the globalization of nothing is back in a revised and completely updated edition with an even greater emphasis on the processes of globalization and how they relate to mcdonaldization as before this book is structured around four sets of concepts addressing the issues of places non places things non things people non people and services non services by drawing upon salient examples from everyday life george ritzer invites the reader to examine the nuances of these concepts in conjunction with the paradoxes within the process of the globalization of nothing critical questions are raised throughout and the reader is compelled not only to seek answers to these questions but also to critically evaluate the questions as well as their answers new to this edition features a greater emphasis on the main topic of globalization a new first chapter offers an introductory overview of globalization and globalization theory outlining the unique ways in which these topics are addressed throughout the text offers a new way to conceptualize and theorize about globalization this edition delves into two subprocesses of globalization glocalization and grobalization provides a new way to think about consumer culture and globalization new material is presented on consumer culture and its globalization as well as on the role of branding uses a nontechnical and accessible style with many global examples the examples in this book are drawn from everyday life and a global consumer culture that are readily recognizable to students shorter and more concise in response to reviewer feedback intended audience this text can be used in a variety of courses focusing on the principles of sociology social

change social theory globalization consumerism and the global economy in sociology departments as well as in related courses in departments of political science or economics contributor to the sage teaching innovations and professional development award

this book is a hybrid of text and readings providing both original major writings of sociology's key classical theorists and a theoretical and historical framework written by edles applerouth with which to better understand the readings this is a major difference from the traditional reader which can leave students unmotivated when readings are thrown at them one after another with no interpretive guidance or analytical framework features benefits text plus readings in a hybrid form the text will provide the interpretive and analytical guidance necessary to interpret the readings it includes a 30 page introduction ch 1 8 14 page introductions in each chapter 1 2 page article introductions and a 10 15 page conclusion at the end of the book theoretical orientation diagrams and core concepts diagrams provide students a means to fit the theorist under study into the broader universe of social theory significant others boxes provide information and biographies on theorists who may have followed and derived much of their own perspective from the major theorists featured in each chapter discussion questions at the ends of chapters new to this edition at least 7 new significant others boxes each chapter updated with new examples new readings added to weber marx and durkheim chapters new chronological order for readings where possible where not possible i.e. it does not fit the logical thematic to do so there will be an explanation in the introduction as to why the readings are ordered the way they are

within china the discipline of american studies spans a wide variety of concerns and preoccupations reflecting its practical diversity in a transnational setting essays in this volume by close to forty scholars the majority most of them based in mainland china reflect on the past history and current teaching of american studies within china placing these in comparative perspectives the nature of globalization the transmission of ideas and practices across cultural boundaries the formulation and meaning of identity in cross national communications constitute major themes in contemporary american studies in china for officials and commentators alike the past present and future state of sino american relations are also an overriding preoccupation of china's america watchers overall this collection allows the reader to sample and appreciate the state of the field of american studies in today's china

the human life course is filled with and subject to a wide range of personal difficulties many of which are shared by others life events and processes such as birth childhood training for and entering an occupation marriage and procreation growing older death and dying are all subject to dilemmas obstacles and barriers social problems across the life course offers accessible readings that examine the societal construction of social problems out of the personal troubles that people confront at major life stages the essays provide an overview and illustrate the theory and principals that inform both the life course and social problems introductions by the editors vividly introduce the research and key theories in this unique anthology perhaps the only one available to help students

understand how life stages and personal and social problems interact

this social psychology reader contains readings from popular literature as well as from peer reviewed journals and framing essays written by the editors all articles have been chosen with their readability and appropriateness for an undergraduate audience

invitation to the sociology of international law aims to cast light on the under explored sociological dimension of international law the book emphasizes that international legal rules are profoundly embedded in diverse social factors and processes such as norms identity and collective memory thus international law often reflects and affects societal factors and processes in state societies and in the international community the book exposes some central tenets of the sociological perspective and its core theoretical approaches and presents a sociological analysis of several significant topics in present day international law the volume surveys subjects such as compliance international economic law legal fragmentation law making and the impartiality of adjudicators and reveals that a sociological analysis of international law enriches our understanding of social factors involved in the formation evolution and implementation of the law such analysis may not only explain past and present trends in international law but also bears significant implications for the interpretation of existing legal provisions as well as suggesting better legal mechanisms for coping with contemporary challenges in light of the underlying interrelationships between international law and other social factors this book invites international law specialists to analyse international legal rules in their wider social context and to incorporate sociological tools into mainstream international law scholarship

this carefully edited companion anthology provides provocative eye opening examples of the practice of sociology in a well edited well designed and affordable format it includes short articles chapters and excerpts that examine common everyday experiences important social issues or distinct historical events that illustrate the relationship between the individual and society the new edition will provide more detail regarding the theory and or history related to each issue presented the revision will also include more coverage of global issues and world religions

this book looks at sport not just as recreation but as an integral part of contemporary culture with connections to industry commerce and politics it explores the history and theories of sport and touches on more controversial issues

documents of life was originally published in 1983 and became a classic text providing both a persuasive argument for a particular approach and a manifesto for social research as a critique of anti humanist methodology in the social sciences it championed the use of life stories and other personal documents in research which are now widely used today this book is a substantially revised and

expanded version which takes on recent developments providing numerous illustrations from a range of life documents the book traces the history of the method examines ways of doing life story research and discusses the many political and ethical issues raised by such research the whole book has been substantially re written and

once considered a question of an international order based on consolidated statehood and homogeneous social communities within national borders global order has become a question of alternative political articulations resistance movements and cultural diversity among others this book first critically analyzes the conditions for the struggles of theorizing global normative order in political and ir theory second to make sense of the presence of difference and possibility for global normative order in view of the simultaneous absence of first foundations the study draws on post foundational thinking based on the seminal work of german philosopher martin heidegger and argentine political theorist ernesto laclau finally the author develops a theoretical framework for a hauntological approach to global normative order that provides an alternative and theoretically coherent explanation for the emergence of global order this is of interest to scholars as well as practitioners including activists concerned with global social relations global political discourse and the construction of global identity and normative order s

rather than reaching the end of ideology predicted only three decades ago we find ourselves in the throes of an intensifying ideological struggle over the meaning and direction of globalization noted scholar manfred b steger introduces readers to the clashing political belief systems of our time market globalism justice globalism and religious globalism he shows how these globalisms have developed and how their competing ideas articulate and legitimize particular political agendas he focuses especially on the ways this battle of ideas has been extended through the unexpectedly powerful surge of antiglobalist populism an ideological contender that stands in tension to pluralist values of liberal democracy explaining the origins impacts and consequences of the recent populist challenge steger considers the future prospects for the established globalisms in what promises to be a tumultuous decade as global problems such as climate change pandemics transnational terrorism financial crises and cyber warfare threaten humanity s collective future

globalization is one of the defining buzzwords of our time describing a variety of accelerating economic political and cultural processes that constantly change our experience of the world the fourth edition of this very short introduction provides an exploration of both the causes and effects of the phenomenon

the second edition of worlds apart social inequalities in a global economy focuses primarily on social inequalities in the american context it is the only undergraduate text that provides a sociological framework for analyzing inequality within u s society as well as

analyzing the relationship between global stratification systems and internal systems of inequality author scott sernau places each issue and dimension of inequality in the context of a changing global economy

illuminating social life has enjoyed increasing popularity with each edition it is the only book designed for undergraduate teaching that shows today s students how classical and contemporary social theories can be used to shed new light on such topics as the internet the world of work fast food restaurants shopping malls alcohol use body building sales and service and new religious movements a perfect complement for the sociological theory course it offers 13 original essays by leading scholars in the field who are also experienced undergraduate theory teachers substantial introductions by the editor link the applied essays to a complete review of the classical and modern social theories used in the book

the book s objective is to help students develop a skill their ability to interpret and analyze situations sociologically development of student skills and their sociological eyesight is facilitated through practice using decision cases relatively short problem centered narratives that promote critical thinking the book s structure promotes the progressive and incremental development of skills each chapter in part i begins with a case the body of each chapter introduces sociological ideas and concepts by using them to analyze the beginning case each chapter concludes with another case so that students can practice the specific skills they have acquired in the chapter using the chapter s sociological eyesight analysis guide part ii contains additional cases providing more opportunities for students to practice their skills at interpreting situations sociologically and solving problems an instructor s manual is available to qualified adopters of sociology in action to read the introduction to the instructor s manual or to view a sample course outline click on additional materials in the left column under about this book

trust and inclusion in ai mediated education where human learning meets learning machines is a resource for researchers and practitioners in a field where the mainstreaming of ai technologies and their increased capacities for deception have produced confusion and fear identifying theoretical frameworks and practices in teaching with and training trustworthy and inclusive ai technology sheds light on the new challenges and opportunities for learning machines and their intersections with human learning the book looks into the history of developing ai technology and algorithms it offers theoretical models for best practices interpretation and evaluation taking into account especially the needs of contemporary learners and their advanced literacies in cyber social environments the book presents in depth analyses of recent and ongoing applications of state of the art ai technologies in learning environments and classrooms assessments ending with an interview with george ritzer on mcdonaldization and artificial intelligence

this edition of introduction to sociology brings on a new co author the relationship between george ritzer and j michael ryan goes back more than two decades in this letter the two authors talk more about their relationship how they came to work together on this text and hopefully to inspire students to see how sociology and sociologists work behind the scenes george michael was first a student in one of my classes at the university of maryland he went on to take every class i offered and even co taught a class with me he also became a research assistant serving as managing editor of a scholarly journal i edited the journal of consumer culture michael also contributed several updates to another book of mine the mcdonaldization of society and will be co author on future editions most recently he has been my co editor also with chris rojek on the wiley blackwell encyclopedia of sociology 2nd edition the largest major reference work in the field today in between all of that we have published several academic articles together had a few quarrels and more than a few laughs michael has emerged as a leading global scholar in his own right providing fresh perspectives on many of the classical issues i write about significantly he has held academic positions across five continents in a world where understanding the importance of globalization has perhaps never been so important this standpoint has served to significantly enhance this edition michael it goes without saying that george is one of the leading sociologists in the world today his contributions to the discipline have spanned nearly five decades and have had a significant influence within the discipline of sociology as well as beyond it one of the many strengths of this new edition is that it represents a more rounded vision of sociology despite being frequent collaborators we often have very different perspectives and while frequently overlapping our individual areas of expertise are often quite different george for example is an expert in theory consumption and globalization while my scholarly work focuses more on genders and sexualities the covid 19 pandemic and health issues and social inequalities as we think you will find in this textbook these differences are in fact interdependent and complementary both sociology is more than just a major it can also become a way of life that is certainly the case for us sociology is about facts and about opinions and about trends and about each of us our families and friends social networks and the worlds in which we live in sum sociology is about how all of these things blend together and allow us to develop a social scientific understanding of our contemporary world and our own individual places within it this textbook is not intended to persuade but rather to inform like the societies we live in it is made stronger by complementary knowledges we present it to readers as a living testament to the idea that society can be rooted in differences a growing reality especially in recent years yet still grow through mutual understandings based in science reason and the many tools that the exciting field of sociology can provide we do believe that though imperfect our text represents the most comprehensive academic base for gaining an introduction into the exciting field of sociology in the world today we hope that you will feel the same welcome to sociology
