during the golden age of baseball as many as 59 minor leagues operated in a single season and hundreds of g i s returning home from world war ii competed in them for the big break that would land them one of only 400 spots on 16 teams in the majors these were truly the days when athletes played purely for the love of the game motivated by goals that seemed always just beyond their fingertips among the

many men who endured shocking extremes in pursuit of that diamond plate dream was first baseman Ed Mickelson. This book relates the entirety of his 11 year struggle against the odds of success a talented athlete from his early youth Mickelson followed the game he loved across continental America winning some and losing some but always persevering while a recruit for Lynchburg in the Class B Piedmont League Mickelson maintained a league leading .393 batting average when traded to the Southeastern League in Montgomery Alabama he scaled his previous statistic to achieve an average of .417 in his first major league start an ailing Stan Musial provided the opportunity for Ed to get one of only two hits against Hall of Famer Warren Spahn after batting .335 and driving in 139 runs at Shreveport Louisiana in the Texas League Ed was honored to become first pick among 8500 players in the minor league draft in 1954 making him a Portland Beaver in the Pacific Coast League. This book captures the fierceness of his struggle throughout his career before the man who drove in the last run of the St. Louis Browns would eventually hand over his bat and go home despite his impressive statistics the second highest batting average in the Pacific Coast League and the best fielding percentage among first basemen Mickelson traded in professional baseball for a career of high school counseling and coaching young athletes some becoming professionals themselves his story is told here for veterans scholars and fans alike revealing first hand the both difficult and rewarding challenges of the big game.

The story of black professional baseball provides a remarkable perspective on several major themes in modern African American history: the initial black response to segregation, the subsequent struggle to establish successful separate enterprises, and the later movement toward integration. Baseball functioned as a critical component in the separate economy catering to black consumers in the urban centers of the north and south while most black businesses struggled to survive from year to year professional baseball teams and leagues operated for decades representing a major achievement in black enterprise and institution building. Negro League baseball, the rise and ruin of a black institution, presents the extraordinary history of a great African American achievement from its lowest ebb during the Depression through its golden age and World War II until its gradual disappearance during the early years of the Civil Rights Era. Faced with only a limited amount of correspondence and documents, Lanctot consulted virtually every sports page of every black newspaper located in a league city. He then conducted interviews with former players and scrutinized existing financial court and federal records through his efforts. Lanctot has painstakingly reconstructed the institutional history of black professional baseball, locating the players, teams, owners, and fans in the wider context of the league's administration. In addition, he provides valuable insight into the changing attitudes of African Americans toward the need for separate institutions.

By 1964 the storied St. Louis Cardinals had gone seventeen years without so much as a pennant. Things began to turn around in 1953 when August A. Busch Jr. bought the team and famously asked where all the black players were. Under the leadership of men like Bing Devine and Johnny Keane the Cardinals began signing talented players regardless of color and slowly their star started to rise again. Drama and pride in the Gateway City commemorates the team that Bing Devine built, the 1964 team that prevailed in one of the tightest three-way pennant races of all time and then went on to win the World Series beating the New York Yankees in the full seven games. All the men come alive in these pages: pitchers Ray Sadecki and Bob Gibson, players Lou Brock, Curt Flood, and Bobby Shantz, manager Johnny Keane, his coaches, the Cardinals' broadcasters, and Bill White who would one day run the entire National League along with the dramatic

events that made the 1964 cardinals such a memorable club in a memorable year
