opportunities for critical thinking

this surprising study draws together the disparate fields of postcolonial theory and book history in a challenging and illuminating way robert fraser proposes that we now look beyond the traditional methods of the anglo european bibliographic paradigm and learn to appreciate instead the diversity of shapes that verbal expression has assumed across different societies this change of attitude will encourage students and researchers to question developmentally conceived models of communication and move instead to a re formulation of just what is meant by a book an author a text fraser illustrates his combined approach with comparative case studies of print script and speech cultures in south asia and africa before panning out to examine conflicts and paradoxes arising in parallel contexts the re orientation of approach and the freshness of view offered by this volume will foster understanding and creative collaboration between scholars of different outlooks while offering a radical critique to those identified in its concluding section as purveyors of global literary power

this book works at the intersection of two related yet different fields one is the heterogeneous feminist effort to question universal forms of knowing the second field follows from this conundrum how does one think of the body when s he speaks of embodiment toward a politics of the im possible engages the forefront of contemporary thought on the body while remaining mindful of the requirements of a feminist approach

the first edition of architecture power and national identity published in 1992 has become a classic winning the prestigious spiro kostof award for the best book in architecture and urbanism lawrence vale fully has fully updated the book which focuses on the relationship between the design of national capitals across the world and the formation of national identity in modernity tied to this it explains the role that architecture and planning play in the forceful assertion of state power the book is truly international in scope looking at capital cities in the united states india brazil sri lanka kuwait bangladesh and papua new guinea

art literature music and other intellectual expressions of a particular society are together regarded as the culture of that society ideas customs and social behaviour of a particular people or society are also its culture contrary to what we think it is not easy to describe culture nor is it easy to write the cultural history writing the history of bengali culture is even more difficult because bengali society is truly plural in its nature made even more so by its political division the two main religious communities that share this culture are often more aware of the differences between them than the similarities nonetheless the people remain bound by history and a shared

language and literature ghulam murshid s bengali culture over a thousand years is the first non partisan and holistic discussion of bengali culture written for the general reader the language is simple and the style lucid it shows how the individual ingredients of bengali culture have evolved and found expression in the context of political developments and how certain individuals have moulded culture above all the book presents the identity and special qualities of bengali culture the book was originally published in bengali in dhaka in 2006 this is the first english translation

grammar of rabha language and study on the social life and customs of rabha tribe of india and bangladesh

this book illuminates individual and collective imaginings of postcolonial bangladesh it explores the emergence of bangladesh as a nation from a variety of perspectives the author studies the impact of muslim nationalism on the subaltern life worlds of east bengal during the partition religious minorities and their insecurity in east pakistan east pakistan s political insurgencies the victims of the 1971 bangladesh liberation war the indian stake in the 1971 war and the cosmopolitan interpretations of the war the literary and cultural texts that inform this project include contemporary bengali novels south asian anglophone literature as well as selected visual media and digital sources the project s reading of these texts in conjunction with politics and history has interdisciplinary relevance this book will be of interest to researchers in south asian literature south asian history and culture world literatures in english as well as area studies security studies and political theory
