few historians have attempted an account of japan since 1945 yet the country s emergence as the second largest economy in the world has been one of the most dramatic and significant developments since the second world war dennis smith s work takes a deliberately historical approach in the belief that it is impossible to assess the nature of post war japan s achievement without first considering the significance of the pre war and wartime legacy it blends politics and economics aware that in japan the close links between the worlds of politics government and of business deny rigid divisions

accompanying an eight part television series this book tells of the transformation of japan from a humiliated and defeated country in 1945 to one of the world s leading commercial and industrial powers the book includes testimonies from many of the individuals who helped wreak this change

the ancient civilization of japan with its shinto shrines and buddhist temples is also closely associated with all that is new and modern looking outward japan sees what it has become since hiroshima the world s second largest economy a source of fury and wonder a power without arms looking inward japan sees old ways shaken and new ones developing at a hectic pace japan in the twenty first century offers compelling insights into the current realities of the country and investigates the crucial political economic demographic and environmental challenges that face the nation a combination of text maps and photographs provides an essential understanding of japan s geography cultural heritage demography economic and political development and of many other important issues pradyumna p karan explores the obstacles and opportunities that will shape japan and affect the world community in the coming years he highlights strategies and policies that will facilitate economic and political change and stimulate the development of effective institutions for long term sustainable prosperity and economic vitality unique field reports drawn from direct observations of events and places in japan illuminate japanese traditions and sensibilities the first full length english language textbook on japan s geography culture politics and economy to appear in nearly four decades japan in the twenty first century will be a vital resource for researchers academics general readers and students of japan pradyumna p karan professor of geography and japan studies at the university of kentucky is the author or editor of numerous books on asian geography and culture including the japanese city and japan in the bluegrass

in a rare combination of comprehensive coverage and sustained critical focus this book examines japanese history in its entirety to identify the factors underlying the nation s progression to superpower japan s achievement is explained not merely in economic terms but at a more fundamental level as a

product of historical patterns of response to circumstance japan is shown to be a nation historically impelled by a pragmatic determination to succeed the book also highlights unresolved questions and little known facts

this book explores the question of where power lies in the post cold war world the authors identify and discuss the factors which make the united states the world leader in the 1990s and consider the strengths and weaknesses of countries which may be on the way to becoming leaders in europe russia and the eu and asia japan and china

filling a gap in the existing literature this book analyzes the distinctive features of japan s development aid especially technical co operation in comparison with other donors aid incorporating a wealth of research it discusses whether japan is behind other leading donor countries in rethinking its aid policy and whether it lacks transparency sensitivity to recipient needs and a coherent and coordinated policy that targets poverty the volume assesses the nature and effectiveness of the administration of japan s aid and explores the degree of involvement of private sector and non governmental organizations ngos including contributions from experts with direct experience with japanese oda the book provides a wide range of recipient and donor viewpoints and presents important policy recommendations

this study argues that in japanese popular cinema the tragic hero narrative is an archetypal plot structure upon which male genres such as the war retro and yakuza films are based two central questions in relation to these post war japanese film genres and historical consciousness are addressed what is the relationship between history myth and memory and how are individual subjectivities defined in relation to the past the book examines the role of the tragic hero narrative as a figurative structure through which the japanese people could interpret the events of world war ii and defeat offering spectators an avenue of exculpation from a foreign imposed sense of guilt also considered is the fantasy world of the nagare mono drifter or yakuza film it is suggested that one of the reasons for the great popularity of these films in the 1960s and 1970s lay in their ability to offer men meanings that could help them understand the contradictions between the reality of their everyday experiences and the ideological construction of masculinity

the japanese education system has attracted increasing attention over the past 20 years largely due to the belief that it has been central to japan s

economic growth many have felt however that the system is stunted by an inability or perhaps even on an incapacity to change this study challenges these contentions it examines the reform policies implemented by prime minister nakasone during the 1980s and argues that not only has the system changed considerably as a result of nakasone's work but that it continues to do so it analyses the key areas of the education reform debate in particular internationalism government control of education increased liberalization and various social problems and considers the degree to which response to them have been successful this book will be of great interest to all those interested in the japanese educational system

rising east asia by chien pin li helps readers understand the dynamic changes to china japan and korea since the end of world war ii although the three countries have experienced stellar economic growth there have also been shifts in political dynamics social order and security landscapes to help people understand the past and present of the region and develop well informed opinions about its future li offers a book for east asian politics courses that reflects interdisciplinary collaboration one that brings the scholarly debate in comparative politics and international relations to bear on the rich information and knowledge accumulated from east asian studies each section is organized around the pursuit of three policy goals economic prosperity political governance and national security whatever their position may be the future of the region is likely to have major impacts on the rest of the world

the term soft power describes a country's ability to get what it wants by attracting rather than coercing others by engaging hearts and minds through cultural and political values and foreign policies that other countries see as legitimate and conducive to their own interests this book analyzes the soft power assets of the united states and japan and how they contributed to one of the most successful if unlikely bilateral relationships of the twentieth century sponsored by the u s social science research council and the japan foundation's center for global partnership the book brings together anthropologists political scientists historians economists diplomats and others to explore the multiple axes of soft power that operate in the u s japanese relationship and between the united states and japan and other regions of the world the contributors move beyond an either/or concept of hard versus soft power to a more dynamic interpretation and demonstrate the important role of non state actors in wielding soft power they show how public diplomacy on both sides of the pacific bolstered by less formal influences such as popular cultural icons product brands martial arts baseball and educational exchanges has led to a vibrant u s japanese relationship since world war ii despite formidable challenges emphasizing the essentially

interactive nature of persuasion the book highlights an approach to soft power that has many implications for the world today

the routledge handbook of japanese culture and society is an interdisciplinary resource that focuses on contemporary japan and the social and cultural trends that are important at the beginning of the twenty first century this handbook provides a cutting edge and comprehensive survey of significant phenomena institutions and directions in japan today on issues ranging from gender and family the environment race and ethnicity and urban life to popular culture and electronic media written by an international team of japan experts the chapters included in the volume form an accessible and fascinating insight into japanese culture and society as such the handbook will be an invaluable reference tool for anyone interested in all things japanese students teachers and professionals alike will benefit from the broad ranging discussions useful links to online resources and suggested reading lists the handbook will be of interest across a wide range of disciplines including japanese studies cultural studies anthropology sociology and asian studies in general

scholars of history anthropology literature and film explore the transformations in japanese politics culture and society since japans recession of the early 1990s

gorbachev s transformation of both soviet socialism and the cold war world atmosphere kindled a far reaching debate in japan would japan at last free itself of its secondary postwar standing would a new soviet system and world order soon be established gilbert rozman argues in japan s response to the gorbachev era that japanese perceptions of the soviet union are distinctive and are helpful for understanding what will become an influential worldview focusing on diverse opinion leaders and the relationship between the japanese media policy making and public opinion rozman shows how long standing negative images of soviet socialism and militarism have been reconsidered since the mid 1980s his analysis treats burning issues such as the northern territories dispute the soviet commitment to reform and the soviet american relationship it also sheds light on japanese views of soviet history modernization and national character such views reveal some of the building blocks for the emergent japanese worldview originally published in 1992 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and

hardcover editions the goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

the book offers a concise account of modern Japanese economic history and the essence of postwar macroeconomic issues and policy the nature of the Japanese corporation labour relations and technological innovations are discussed with three chapters devoted to Japan's international economic relations and trade surplus service sector including distribution health and education and with Japan's quality of life relating to matters such as pollution and urbanisation

this book looks at the emergence of China as a major importer and consumer of energy as well as examines contemporary issues within the Chinese oil industry as China benefits from globalization what is the impact on China's relations with countries in its neighbouring region when it seeks more oil importation from overseas sources China's industrial growth in the Pan Pearl River Delta region is outstripping its oil supply and China is turning to the ASEAN countries connected to its Pearl River tributaries to form a Pan region that acts both as a conduit for oil supply from other sources as well as the supply source itself geopolitics in the region represents one of the main obstacles standing in China's way for a regional agreement on maritime resources would the pressure on China for more energy translate into tension and conflicts how will Japan view or compete with China's initiatives in ASEAN given that Japan is still the region's largest investor after China's landmark energy crisis in 2004 how will China be able to strike a balance between economic growth and energy consumption with the growing importance of post industrial debate and environmentalism what are the implications of post industrialism for China for future energy use how will China utilize the options of alternative energy energy conservation and reinvigoration of old energy resources to meet its future oil needs

for the last 137 years the Statesman's Yearbook has been relied upon to provide accurate and comprehensive information on the current political economic and social status of every country in the world the appointment of the new editor only the seventh in 137 years brought enhancements to the 1998-99 edition and these have been continued since then internet usage figures are included specially commissioned essays from major political and academic figures supplement country entries in areas of major upheaval and change a fold out colour section provides a political world map and flags

for the 191 countries of the world the task of monitoring the pattern or flow of world change is never ending however the annual publication of the statesman s yearbook gives all the information needed in one easily digestible single volume it will save hours of research and cross referencing between different sources a prestigious and popular book the statesman s yearbook is updated every 12 months in a world of continual change the statesman s yearbook is a necessary annual purchase

examines the trajectory of the cold war and its impact on the rest of the world to seek lessons for international relations this title analyses issues such as the unipolar moment the economic balance of power the emergence of cooperative security frameworks and nuclear disarmament outlining where the potential for conflict is ingrained

dr albert schmid president of the federal office for migration and refugees according to the united nations about 200 million people of the estimated world population of 6.8 billion are international migrants that corresponds to about three per cent of the total world population the proportion of international migrants in the global population has increased only marginally in the last 40 years but as a result of global population growth the absolute number of migrants has increased and their structure and spatial distribution has changed considerably a structural shift has taken place primarily in the industrialised countries where less than 20 per cent of the global workers are now living but where more than 60 per cent of all migrants worldwide reside since 1990 more than 16 million people have moved to germany while about 11 million have left the country in the same period altogether 15 million people of international migration origin are living in germany comprising almost 19 per cent of germany s current population of 82 million at the end of 2006 about 64 million people out of europe s population of 732 million or nine per cent lived in a european country they were not born in but why does anybody migrate at all people decide to leave because in general they expect to find better conditions and opportunities in other countries or regions

provides analyses on the politico economic relationship between japan and china and a comparison of economic strengths between china and india in east asian economic integration provides an overall analysis on east asian economic integration including some observations on the recent development and future prospects of the region
