this book shows how one of the most powerful tools of security studies strategic culture illuminates the origins and implications of the asia pacific region s difficult issues from the rise of china and the american pivot to the shifting calculations of many other actors strategic culture sometimes challenges and always enriches prevailing neo realist presumptions about the region it provides a bridge between material and ideational explanations of state behavior and helps capture the tension between neoclassical realist and constructivist approaches the case studies in this book survey the role of strategic culture in the behaviors of australia china japan the philippines south korea and the united states they show the contrast between structural expectations and cultural predispositions as realist geopolitical security threats and opportunities interact with domestic elite and popular interpretation of historical narratives and distinctive political military cultures to influence security policies the concluding chapter devotes special attention to methodological issues at the heart of strategic cultural studies as well as how culture may impact the potential for future conflict or cooperation in the region the result is a body of work that helps deepen our understanding of strategic cultures in the asia pacific in comparative perspective and enrich security studies this bookw as published as a special issue of contemporary security policy

just a few years before the dawn of the digital age harvard psychologist bert kaplan set out to build the largest database of sociological information ever assembled it was the mid 1950s and social

scientists were entranced by the human insights promised by roschach tests and other innovative scientific protocols kaplan along with anthropologist a i hallowell and a team of researchers sought out a varied range of non european subjects among remote and largely non literate peoples around the globe recording their dreams stories and innermost thoughts in a vast database kaplan envisioned future researchers accessing the data through the cutting edge readex machine almost immediately however technological developments and the obsolescence of the theoretical framework rendered the project irrelevant and eventually it was forgotten

this comprehensive guide captures important trends in international relations ir pedagogy paying particular attention to innovations in active learning and student engagement for the contemporary international relations ir classroom

on indonesian economy and businesses

the united states spearheaded the creation of many international organizations and treaties after world war ii and maintains a strong record of compliance across several issue areas yet it also refuses to ratify major international conventions like the un convention on the law of the sea and the convention on the elimination of all forms of discrimination against women why does the united states often seem to support international law in one way while neglecting or even violating it in another the united states and international law paradoxes of support across contemporary issues analyzes the seemingly inconsistent u s relationship with international law by identifying five types of state support for international law leadership consent internalization compliance and enforcement each follows different logics and entails unique costs and incentives accordingly the fact that a state engages in one form of support does not presuppose that it will do so across the board the contributors to this volume examine how and why the united states has engaged in each form of support across twelve issue areas that are central to twentieth and twenty first century u s foreign policy conquest world courts war nuclear proliferation trade human rights war crimes torture targeted killing maritime law the environment and cybersecurity in addition to offering rich substantive discussions of u s foreign policy in each of these areas their findings reveal patterns across the u s relationship with international law that shed light on behavior that often seems paradoxical at best hypocritical at worst the results help us understand why the united states engages with international law as it does the legacies of the trump administration and what we should expect from the united states under the biden administration and beyond

vols for 1963 include as pt 2 of the jan issue medical subject headings
