saint paul the right man at the right time was written to get a comprehensive biographical sketch of saint paul including his early life his life as a pharisee his direct contact with jesus christ on the damascus road his conversion from the many teachings of the torah and his god given mission as the apostle to the gentiles the times in which he lived proved that god chose him as his apostle due to his brilliance and his ability to communicate in both written and verbal forms not only in hebrew but in the greek language which was important in that historical time his words and letters are as relevant today as they were in the first century of christianity and his teachings are still presented in protestant churches and sermons today my hope is one may read saint paul the right man at the right time and have the ability to teach a basic class on the life of saint paul and encourage students to further their understanding of the importance of this biblical figure the work touches on his theology but i was more intent on giving the reader a personal overview of the man we know as saint paul he very much lived in a time trying to spread a new religion in christ that was very different from the belief systems of the jews and gentiles in the first century

sometimes the overwhelming pressures of your life will cause you to believe that you are the only one who is being pushed knocked down and defeated by one dreadful event after another nevertheless no one is exempt from hurt women from their earliest existence to the present time have experienced some of the most distressing heartbreaking devastating and traumatizing events imaginable yet they survived and came through stronger more determined more capable and more productive than ever what was their secret the struggles of unloved women tells the stories of ten extraordinary biblical women who triumphed and even failed through lifes circumstances each of them have their own unique personalities and experiences however their stories are not uncommon many women have struggled through similar if not the same life events still when the struggles are over the questions we must ask are what lessons did we learn did we emerge from our trials better or bitter

for centuries now the vast majority of the christian population in the west has been locked into the mindset that believing in a creator god is a matter of faith and emotions as opposed to clear and rational thought and that faith should be kept in the private realm under investigation aims at dispelling this oppressive way of thinking this is a workbook that will arm christians with scientific truths written in plain language its goal is to target the integrity of the new testament using scholarly historical and literary scientific findings knowledge is power and in the quest for absolute truth this workbook will guide the student to an educated understanding of both who the god depicted in the bible truly is and who he is not

the elusive disposition of john s language has been noted by biblical scholars throughout the history of new testament studies the fourth gospel is seen as so simple to grasp and yet often pointing beyond itself and beckoning the reader to read deeper various socio linguistic studies have explained this feature as the reflection of the sectarian tendencies in the johannine christianity in his study saeed hamid khani questions these approaches as inadequate in turn he examines john s language within an exegetical and theological framework he argues that the *sitz im leben* of johannine language was an environment in which the hebrew scriptures were the dominant conceptual force for both the jews and the christians in this context he argues that the essential function of john s enigmatic language is wedded to the evangelist s purpose in writing the gospel namely a steadfast focus upon setting forth that jesus is the christ according to the witness of israel s scriptures it is here in these echoes and thematic allusions to the scriptures

that we find the answer to the function and significance of John's unique language i.e. Jesus is the messiah the saviour of the world and he is the visible image of the invisible God the embodiment of the self-revelation of God according to the scriptures however these truths are concealed from the undiscerning and are only revealed by the Spirit of God to those who are born of God

What does faithfulness mean for modern Christians who find themselves immersed in a social and moral context two millennia removed from that of Jesus as a notion endorsed by Christians universally irrespective of church tradition geographic location economic and political milieu or spiritual experience faithfulness is essential to mature Christian living yet many in the modern church have lost or perhaps forgotten the true nature of faithfulness and thus have wandered from that which God envisages for believers rediscovering what faithfulness entails however is altogether possible theological ethicist Kenneth W. M. Wozniak takes the reader on a journey of encounter looking to the earliest Christians and their understanding of fidelity to the way of Jesus as a model for believers today and as the means by which the essence of faithfulness rooted not in adherence to a performance standard but rather in personal cultivation of the divine character the Jesus way not only can be discovered but also embraced and enjoyed by the one who aspires to align with the very being of God

What if a dear friend or relative told you that they cannot believe the Bible because it is teaching ideas contrary to common sense and proven science sharing the Gospel with another person can be hard enough but when the subject of creation comes up in the discussion communication often suffers and the Gospel message can be lost in and there was light author Thomas C. Weedon shows that there is no conflict between what the Bible affirms and proven science concerning the age of the universe a careful examination of Genesis finds that Scripture does not provide all the details of creation that some assume when they declare that everything was created six thousand years ago the universe and all that is in it is the work of God and the Bible is the word of God it is not logical for the works of God to be a contradiction to the word of God someday our children who have been raised in the church will leave home and move on in society and when they see the evidence and learn the truth concerning the true age of the universe will they question the Holy Scriptures and possibly leave the faith this does not need to happen and the first step is truly discovering what the Scriptures actually say about creation and understanding these works and words in context
