airplanes are amazing many kids are fascinated by the way they zoom through the sky at lightening speeds this book teaches young artists about some of the world s coolest planes ever and then how to draw their very own version of it the instructions simplify complex images in to steps where basic shapes are drawn first such as right angle and square the text features a picture glossary as well where young artists can look up what the shapes look like they may even learn some new shapes kids of all drawing abilities can use this book to learn more about airplanes as well as learn to draw some planes they may have never heard of

learn how to draw animals with colored pencils for the beginner table of contents introduction blending mixing the colors drawing the shadows proportionality golden eagle drawing tutorial tiger drawing tutorial fish drawing tutorial parrot drawing tutorial ladybugs drawing tutorial horses

drawing tutorial author bio introduction drawing with colored pencil is super easy if you use the right colors and have drawn a good sketch unlike the graphite pencils colored pencils cannot be easily erased so we have to draw carefully particularly the darker areas always draw parts with colored pencil pressing down lightly and if it looks good color over the same area pressing down hard buy good brand of colored pencils and smooth paper if you don't have a lot of say red pencils you can get more nuances with only one pencil by controlling how hard you press when you draw in the image below i've drawn with one red pencil three nuances in the first example i pressed hard in the second i pressed normally and in the third example i pressed lightly even more nuances can be created this way

this book mainly focus on character designing mainly how to design your own shoujo character we focus more on how to draw significant faces and draw significant clothing and to call it your own and not to be confused with other styles of manga because reading this would make you understand every types of styles out there reading this book alone will be like reading all of the books out there that focus on how to design a character because in this style you're not only using one styles but all of them it might sound unrealistic but it remains it's true i've complied almost all of the things i learned from all of the books i have read but they're not enough because they usually focus on i'll show you how to draw like me types of lessons but now i made the perfect type of guideline myself that could make you know how to draw all characters out there and by looking into the styles of others you'll know what category they belong to or what type of facial styles they use or the basic shape they used to make that type of clothing or face almost like how a psychologist read the minds of people how expert publishes quick how to guides on all topics from a to z by everyday experts

introduction to the life times and key achievements of lyndon b johnson while including step by step illustrations with easy to follow directions that allow readers to draw what they are learning
