the photos on the wall and the few verbal cues that we were given to learn the exercises most of all we had the touch of our teachers to help us find the work the flow of the movement to increase our circulation and the freedom of tension to lubricate our joints i hope you appreciate the simple format of this book and how important it is for me to pay respect to those who have blazed the trail and formed us into the teachers we are today i thank my teachers and colleagues from the bottom of my heart for sharing themselves and their knowledge i hope this book will inspire you to look deeper and search into yourselves and your pilates then now and in between
