accompanying an exhibition at the thyssen bornemsiza museum this book reveals the double facet of the artist and his legacy by detailing a series of successive encounters between gauguin and his masters his contemporaries and his pupils one of the key paradoxes concerning paul gauguin is the fact that he was both a profound individualist and at the same time the founder of an artistic school for the young artists collectively known as the nabis gauguin s personal version of symbolism became the canonical route to modern art acompañando una exhibición en el museo thyssen bornemsiza este libro revela la personalidad doble del artista y su legado a través de una serie de roces entre gauguin y sus maestros sus contemporáneos y sus pupilos una de las paradojas claves de paul gaguin es que fue una persona extremadamente individualista pero al mismo tiempo el fundador de una escuela de las artes para los jóvenes artistas conocidos como los nabis la visión personal del simbolismo de gauguin se volvió una ruta canónica al arte moderno

examining teacher education in an international context this book captures the diversity of the world s educators many countries confront surprisingly similar challenges in preparing k 12 educators for success while national contexts

also make for surprising differences in teaching the world's teachers education historians lauren lefty and james w fraser and their contributors make a convincing case for approaching these shared challenges from a more global and historically minded perspective written by education scholars from eleven different countries argentina brazil catalonia spain china england finland ghana israel singapore south africa and the united states this book provides histories of teacher education reforms between roughly 1980 and 2020 the authors show how international trends that emerged during this period collided with national and regional contexts to produce unique teacher education systems in different nations while in some countries the embrace of markets and competition led to a deregulation of the teacher preparation field in others teaching became a highly regulated and centralized affair at the same time ideas and structural models cross borders and education leaders borrow from each other while reshaping plans in each place opening with a broad historical overview of global teacher education models beginning in the late eighteenth century teaching the world's teachers argues that the field has long been characterized by cross border connections but shaped by geopolitical hierarchies of power in an era when teacher quality is widely recognized as one of the most important factors in a child's education this volume encourages dialogue among teacher educators and policymakers around the world by understanding the context and contingency of where we have been the authors hope that readers will walk away with a more empowered sense of where we are headed in the all important task of teaching the world's teachers contributors kwame akyeampong richard andrews azeem badroodien maria inês g f marcondes de souza gustavo e fischman james w fraser guangwei hu arie kizel jari lavonen lauren lefty wei liao jason loh silvana mesquita hannele niemi lily orland barak paula razquin carol anne spreen eduard vallory yisu zhou
