soon after its publication in 1973 fear of flying brought erica jong immense popular success and media fame alternately pegged sassy and vulgar jong s novel embraced the politics of the women s liberation movement and challenged the definition of female sexuality yet today more than twenty years and several books later literary reputation continues for the most part to elude jong typecast by her adversaries as a media seeking sensationalist erica jong has been unfairly side stepped by academia charlotte templin contends in this carefully researched study augmented by personal interviews with jong templin assembles and analyzes the medley of responses to jong s books by reviewers critics writers academics and the media by liberals conservatives and feminists she examines the diverse opinions on the merit and relevance to contemporary life of fear of flying the invocation of a high

culture low culture dichotomy to discredit how to save your own life the anatomy of literary success with fanny jong s reception in a postfeminist age and the trivialization of jong s works that is inevitable with mass media exposure templin also shows how antagonistic reviewers tend to identify jong with her fictitious characters a practice more common when the author is a woman and judge her to be guilty of the sin of not being a proper woman in turn she shows how reviewers reveal something of their own values and ideological biases in their critiques and how literary reputations are built destroyed and altered over time the first book to make a detailed examination of the reputation of a woman writer feminism and the politics of literary reputation provides an excellent case study for the literary reception of women writers within a broad cultural context templin s analysis offers valuable insight into the reception of women writers especially commercially successful women writers and dramatically illustrates the relation of literary reputation to popular appeal and cultural mores

examines in rich detail the daily lives of pioneer women journal of american history anyone interested in women s history and western history will want to read this pacific historical review copyright libri gmbh all rights reserved

the odd reader here in england odd means occasional may be interested in how a book comes about members of the siecus board of directors were planning a festschrift and dinner for mary calderone on the occasion of her 75th birthday one planning idea was to have a booklet filled with brief essays from prominent sex educators distributed between the roast beef and the ice cream my reaction was that such souvenirs find their burial place in the same dusty drawer as the program from the high school prom and ticket stubs from south pacific i suggested a more lasting noticeable monument a proper as the english say book which would draw contributions from both siecus and non siecus scholars i was too clever to be trapped as editor in a 1974 preface i had written i swore i wouldn t edit another book and so i seduced lorna brown into being editor i contacted a few potential contributors suggested a few others convinced leonard pace at plenum press that this was a worthwhile venture and left the country to my amazement six months after settling in cambridge england the rough draft of the book arrived along with a reminder from lorna that during the seduction i had promised to write an introduction

a compelling and persuasive challenge to the journalistic characterization of the 70s as the me decade ruth rosen university of california davis this is the single best book on the 1970s leo ribuffo george washington university in this unique comprehensive history of the 1970s we learn about international developments the war in cambodia nixon s trip to china the oil embargo and resulting gas shortage the mayaguez incident the camp david accords the iranian capture of the u s embassy and the taking of hostages the ill fated rescue mission all this signaled a decline in american power and influence we also learn about domestic politics kent state the pentagon papers haynsworth and carswell the eagleton affair the rise of ticket splitting inflation recession unemployment watergate agnew s resignation the saturday night massacre nixon s resignation the pardon for draft evaders proposition 13 the politicization of organized religion the conservative shift in the democratic party and the reagan electoral landslide carroll reminds us of tragedies and occasional moments of levity bringing up the names patricia hearst george jackson and angela davis wilbur mills and the argentina firecracker wayne hays and elizabeth ray harvey milk and mayor george moscone

this is the first single volume to focus on the presidencies of both james a garfield and chester a arthur drawing from a host of studies on the foreign and domestic policies of the nation during the gilded age as well as from his own primary research the author presents a somewhat revisionist look at garfield and arthur revisionist in that he gives the reader a renewed appreciation of both men far from being cynical spoilsmen or naive incompetents individuals whose presidencies provide studies in ineptitude garfield and arthur emerge as men of considerable ability while making no claims of greatness doenecke maintains that each was a significant transitional figure playing a crucial role as the institution of the presidency moved from the weak leadership of andrew johnson to the forceful direction of theodore roosevelt according to doenecke garfield saw the office of chief executive primarily in administrative terms and his great battle was over keeping the power of appointment in his own hands his victory over the stalwarts enhanced both the power and prestige of the office his knowledge of how government worked was unmatched long before woodrow wilson made his mark garfield was the scholar in politics the diplomacy of secretary of state james g blaine comes under critical scrutiny doenecke evaluates his performance in the chile peru war war of the pacific the guatemala mexico dispute the isthmian canal issue irish american activities in britain and efforts to secure markets in korea br garfield was assassinated less than six months after he entered office he had yet to be tested on major issues of public policy chester a arthur was ill prepared to be chief executive was in poor health much of the time while he was in office and was faced with a hopelessly divided party nevertheless he was one of the nation s great political surprises his administration pioneered in the development of the navy sought foreign markets for american surpluses fostered civil service reform and pressed for a scientific tariff doenecke devotes one chapter to the spoils system and the background to the pendleton act one to arthur s strategy regarding the south and then offers an in depth analysis of diplomacy during arthur s tenure during the presidencies of garfield and arthur the united states attempted to intervene in a war between chile and peru sought to turn nicaragua into a protectorate supplied leading advisers to madagascar and korea and took a major part in the congo conference of 1884 in examining these activities even while pointing to uncoordinated statecraft and inept diplomacy doenecke challenges the long held view that from 1881 to 1885 the nation was withdrawn and insular his fresh perspective on the garfield and arthur years will be of considerable interest to historians of the gilded age

this challenging study of a number of american writers belongs in the tradition of the history of ideas approach to literary history it offers an analysis of american literary developments and the relationship between writers and the philosophical and social thought of their times martin examines the works of emerson whitman dickinson crane frost pound hemingway dos passos stevens williams and several others with a sharp eye for the artistic consequences of changing epistemological assumptions and for the connection of ideas and form isbn 0 8223 1125 9 29 95

presents the history and culture of amish communities in the united states

this book examines the impact of globalization on languages in contact including the study of linkages between the global and local and transnational and situated communication it engages with social theory and social processes while grappling with questions of language analysis raised by globalized language contact drawing on case studies from north america europe and africa the volume makes three important

contributions to contemporary sociolinguistics by arguing that concepts of scale and space are essential for understanding contemporary sociolinguistic phenomena showing that the transnational flows and movements of peoples highlight the problem and work of identity in relation to both place and time addressing methodological challenges raised by different approaches to the study of globalization and language contact this cutting edge monograph featuring research by renowned international contributors will be of interest to academics researching sociolinguistics and language and globalization

applied christian ethics addresses selected themes in christian social ethics the book is divided in three parts in the first section foundation several contributors reveal their christian realist roots and discuss the prophetic origins and multifarious agenda of social ethics thus the names of reinhold niebuhr and paul tillich come up frequently in the second section economics and justice the focus turns to the different levels at which economics has significance for social justice these chapters discuss fair housing at the local level the dialogue between christians and native americans over property rights at the regional and national levels and trade and international organization in the third and final section politics war and peacemaking the content ranges from the existential experience of a soldier to that of a veteran of civil rights activism from theorizing about peacemaking to commenting on the use of drones

first published in 1973 this two volume set summarises and structures the contributions by researchers at the fourth international edra conference held in april 1973 the second volume focuses on the symposia and invited papers which were theory orientated the symposia comprehensively assessed the status of contemporary knowledge as well as potential future directions in the respective fields contributing to environmental design research this volume also provides summaries of the workshops which explored problem solving processes and offered methodological applications to environmental analysis and other topics of concern this book will be of interest to students of architecture and design

the administration of john adams was a period of rapid change internal discord and the continual threat of war few of the nation s chief executives have been subjected to such immediate and ever present danger of foreign involvement and national destruction to such bitter animosities and serious cleavages within their administrations or to such constant need for decision making as was john adams in the face of such adversity adams successfully pursued a policy of neutrality and conciliation and in so doing provided time for the country to grow strong and to prosper yet despite the seriousness of the country s problems and the contributions of his administration he is seldom designated as one of the great american presidents of the many who helped create the nation and lead it through those first difficult years adams alone has come to be judged largely in terms of the descriptions and appraisals written by his personal enemies and political detractors over the years historians have generally accepted and emphasized the weaknesses faults and mistakes his opponents ascribed to him in this volume however ralph adams brown presents a new evaluation of john adams and of his four years in the presidency the portrait drawn by adams s enemies disappears and the second president emerges as a world citizen whose insight judgment and perseverance held the young nation together in a critical period this volume focuses closely on the most significant aspect of adams s presidency foreign affairs as an emerging nation without economic stability or military might the united states could have become hopelessly caught in the web of european intrigues and power struggles adams not only faced serious problems with

france and spain but also had to be continually alert to the complexities of the nation's relationship with great britain brown examines the country's increasing concern with matters of defense and traces adams's successful efforts to evade foreign entanglements unfortunately many of adams's important decisions and policies ran counter to the wishes of strong ambitious and verbal elements in his own political party describing the vicious personal attacks to which adams was subjected and the devious and disloyal maneuvers of his cabinet members brown traces adams's difficulties with timothy pickering james mchenry oliver wolcott jr alexander hamilton and others he documents adams's steadfastness to his ideals and principles despite the hostility exaggerated accusations and perfidy that surrounded him based on more than five years of intensive research much of in primary sources brown's study sheds new light on the many national problems between 1797 and 1801 most important it stands as a reassessment of adams as a shrewd sensitive experienced diplomat a man of fiery beliefs tempered by superior insight and judgment a man who despite his love of freedom and his enthusiasm for the the american revolution feared war and mob violence a man favored broad social reforms and change of government by due process a man who contributed to the development of the presidency by working diligently to maintain the independence and integrity of the executive office

gould american history u of texas austin has dusted off updated and thinned his 1988 lady bird johnson and the environment to kick off the new series on the wives of us presidents he draws on johnson's white house papers and interviews with her and her close associates to argue that she was one of the most politically active first ladies though her concern with the environment was overshadowed by protests against the vietnam war annotation copyrighted by book news inc portland or

organizations such as the sierra club and friends of the earth are familiar to anyone with an interest in environmental protection as activist groups they played by the same rules for years but in 1994 the rules changed with the republican takeover of congress environmental groups faced sweeping changes in federal policies that threatened the enforcement of environmental laws as these organizations intensified their efforts to meet these challenges they also altered their electoral strategies and political spending patterns this book traces those actions and shows what they mean for the future of environmentalism in the political arena while environmental advocacy groups have become bigger and better funded in recent years so have the corporate interests that compete with them for the attention of public and politicians the green agenda in american politics offers a new look at environmental advocacy that focuses on contemporary lobbying electioneering and agenda setting in this new context drawing on interviews with activists from a wide range of organizations robert duffy describes what environmental groups actually do when lobbying officials or the public he examines activity at both national and state levels to emphasize their growing use of websites email and action alert networks to conduct more sophisticated grassroots campaigns and he shows how they are devoting more funds to unregulated forms of spending such as independent expenditure issue advocacy advertising and public education campaigns duffy also tracks emerging trends in interest group politics and provides an overview of activism through the early 1990s he then documents the emergence of more aggressive action after 1994 such as providing campaign services to candidates and mounting voter registration drives he also shows how state and local groups have begun to play more important roles in the wake of the rollback of federal environmental

regulations brimming with new insights into interest group lobbies in general and contemporary environmental groups in particular duffy s book opens a new window on the influence of big money in the supposedly democratic electoral process

the first major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts america

although it is usually assumed that native americans have lost their cultural identity through modernization some peoples have proved otherwise brian hosmer explores what happened when cultural identity and economic opportunity converged among two native american communities that used community based industries to both generate income and sustain their cultures comparing a lumber business run by the menominees of wisconsin and a salmon cannery established by british columbian and alaskan tsimshian communities known as metlakatla hosmer reveals how each tribe responded to market and political forces over fifty years hosmer s innovative ethnohistory recounts how these indians used the marketplace to maintain their distinctiveness to a far greater extent than those who became wage earners in the white man s world hosmer shows that by selectively incorporating elements of american capitalism into their cultural lives the menominees and metlakatlans came to view modernization less as a threat to their tribal life than as a means for maintaining their independence these tribes embraced the same market accused of hastening the demise of native societies and became comparatively successful in american terms even as they both honored fundamental values and forged new cultural identities over time these peoples came to understand how the market worked recognized that the broader economy operated according to market principles and learned how to adjust to it hosmer reveals how their strategies of purposeful modernization brought relative economic independence and sometimes the respect and cooperation of local and federal governments how it helped chart a middle course between unchecked individuality and a communal ethos that might stifle economic development and how economic development and cultural values ultimately affected one another american indians in the marketplace is a story of adaptation that acknowledges the hardship and suffering common to most indian white contact while emphasizing the benefits of selective modernization accompanied by a constant re invention of tradition it questions the victim thesis of native american history and shows that native peoples can meet the challenges of surviving in the larger world
