the night brad warner learns that his childhood friend marky has died warner is about to speak to a group of zen students in hamburg germany it s the last thing he feels like doing what he wants to do instead is tell his friend everything he never said to explain zen and what he does for a living and why he spends his time sitting sitting sitting meditating my life away as it all passes by lighting candles and incense bowing to nothing so as he continues his teaching tour through

europe he writes to his friend all the things he wishes he had said simply and humorously he reflects on why zen provided him a lifeline in a difficult world he explores grief attachment and the afterlife he writes to marky i m not all that interested in buddhism i m much more interested in what is true and then proceeds to poke and prod at that truth the result for readers is a singular and winning meditation on zen and a unique tribute to both a life lost and the one warner has found

with an aging population declining marriage and childbirth rates and a rise in single households more japanese are living and dying alone many dead are no longer buried in traditional ancestral graves where descendants would tend their spirits and individuals are increasingly taking on mortuary preparation for themselves in being dead otherwise anne allison examines the emergence of new death practices in japan as the old customs of mortuary care are coming undone she outlines the proliferation of new industries services initiatives and businesses that offer alternative means ranging from automated graves collective grave sites and crematoria to one stop mortuary complexes and robotic priests for tending to the dead these new burial and ritual practices provide alternatives to long standing traditions of burial and commemoration of the dead in charting this shifting ecology of death allison outlines the potential of these solutions to radically reorient sociality in japan in ways that will impact how we think about the end of life identity tradition and culture in japan and beyond

the present edition of the book of fallacies is the first that follows bentham s own structure for the work and includes a great deal of material both in terms of the fallacies themselves and the illustrative matter that previous versions of the work have omitted the fallacies that concerned bentham were not logical errors of the sort identified by aristotle or commonplace misunderstandings of matters of fact but arguments deployed in political debate in particular in the british parliament in order to prevent reform bentham not only identified described and criticized the fallacious arguments in question which were all characterized by their irrelevancy but explained the sinister interests that led politicians to employ them and their supporters to accept them by exposing these political fallacies bentham hoped to prevent their

employment in future and thereby to place political debate on its only proper ground namely considerations drawn from the principle of utility

what is going on in europe the actual conflicts between its nations or states can be traced back to old and revived cultural complexes in this book first compiled in 2016 jungian analysts explore the cultural identities of their european homelands and nations this is a new approach to old questions what makes a people feel at home how do their traditions and narratives form a cultural self and identity how do they differ from one another exploring cultural complexes blends knowledge of history economics sociology anthropology geography psychology religious studies literature and poetry but as every complex is built around an emotional core the study of how cultural complexes live in the psyche is not limited to these disciplines each author and reader engages in a confrontation with their emotions prejudices and projections the shape that the ideas and feelings of a cultural complex take in the psyche can be inchoate rapidly shifting and yet paradoxically long standing and often quite immune and impermeable to the reason that traditional disciplines of thought would impose on them these cultural complexes do not necessarily provide a coherent or linear sequencing of facts and events because that is not how they actually exist and function in the psyche of individuals and groups at the same time cultural complexes shape what it means to be a citizen of a particular city region or country of europe this remarkable book is an important read for jungian analysts and those interested in europe s historical and cultural development
