
periods and elements the text language and formal components of the genre
including a comprehensive bibliography this companion is designed as a resource for
understanding and interpreting the classics of athenian comedy from its inception

through menander it will also be useful for navigating the principal corpora of texts fragments and scholia that have been revised and augmented in recent years this unique volume occupies the middle ground between short surveys and highly specialized scholarship contributors include w geoffrey arnott angus bowie eric csapo gregory w dobrov j richard green stanley ireland heinz g nther nesselrath s douglas olson alan h sommerstein ian storey ralph m rosen andreas willi bernhard zimmermann

reprint of the original first published in 1882

dag norberg s analysis and interpretation of medieval latin versification which was published in french in 1958 and remains the standard work on the subject appears here for the first time in english with a detailed scholarly introduction by jan ziolkowski that reviews the developments of the past fifty years

the relationship between religion and dance is as old as humankind contemporary methods for studying this relationship date back a century the difference between these two time frames is significant scholars are still developing theories and methods capable of illuminating this vast history that take account of their limited place within it a history of theory and method in the study of religion and dance takes on a primary challenge of doing so overcoming a conceptual dichotomy between religion and dance forged in the colonial era that justified western christian hostility towards dance traditions across six continents over six centuries beginning with its enlightenment roots lamothe narrates a selective history of this dichotomy revealing its ongoing work in separating dance studies from religious studies turning to the bushmen of the african kalahari lamothe introduces an ecokinetic approach that provides scholars with conceptual resources for mapping the generative interdependence of phenomena that appear as dance and or religion

the aim of this book is to highlight and begin to give voice to some of the notable silences evident in recent years in the study of contentious politics the seven co authors take up seven specific topics in the volume the relationship between emotions and contention temporality in the study of contention the spatial dimensions of contention leadership in contention the role of threat in contention religion and contention and contention in the context of demographic and life course processes the seven spent three years involved in an ongoing project designed to take stock

and attempt a partial synthesis of various literatures that have grown up around the study of non routine or contentious politics as such it is likely to be viewed as a groundbreaking volume that not only undermines conventional disciplinary understanding of contentious politics but also lays out a number of provocative new research agendas

this volume contributes to the growing body of research on developmental dyslexia focusing on the disorder s behavioural manifestations at different levels of the language system it is organised into three sections that cover the three main vantage points from which the effects of dyslexia on communication can be observed neuropsychology linguistics and the perspective of educators together the chapters provide an insightful overview of the ways in which dyslexia impacts different components of language including lexical and pragmatic abilities and present data from experimental and applied research with suggestions for the application of research based data in both innovative and traditional language teaching ways to rehabilitate reading dysfunctions as well as teacher training the book will be essential reading for researchers and students investigating dyslexia as well as foreign language teachers and professionals who work on the rehabilitation of linguistic performance dysfunctions in people with dyslexia

now available in paperback this vital handbook marks the development of sports studies as a major new discipline within the social sciences edited by the leading sociologist of sport eric dunning and jay coakley author of the best selling textbook on sport in the usa it both reflects and richly endorses this new found status key aspects of the handbook include an inventory of the principal achievements in the field a guide to the chief conflicts and difficulties in the theory and research process a rallying point for researchers who are established or new to the field which sets the agenda for future developments a resource book for teachers who wish to establish new curricula and develop courses and programmes in the area of sports studies with an international and inter disciplinary team of contributors the handbook of sports studies is comprehensive in scope relevant in content and far reaching in its discussion of future prospect
