joseph priestley 1733 1804 is one of the major figures of the english enlightenment a contemporary and friend of benjamin franklin and thomas jefferson he exceeded even these polymaths in the breadth of his curiosity and learning yet no one has attempted an all inclusive biography of priestley probably because he was simply too many persons for anyone easily to comprehend in a single study robert schofield has devoted a lifetime of scholarship to this task the result is a magisterial book covering the life and works of priestley during the critical first forty years of his life although priestley is best known as a chemist this book is considerably more than a study in the history of science as any good biographer must schofield has thoroughly studied the many activities in which priestley was engaged among them are theology electricity chemistry politics english grammar rhetoric and educational philosophy schofield situates priestley the provincial dissenter within the social political and intellectual contexts of his day and examines all the works priestley wrote and published during this period schofield singles out the first forty years of priestley s life because these were the years of preparation and trial during which priestley qualified for the achievements that were to make him famous the discovery of oxygen the defenses of unitarianism and the political liberalism that characterize the mature priestley all are foreshadowed in the young priestley a brief epilogue looks ahead to the next thirty years when priestley was forced out of england and settled in pennsylvania the subject of schofield s next book but this volume stands alone as the definitive study of the making of joseph priestley

this volume is a comprehensive collection of critical essays on the taming of the shrew and includes extensive discussions of the play s various printed versions and its theatrical productions aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play the issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality

how did long john silver lose his leg is a diverting tour through some of the bestloved classics of children s literature addressing many of the unanswered questions that inspire intense speculation when the books are laid down could bobbie s train really have stopped in time the railway children did beatrix potter have the flu in 1909 and did this lead to a certain darkness in her work the tale of mr tod would the rugby football played by tom brown be recognised by sportsmen today tom brown s schooldays the authors speculate entertainingly and informatively on the anomalies and unexplained phenomena found in children s literature and having established the cultural importance of children s books in the modern age also consider the more serious issues raised by the genre why are we so defensive of the idyllic worlds presented in children s books why have some of our best loved authors been outed as neglectful parents to their own

children should we ever separate the book from its creator and appreciate the works of writers convicted of crimes against children a treat for any enthusiast of children's literature two of the most distinguished writers on the subject provide rich detail witty explication and serious food for thought

committee serial no 10

the textual culture of english protestant dissent 1720 1800 explores the sociable character of dissenters teaching and writing in the eighteenth century by focussing on manuscript cultures and publishing projects

this book is a tribute to the rivalry the new york rangers had with the boston bruins during the decade that emile francis ran the club growing up these two teams are what defined hockey for me and the team was not simply a city or a sweater or a jersey it was the players as mr francis himself told me every time we played it was a war that was the greatest rivalry i've ever seen i wrote this book for the fans of both teams hoping that it would bring back some great memories from a time when the game was a lot different than it is today

this significantly expanded edition of essential criminology covers the broadest range of criminological theories the essential criminological theories from longstanding ones such as classical theory and strain theory to recently introduced ones such as ultra realism and green cultural criminology whether all are essential depends on one's theoretical stance the value of this text is its carefully designed comparative analysis which helps readers consider their relative contribution to the field originally designed as an alternative to lengthy and expensive introductory texts essential criminology provides a concise yet comprehensive overview of the field the book offers a clear structured student friendly critical analytical examination of the nature of crime theories of crime causation and their criminal justice policy implications causal theories covered range from micro level classical and rational choice to biological psychological social learning social control and interactionist perspectives to macro level social ecology anomie strain conflict marxist feminist and postmodernist theories over its 26 year history the book has added new theoretical perspectives as these have gained prominence new to this edition are chapters on critical and ultra realism and critical green criminology and discussions of zemiology critical race theory and quantum holographic criminology the authors have also expanded some theoretical frameworks that had previously been underdeveloped such as opportunity theory subcultural theory and social constructionism essential criminology contextualizes criminology in the globally interdependent 21st century addressing the crimes of terrorism global pandemics and climate change with its cutting edge updates illustrative real world examples and student friendly study tools including analytically comparable summary charts exposing each theory's ontological assumptions this text was designed primarily for undergraduate criminology courses but has also been adopted by community colleges and graduate programs in criminology sociology and political science

considers legislation to revise federal financial institution regulations
