conflicts of interest pose special problems for the professions even the appearance of a conflict of interest can undermine essential trust between professions and the public this volume is an accessible guide to the ramifications and problems caused by conflicts of interest it contains 15 new essays by scholars and covers topics in law medicine journalism engineering financial services and others

the oecd guidelines for managing conflict of interest in the public service provide the first international benchmark in this field this report highlights trends approaches and models across oecd countries in a comparative overview that also presents examples of innovative and recent solutions

conflict of interest allegations have become a prominent part of the landscape of political and public sector ethics in australia and overseas the arena of policing has not been immune from this problem and this book is based on unique and unfettered access to ten years of internal investigation files held by victoria police through detailed analysis of actual complaint cases it gives the reader a comprehensive map by which to chart the particular kinds of interests involved the nature of conflicts with official police duties and the particular contexts from which conflicts of interest emerge the book examines conflicts of interest across the private and public realm of the everyday lives of police officers the author outlines how the problem of conflict of interest is an important aspect of police ethics arguing that recognition of and accountability for conflict of interest may be a significant element in preventing upstream police misconduct and corruption conflict of interest in policing seeks to provide a conceptual and practical understanding of how integrity and trust must be integrated into the profession of policing through processes of active responsibility rather than more traditional passive obedience to prescriptive rules

conflicts of interest arise naturally in all walks of life particularly in business life as general and indeed inevitable phenomena conflicts of interest should not be prohibited but properly managed this book presents indepth analysis of such management in three areas of corporate governance where the conflict of interest problems are particularly acute executive compensation financial analysis and asset management conflicts of interest presents the results of a two year long research project bringing together academics and practitioners in both law and finance from europe and the

conflict of interest occurs at all levels of governance ranging from local to global both in the public and the corporate and financial spheres there is increasing awareness that conflicts of interest may distort decision making processes and generate inappropriate outcomes thereby undermining the functioning of public institutions and markets however the current worldwide trend towards regulation which seeks to forestall prevent and manage conflicts of interest has its price drawbacks may include the stifling of decision making processes the loss of expertise among decision makers and a vicious circle of distrust this interdisciplinary and international book addresses specific situations of conflict of interest in different spheres of governance particularly in global public and corporate governance

the federal special prosecutor unprincipled abuser of power or staunch defender of the law as katy harriger shows the special prosecutor was a hotly debated and controversial subject throughout much of its existence this was especially true she argues during the lengthy expensive and highly politicized investigations of lawrence walsh and kenneth starr into allegations concerning presidents ronald reagan and bill clinton harriger offers the most complete assessment available of the use of special prosecutors in the post watergate era she analyzes the independent counsel s role within the framework of the separation of powers explaining how each has interacted with other key players in the political and legal system and showing how those relationships have affected the prosecutor s ability to conduct investigations harriger s previous edition focused on the legacy of watergate but was published before walsh s iran contra investigations were concluded her new study adds substantially more information on iran contra provides a clearheaded appraisal of starr s sensationalized whitewater lewinsky investigations examines a number of senior level cabinet probes and critiques and clarifies the role of attorney general janet

reno in these latter matters a completely new chapter compares iran contra and whitewater lewinsky to explore the limits of the law in the special prosecutor s efforts in this new edition harriger includes 20 new interviews with washington insiders including one with kenneth starr and covers the debates that led to both the reauthorization of the independent counsel statute in 1994 and its demise in 1999 she then examines the pros and cons of the office and offers constructive suggestions for improvement should it be revived for students scholars and concerned citizens her book takes us well beyond frenzied media hype and partisan politics to provide a timely reminder about the crucial role of separation of powers in our system of governance

typically people react emotionally much more severely to an exploited conflict of interest when a person gains a personal benefit such as through a bribe if company or even an office or department thereof stands to benefit inordinately american society typically looks the other way on the institutional conflict of interest rather than taking it apart this may just be human nature however the troubling institutional arrangements within an organization or between them may be tolerated because of the erroneous assumption that conflicts of interest are unethical only when they are exploited accordingly the book provides a solid grasp of the structure and essence of the conflict of interest in order to make the case that it is inherently unethical examples of institutional conflicts of interest readily come from business with particular attention to corporate governance and the financial sector as well as from how business and government relate such as through regulation the reader should come away with a sense of just how pervasive and ethically problematic institutional conflict of interests are

collaborations of physicians and researchers with industry can provide valuable benefits to society particularly in the translation of basic scientific discoveries to new therapies and products recent reports and news stories have however documented disturbing examples of relationships and practices that put at risk the integrity of medical research the objectivity of professional education the quality of patient care the soundness of clinical practice guidelines and the public s trust in medicine conflict of interest in medical research education and practice provides a comprehensive look at conflict of interest in medicine it offers principles to inform the design of policies to identify limit and manage conflicts of interest without damaging constructive collaboration with industry it calls for both short term actions and long term commitments by institutions and individuals including leaders of academic medical centers professional societies patient advocacy groups government agencies and drug device and pharmaceutical companies failure of the medical community to take convincing action on conflicts of interest invites additional legislative or regulatory measures that may be overly broad or unduly burdensome conflict of interest in medical research education and practice makes several recommendations for strengthening conflict of interest policies and curbing relationships that create risks with little benefit the book will serve as an invaluable resource for individuals and organizations committed to high ethical standards in all realms of medicine

ethics and professional responsibility for paralegals provides complete coverage of legal ethics tailored to the needs of the practicing paralegal

this second edition is an in depth analysis of the nasw code of ethics it presents an updated overview of relevant literature and the appendix provides examples of challenging ethics cases this practical guide is designed to assist social workers make sound ethical decisions
