women s football in a global professional era is an important addition to discussions on sport as work for women and an essential reference point for students researchers and sports professionals interested in the debates around the professionalisation of women s football internationally

this book traces the development of taiwan s relations with its diplomatic partners and its policy towards the political opponents of its political opponent mainland china paying particular attention to the powers that could exercise great influence in the future of east asia china taiwan relations in a global context examines the main diplomatic strategies of taiwan and its counterparts and the major problems for taiwanese foreign relations to date there is very little scholarship which examines the taiwan issue outside of the triangular beijing washington taipei framework this book does exactly that the contributors examine the development of taiwan s relationship with less prominent countries and governments and attempt to ascertain how such examinations could give rise to new variables that help explain the strategy and purpose of taiwan s foreign policy as well as the

reaction and response of mainland china this book provides readers with vital information about taiwan s foreign policymaking and introduces rarely told stories about taiwan s foreign relations the research demonstrates the ceaseless and unyielding diplomatic efforts of the taiwanese for survival in a shrunken international space and renders for readers a better understanding of the complexity of taiwan s relations with the rest of the world this book is essential reading for anyone interested in taiwan studies chinese politics cross strait relations and asian foreign policy

bringing together a collection of interdisciplinary chapters on china s belt and road initiative bri or also known as one belt one road this book offers a comprehensive overview of the topic from a business and management perspective with contributions from scholars based in asia europe and north america volume i provides theoretical and empirical analysis of the opportunities and challenges facing businesses in relation to bri key areas covered include economics and finance history trade value chain and human resource and cross cultural management creating a useful tool for academics as well as policy makers and practitioners in china and other countries along the new silk road

this groundbreaking book investigates and documents corporate influence on social policies at global regional national and local levels it argues that we cannot understand the recent history and present direction of the welfare state unless we focus on the role that business has played in its development

global companies are facing a new pressure to develop leaders with global mindsets the war for managerial talent has never been so intense companies and business schools need not only to fine tune practices and models but redesign current paradigms and create more effective and sustainable ways to invest in leadership development

this book discusses the considerations and implications surrounding the

outsourcing and offshoring of professional services such as software development computer aided design and healthcare from multiple global perspectives this book offers industry professionals policymakers students and educators with a balance between a broad overview and detailed analysis of offshore outsourcing would make an invaluable addition to any reference library provided by publisher

worlds apart social inequality in a global age third edition is intended as the primary text for upper level undergraduate and graduate students who are enrolled in social stratification and inequality courses primarily taught in sociology departments this book focuses primarily on social inequalities in the american context however a trend in this course is how the global inequalities are effecting and affected by social stratification and inequality in america this edition reflects that trend

this report covers discussions at a symposium on the international context for national science and technology strategies the meeting was held may 7 1997 at the national academy of sciences in washington d c and was organized by the government university industry research roundtable guirr the symposium featured presentations by experts representing academic industry and government viewpoints from countries including china finland france korea mexico poland and the united states the purpose of the activity was to explore how various countries and regions are developing science and technology strategies in the unfolding context of global economic integration and privatization as well as mobility of people and information the implications for future international cooperation were considered in this modern framework

this year s volume of the comparative law yearbook of international business deals with the subject of product liability law this is a growing area in which manufacturers and supplies are finding themselves more and more responsible for the quality of their products and for the consequences flowing from any defect therein this book discusses a wide variety of topics which come under the umbrella

of product liability ranging from liability for injuries caused by the use of asbestos and other toxic substances to the responsibility of air carriers in hijack situations there is a growing amount of litigation throughout the world tackling the problems arising from the safety of products these laws take into account the manufacturing process the transportation storage and delivery of goods the intended use of products their fitness for such purpose and any warnings or instructions as to use given to consumers and end users this publication also covers the question of jurisdiction in product related litigation particularly in crossborder transactions in many instances a plaintiff will attempt to bring his action in the united states due to the large amount of damages especially punitive damages awarded there by juries in civil actions defendants on the other hand seek to counter this by raising issues such as forum non conveniens there also is the question of state versus federal jurisdiction within the united states as well as a discussion focusing on the possible growth of federalism within the european union and its impact upon product liability nationally and at a european level a comparison of the divergent cultural attitudes towards property in china and the united states including the different emphases placed upon the ownership and role of property in society demonstrates the different views of product liability another aspect of defective goods dealt with here is liability for the recall of a dangerous product there is a chain of responsibility stretching from the manufacturer through various levels of suppliers to the final retailer of goods which is obviously important when attempting to remove dangerous products from the market as quickly as possible before they can cause widespread injury to consumers this has been shown to be particularly relevant in cases involving automobiles and food products overall therefore product liability law is a vital part of the general law protecting consumers both on a national and international basis which makes this book a very interesting and useful read for anyone involved in this area

history teaches us that agricultural growth and development is necessary for achieving overall better living conditions in all societies although this process may

seem homogenous when looked at from the outside it is full of diversity within this book captures this diversity by presenting eleven independent case studies ranging over time and space by comparing outcomes attempts are made to draw general conclusion and lessons about the agricultural transformation process

rethinking familiar frameworks and exploring new perspectives this book provides a much needed analysis of european culture society and politics in a global context with contributors from across the social sciences and the humanities this book highlights key topics and assesses the open ended question of europe s place in a global age

this volume makes a unique contribution to the literature on nations and nationalism by examining why nations remain a vibrant and strong social cohesive despite the threat of globalization regardless of predictions forecasting the demise of the nation state in the global era the nation persists as an important source of identity community and collective memory for most of the world s population more than simply a corrective to the many scholarly but premature epitaphs for the nation state this book explains the continued health of nations in the face of looming threats the contributors include leading experts in the field such as anthony d smith william safran edward tiryakian as well as younger scholars whom adopt a variety of approaches ranging from theoretical to empirical and historical to sociological in order to uncover both the reasons that nations continue to remain vital and the mechanisms that help perpetuate them the book includes case studies on ireland thailand poland the baltic states croatia and jordan nationalism in a global era will be of great interest to students and researchers of international politics sociology nationalism and ethnicity

to understand wars and armed conflicts we need to understand the inner logic of military institutions and warrior culture in making warriors in a global era tone danielsen employs ethnographic methods to analyze and discuss current debates among both military personnel and academics about the rise of the special

operations forces and their effects on how armed conflicts are handled and wars are fought based on a decade of research and danielsen s unprecedented access inside a norwegian naval special operations commando danielsen describes the culture experiences and skill sets of a special operations unit and explores the historical and political implications these types of units have on modern warfare and society as a whole

there is persuasive evidence suggesting we are on the brink of human induced ecological disaster that could change life on earth as we know it there is also a general consensus among scientists about the pace and extent of global ecological decay including a realisation that humans are central to causing the global socio ecological crisis this new epoch has been called the anthropocene considering the many benefits that constitutional environmental protection holds out in domestic legal orders it is likely that a constitutionalised form of global environmental law and governance would be better able to counter the myriad exigencies of the anthropocene this book seeks to answer this central question from the perspective of the anthropocene what is environmental constitutionalism and how could it be extrapolated to formulate a global framework in answering this question this book offers the first systematic conceptual framework for global environmental constitutionalism in the epoch of the anthropocene

from the time of hunter gatherers to the present day forests have played a vital role in the development of humanity and society this broad introductory textbook sets world forestry in a social environmental historical and economic context the development of forests grassland and humans is described from the devonian through to the age of agriculture covering the factors determining the distribution of forests the classification of forest types the value and benefits of the forest and the products of the forest and their associated trade the book also explores issues such as sustainable forest management current patterns of deforestation and reforestation and future challenges facing our forests fully updated throughout and with new contributions from international experts this second edition includes

new chapters on climate change and international forest policy and expanded coverage of forest products and bioenergy production
