the topic of this volume was discussed at a round table of the international association for dialogue analysis iada at the university of bologna in march 1995 the round table was intended to make a scientific contribution in honour of the president s 65th birthday the topic refers on the one hand to the central problem of dialogue analysis which is to discover a new communicatively functioning unit after having left behind the unit of the sentence which can be considered the unit par excellence of structural linguistics on the other hand it includes the manifold units relations and strategies i e the specific problems of dialogue analysis

cartea cuprinde studii semnate de a lungul anilor în diferite periodice de specialitate de prestigioasa profesoară a universității clujene texte dedicate lui eminescu alte studii de literatură română și universală despre aron pumnul Școala ardeleană i h radulescu e a poe etc precum și interviuri în dialog cu edgar papu paul cornea și eugen toloran ori raspunsuri la anchete o imagine cuprinzătoare a activității științifice a autoarei

eugenio coseriu counts among the most important linguistic scholars of the second half of the 20th century he is known mainly as a structuralist and a romance linguist but his work is in fact far more expansive in scope including a comprehensive linguistic theory as well as writings on a wide range of issues from semantics syntax typology variational linguistics language change pragmatics and text linguistics to vulgar latin the history of the philosophy of language and the history of romance linguistics coseriu s thought is founded on solid philosophical principles and his life brought him into contact with a number of different academic traditions and cultures however for a variety of reasons among which the languages in which he tended to publish spanish italian french and german knowledge of his thought is rather marginal in the anglo american world this book aims to go some way to addressing this situation by offering an overview in english of coseriu s main contributions to linguistics and indeed to other disciplines it is of general interest for the study of linguistics the history of linguistics and the philosophy of language as well as for a broader reading public

this white paper is part of a series that promotes knowledge about language technology and its potential it addresses educators journalists politicians language communities and others the availability and use of language technology in europe varies between languages consequently the actions that are required to further support research and development of language technologies also differ for each

language the required actions depend on many factors such as the complexity of a given language and the size of its community meta net a network of excellence funded by the european commission has conducted an analysis of current language resources and technologies this analysis focused on the 23 official european languages as well as other important national and regional languages in europe the results of this analysis suggest that there are many significant research gaps for each language a more detailed expert analysis and assessment of the current situation will help maximise the impact of additional research and minimize any risks meta net consists of 54 research centres from 33 countries that are working with stakeholders from commercial businesses government agencies industry research organisations software companies technology providers and european universities together they are creating a common technology vision while developing a strategic research agenda that shows how language technology applications can address any research gaps by 2020

volumul de documente pe care îl propunem aici cititorului a apărut din necesitatea de a înțelege primii ani de organizare în învățământului superior românesc după 1948 și reforma învățământului În centrul atenției s a aflat selecția unor documente în principal de ani 1950 care să ne arate cum s a edificat rețeaua instituțiilor de învățământ superior și alte probleme conexe În acei ani s au realizat mai multe experimente de organizare desfășurate între nevoile curente de a pregăti forță de muncă specializată pentru societate și procesul de adaptare la modelul sovietic impus cu forța unele dintre măsurile stabilite atunci au rămas însă cu urmări pentru decenii la rând și chiar și astăzi avem unele centre universitare și instituții cu un specific punctat în acei ani crearea unui sistem modern de instituții de învățământ superior a fost un proces complicat cu mai mulți factori importanți care trebuie cuantificați și cu variate suprapuneri de probleme să ne gândim de exemplu la consecințele nefaste ale celui de al doilea război mondial asupra patrimoniului universitar care nu au putut fi decât în parte surmontate mai ales în condițiile grele financiare ale anilor 1950 sperăm ca cele 110 documente selectate din variate arhive să deschidă perspective noi de cunoaștere asupra istoriei învățământului superior dar și pentru istoria comunismului
