a photographic survey of emergency vehicles within the counties of berkshire buckinghamshire and oxfordshire since the 1990s includes ambulance fire and rescue services police forces and miscellaneous other local and national emergency organisations

east kent road car company ltd a century of service 1916 2016 celebrates one hundred years of a bus operation that is still very much recognizable for its origins unlike so many proud names that have diaspeared in recent times the old identity of east kent road car co ltd is still carried as the legal lettering on the stagecoach owned buses operating in the area today this book takes the reader on a journey through those one hundred years it covers the initial developments of the 1920s and 30s the challenges of world war ii the halcyon days of the 1950s and the descent into the economic struggles of the 1960s

nationalization and an eventual move back into the private sector are also covered finishing with a description of the innovative approach to new services developed by the local stagecoach management today with over two hundred illustrations both black and white and colour many previously unpublished this book provides a wide ranging historical and pictorial record of the buses artefacts and operations of the east kent road car company fully illustrated with over 200 colour and black white illustrations many previously unpublished

a fascinating look at one of scotland s most interesting bus operators combined with some fascinating pictures

this book constitutes the refereed proceedings of industry oriented conferences held at ifip 20th world computer congress in september 2008 the ifip series publishes state of the art results in the sciences and technologies of information and communication the scope of the series includes foundations of computer science software theory and practice education computer applications in technology communication systems systems modeling and optimization information systems computers and society computer systems technology security and protection in information processing systems artificial intelligence and human computer interaction proceedings and post proceedings of refereed international conferences in computer science and interdisciplinary fields are featured these results often precede journal publication and represent the most current research the principal aim of the ifip series is to encourage education and the dissemination and exchange of information about all aspects of computing

terrific photos documenting this unsung part of the bus scene taking a look at some of the park ride buses that have worked in selected english towns and cities since the 1970s

in 1979 fresh from its general election victory the conservative government began formulating plans to deregulate bus services and privatise the companies operating them in england scotland and wales london was not to be excluded so from the outset london buses was broken up into several areas and from 1985 a tendering system was introduced which permitted other operators to bid for the routes opposition from the labour group at the greater london council had to be dealt with eventually achieved by abolishing it in 1986 however as each subsequent year passed promises that deregulation was coming were not met in late 1992 the privatisation timetable was set and was ultimately completed at the end of 1994 the issue of deregulation never resurfaced copiously illustrated with over 270 photographs virtually all of which are being published for the first time this is the story of london buses over those sixteen tumultuous years to give greater context to the narrative annual vehicle acquisition listings show how purchasing policy changed over the period important route

changes tendering gains and losses and a fleet list for the entire period are also included

this contributed volume brings together research papers presented at the 4th international conference on dynamics in logistics held in bremen germany in february 2014 the conference focused on the identification analysis and description of the dynamics of logistics processes and networks topics covered range from the modeling and planning of processes to innovative methods like autonomous control and knowledge management to the latest technologies provided by radio frequency identification mobile communication and networking the growing dynamic poses wholly new challenges logistics processes and networks must be come able to rapidly and flexibly adapt to constantly changing conditions the book primarily addresses the needs of researchers and practitioners from the field of logistics but will also be beneficial for graduate students

peter murphy explores the world of british ambulances

building on the tradition of little bee chris cleave again writes with elegance humor and passion about friendship marriage parenthood tragedy and redemption what would you sacrifice for the people you love kate and zoe met at nineteen when they both made the cut for the national training program in track cycling a sport that demands intense focus blinding exertion and unwavering commitment they are built to exploit the barest physical and psychological edge over equally skilled rivals all of whom are fighting for the last one tenth of a second that separates triumph from despair now at thirty two the women are facing their last and biggest race the 2012 olympics each wants desperately to win gold and each has more than a medal to lose kate is the more naturally gifted but the demands of her life have a tendency to slow her down her eight year old daughter sophie dreams of the death star and of battling alongside the rebels as evil white blood cells ravage her personal galaxy she is fighting a recurrence of the leukemia that nearly killed her three years ago sophie doesn t want to stand in the way of her mum s olympic dreams but each day the dark forces of the universe seem to be massing against her devoted and self sacrificing kate knows her daughter is fragile but at the height of her last frenzied months of training might she be blind to the most terrible prognosis intense aloof zoe has always hovered on the periphery of real human companionship and her compulsive need to win at any cost has more than once threatened her friendship with kate and her own sanity will she allow her obsession and the advantage she has over a harried anguished mother to sever the bond they have shared for more than a decade echoing the adrenaline fueled rush of a race around the velodrome track gold is a triumph of superbly paced heart in throat storytelling with great humanity and glorious prose chris cleave examines the values that lie at the heart of our most intimate relationships and the choices we make when lives are at stake and

everything is on the line

as concern for the environment rises companies must take more account of the external costs of logistics associated mainly with climate change air pollution noise vibration and accidents green logistics analyzes the environmental consequences of logistics and how to deal with them written by a leading team of logistics academics the book examines ways of reducing these externalities and achieving a more sustainable balance between economic environmental and social objectives it examines key areas in this important subject including carbon auditing of supply chains transferring freight to greener transport modes reducing the environmental impact of warehousing improving fuel efficiency in freight transport reverse logistics for the management of waste the new edition is completely updated throughout with new methodologies and case studies to illustrate the impact of green logistics in practice

more complex and imposing than any other vehicle in the british emergency services the fire engine has a long and interesting history the earliest water pumps had been developed by the eighteenth century basic manual pumps that had to be hauled around by people or horses and were often only used on fire insured premises in the nineteenth and twentieth centuries horse drawn steam powered fire engines and eventually motorised fire engines came to revolutionise firefighting offering far greater versatility and the brigades came to be run by the municipalities in this beautifully illustrated introduction eddie baker charts the history of fire engines and their variants and the increasingly complex equipment they have carried such as high rise ladders and high pressure hoses he also explains the wider history of the fire service and how the engines have been shaped by its needs and most importantly those of the firefighters themselves

showcasing rare and previously unpublished images documenting the years 1979 to 1993 in preston s bus scene

formed in 1984 following the decision by the national bus company to divide the eastern counties omnibus company ltd into smaller parts cambus holdings became responsible for operating services in cambridgeshire and west suffolk a management buy out took place in 1986 followed by the formation of viscount travel in 1989 followed by acquisition of premier travel in 1990 the company expanded into other geographical areas including milton keynes and parts of buckinghamshire before being taken over by stagecoach holdings in 1996 the new owners added go west travel to the cambus operations trading as norfolk green in recent times the company has ceased operating in the king s lynn area this taking place in 2018
