whether it be over politics religion or types of flooring in their houses the younger generations seem to always end up falling short of the older generation s standards perhaps deservedly so the younger generations are keenly aware of the criticisms they receive from their elders especially when it comes to the church and christianity join dustin as he navigates through the religious and cultural foundations in which the younger generations were reared and search for clues as to why the younger generations always seem to get stuck with the brunt of the blame for the current state of the modern church who is truly at fault did these younger generations get dealt a bad hand or are they just selfishly abusing and carelessly handling what was given to them insincere irrelevant invalid seeks to shed light on what has happened to these younger generations and help readers understand exactly why there is such a rapidly growing schism between the modern church and the younger generations while properly defining what church is who it is for man s role and why we worship

christ s teaching of judgment to christians by david rivington the most terrifying words ever spoken by the lord jesus christ were spoken to christians to his own disciples when he said not everyone who says to me lord lord shall enter the kingdom of heaven but he who does the will of my father in heaven many will say to me in that day lord lord have we not prophesied in your name cast out demons in your name and done many wonders in your name and then i will declare to them i never knew you depart from me you who practice lawlessness matthew 7 21 23 what does jesus mean what are christ s warnings to professing 21st century christians today this book is written to answer christ s own teaching to these questions and god s judgment upon every professing christian i know of no chapter in all of scripture which needs to be taught and explained to christians in this modern superficial and confused church age more than matthew chapter 7 david rivington

this volume approaches the word of faith as a worldview and analyses the movement through n t wright s model for worldview analysis in order to provide necessary nuance and complexity to scholarly interpretations of the word of faith the reader receives insights into the movement s narrative semiotic practical and propositional dimensions which cumulatively offer a multifaceted understanding of how the word of faith interprets reality and engages with the world the analysis shows that there is a narrative core to word of faith beliefs in the form of a unique theological story with focus set on the present restoration of eden s authority and blessings this study demonstrates how the word of faith operates as a distinct worldview that parses the world through the lens of faith s causative power to affect a direct correspondence between present reality and eden s perfection the findings advance a critical and

therapeutic approach that acknowledges how the worldview both strengthens and subverts pentecostalism

africans prevailing interest in the prosperity gospel is not only connected to the influence of american prosperity teachers reaching a worldwide audience through their imaginative use of the media but is also related to the african worldview and african traditional religion and its lasting influence on contemporary africans and the way they think about prosperity as well as their interest in prosperity in post colonial africa the research from a classical pentecostal perspective about the impact of the prosperity message on africa is necessary timely and relevant because of its influence in the african pentecostal movement and its potential to harm the faith of believers leading to the potential disillusionment of christian believers who put their trust and money in formulas and recipes that seemingly only work for others especially the prosperity leaders who lead by example with incredulous riches and wealth

the gospel is under attack today not only from outside cultural forces but also from within the church in misled popular youtuber and bible teacher allen parr equips readers to identify and withstand seven of the most common false teachings that undermine the gospel and lead many well meaning christians astray for an anxious and weary world the gospel of jesus christ is the one true source of deep peace and lasting joy but today many supposedly christian teachers are spreading ideas that amount to what paul called another gospel the result a generation of believers confused about what god really says what he offers and what he wants for his children from the heavy burden of legalism to an overemphasis on prosperity or spiritual gifts to warped understandings of grace every false teaching has two things in common they all use half truths that look and sound biblical making them very difficult to identify and they

all harm and discourage those who are trying to follow the way of jesus in misled allen parr weaves together stories from his own spiritual journey and the lives of those he ministered to in order to show the painful consequences of following false teachings and to provide clear explanations of what the bible really teaches about the gospel readers will learn about seven of the most misleading and harmful messages that run rampant within the church today be equipped to identify not only wolves in shepherd s clothing who peddle counterfeit gospels but also well intentioned teachers whose half truths are no less harmful to the church and discover how they can find the freedom peace and joy that only comes from embracing the gospel in all its purity and simplicity with the same balanced bible based approach that has made parr s youtube channel a go to resource misled offers clarity and hope for anyone who has felt discouraged or confused in their spiritual journey and invites readers to find everything they ve been searching for in the true gospel

on one previous occasion mary bernice had gone to a church service the church was an hour and a half drive from her home but she felt that is where the lord wanted her when she would arrive at church she would stop at the restroom and fix herself up after the long drive before entering the service one of these times a young lady came into the restroom asking if anyone had some pain reliever because she had a bad headache when she got to mary bernice she asked for pain reliever mary bernice told her that she had no pain pills but if she would like she would pray for her she welcomed the prayer offer mary bernice prayed for her healing and went on into the service after the service the young lady caught up with mary bernice to tell her that the headache had completely gone away without her having to take any pain pills what a testimony of god s word at work god has shared with his children through his word the importance of faith they make it sound so easy addresses some often subconscious thoughts that unaddressed could be a hindrance to a believer s manifestation of healing god s word will put to flame and expose under the surface lies that lead to discouragement and it will also rekindle the born again believer s spirit with the reminder of their victory in christ jesus this book is intended to encourage believers with the truth that they are loved by god and can walk in victory over those defeated illnesses all to god s glory by christ jesus be not afraid only believe mark 5 36

many twenty first century evangelical charismatics in britain are looking for a faith that works they want to experience the miraculous in terms of healings and godsent financial provision many have left the mainstream churches to join independentcharismatic churches led by those who are perceived to have special insights and to teach principles that will help believers experience the miraculous but

all is not rosy in this promised paradise and when people are not healed or they remain poor they are often told that it is because they did not have enough faith this study discovers the origin of the principles that are taught by some charismatic leaders glyn ackerley identifies them as the same ideas that are taught by the positive confession health wealth and prosperity movement originating in the united states the origins of the ideas are traced back to new thought metaphysics and its background philosophies of subjective idealism and pragmatism these principles were imported into the uk through contact between british leaders and those influenced by american word of faith teachers glyn ackerley explains the persuasiveness of such teachers by examining case studies suggesting their miracles may well have social and psychological explanations rather than divine origins
