the ending of the cold war opened a new debate across the pacific about the meaning of security and the new regional multilateral
 institutions that were beginning to emerge the first edition of the the asia pacific security lexicon published in 2002 identified and
 defined the key concepts and ideas central to security discourse in the region this second edition updates all of the entries and
 examines the origins and meanings of some of the new terms in common usage in a different historical setting among them e
 terrorism e e pre emption e e preventive war e e a la carte multilateralism e e coalition of the willing e and china s e peaceful rise e
 and it looks at how concepts such as e human security e and e non traditional security e have evolved and found new adherents

both a diplomatic handbook and theoretical exploration the lexicon is based on the analysis of more than 3 000 books articles conference reports and speeches it does not aim to resolve the disagreements about how words are used rather it makes their evolution clearer for academics and practitioners seeking consensual knowledge

cutting edge and relevant to the local context this first australia and new zealand edition of hoyer consumer behaviour covers the latest research from the academic field of consumer behaviour the text explores new examples of consumer behaviour using case studies advertisements and brands from australia and the asia pacific region the authors recognise the critical links to areas such as marketing public policy and ethics as well as covering the importance of online consumer behaviour with significant content on how social media and smartphones are changing the way marketers understand consumers students grasp the big picture and see how the chapters and topics relate to each other by reviewing detailed concept maps marketing implications boxes examine how theoretical concepts have been used in practice and challenge students to think about how marketing decisions impact consumers considerations boxes require students to think deeply about technological research cultural and international factors to consider in relation to the contemporary consumer opening vignettes and end of chapter cases give students real world insights into and opportunities to analyse consumer behaviour with extensive australian and international examples providing issues in context

eldenburg s management is an introductory text that focuses on presenting content in an easy to understand way that encourages students to think critically and draw connections between theory and practice this new seventh edition has a strengthened focus on technology and features have been updated to help students further consolidate their knowledge this includes various forms of

revision materials such as auto graded knowledge check questions and self skill assessment there is also a broad variety of concise case studies including new ones with a strategic focus which enable instructors to have thought provoking and engaging tutorials an exciting addition to the interactive e text are the new anz videos that feature a diverse group of management thought leaders who give insights and tales from the front this will provide supplementary content for lectures or serve as pre work for a flipped classroom

econometrics is the combined study of economics and statistics and is an applied unit it is increasingly becoming a core element in finance degrees at upper levels this first local adaptation of wooldridge s text offers a version of introductory econometrics with a structural redesign that will better suit the market along with asia pacific examples and data two new chapters at the start of the book have been developed from material originally in wooldridge s appendix section to serve as a clear introduction to the subject and as a revision tool that bridges students transition from basic statistics into econometrics this adaptation includes data sets from australian and new zealand as well as from the asia pacific region to suit the significant portion of finance students who are from asia and the likelihood that many graduates will find employment overseas

edited and richly annotated by Lt cdr andrew david this volume offers for the first time a complete transcript of the handwritten

journal kept by William Broughton on his voyage to the North Pacific 1795–1798 together with supplementary letters and the journal of Broughton's journey across Mexico 1793. An extensive introduction by Professor Barry Gough places the voyage in its historical context. Broughton had first visited the North Pacific in 1792 in command of the brig *Chatham* during Vancouver's voyage when negotiations between Vancouver and Juan Francisco Bodega y Quadra reached an impasse. Broughton was sent back to London to seek fresh instructions. Travelling across Mexico and returning to Europe in Spanish ships, back in London in July 1793 he was appointed in command of the sloop *Providence* with orders to rejoin Vancouver in the Pacific taking with him the astronomer John Crosley.
