the oxford handbook of the latin bible contains thirty one chapters covering the history of the latin bible from its earliest translations the vetus latina the revisions leading to the vulgate the achievements and innovations of the carolingian period and middle ages the development of modern scholarship and the twentieth century innovation of the nova vulgata it includes discussions of key figures and interpreters the most important manuscripts and the significance of the latin bible in multiple fields

canonizing paul explores the role of ancient editorial practices on the production and exegetical reception of paul s letters as instantiated in the marcionite euthalian and vulgate editions by considering not only textual alteration but also arrangement and ancillary materials this study reveals the interrelationship of text and paratext

the so called canon tables of the christian gospels are an absolutely remarkable feature of the early late antique and medieval christian manuscript cultures of east and west the invention of which is commonly attributed to eusebius and dated to first decades of the fourth century ad intended to host a technical device for structuring organizing and navigating the four gospels united in a single codex and in doing so building upon and bringing to completion previous endeavours the canon tables were apparently from the beginning a highly complex combination of text numbers and images that became an integral and fixed part of all the manuscripts containing the four gospels as sacred scripture of the christians and can be seen as exemplary for the formation development and spreading of a specific christian manuscript culture across east and west ad 300 and 800 in the footsteps of carl nordenfalk s masterly publication of 1938 and few following contributions this book offers an updated overview on the topic of canon tables in a comparative perspective and with a precise look at their context of origin their visual appearance their meaning function and their usage in different times domains and cultures

the volume publishes the papers read at an international conference on the book of ben sira held at the shime on centre pápa hungary renowned specialists of the field treat among others various questions of early jewish wisdom thought the interpretation of history and canon forming

reissuing works originally published between 1952 and 1999 this set provides a wide spread of scholarship on issues surrounding food provision throughout the world the earlier books look at import and export changes during times when previous trade routes and options changed while later ones mostly consider food assistance policies poverty and famine and welfare these books cover third world studies economics anthropology politics environment

agriculture and population studies as well as food and nutrition

this study is the first detailed exploration of the events and personalities that inspired the early eleventh century saint vaast bible s highly innovative miniature program copied and illuminated in the venerable abbey of saint vaast arras the bible broadcast the political and theological beliefs of bishop gerard of cambrai and abbot richard of saint vanne who cooperated in the sometimes contentious reform of a series of abbeys throughout flanders while the miniature program defended royal and episcopal hegemony and highlighted the importance of cooperation between secular and ecclesiastical government the layout of the bible facilitated continuous reading during the monastic office illustrated with 46 figures and 10 color plates this book introduces one of the earliest and most important romanesque giant bibles

dongbin choi offers a philological and thematic analysis on the scriptural language in the book of 1 maccabees a text that is written with a linguistic technique that utilizes earlier jewish texts in order to promote the religiopolitical agendas of its author choi engages in the dialogue between the traditional view that treats 1 maccabees as a religious writing and the radical view that considers it as political propaganda choi suggests that the author of 1 maccabees deploys scriptural language in such a nuanced way that he both promotes the legitimacy of the hasmonean rule in judea under john hyrcanus i and shows his appreciation of conservative jewish sensitivity toward their traditions relating to deuteronomic covenant biblical judges and jewish messianism by discussing past scholarly literature on the use and function of scripture in 1 maccabees analyzing various literary political and cultural aspects that influenced the creation of the text and finally exploring philological and conceptual parallels between scripture and 1 maccabees and the use of scripture in the eulogies of the hasmoneans choi has created a singular reinterpretation of both text and author

a new translation and commentary on i maccabees that offers a fresh interpretation of the author s values and purpose first maccabees composed in the second century bce chronicles four decades of clashes between hellenistic syria and judea from antiochus epiphanes s ascent to the throne in 175 bce to the hasmoneans establishment of an independent judean state ruled by simon and his sons in this volume daniel r schwartz provides a new translation of the greek text and analyzes its historical significance in dialogue with contemporary scholarship the introduction surveys the work s themes sources and transmission while the commentary addresses textual details and issues of historical reconstruction often devoting special attention to the lost hebrew original and its associations schwartz demonstrates that 1 maccabees despite its hebraic biblical style and its survival within the christian canon deviates from biblical and judaic works by marginalizing god evincing scorn for martyrs and ascribing to human power and valor crucial historical roles this all fits its mandate justification of the hasmonean dynasty especially the simonides

in this study vevian zaki places the arabic versions of the pauline epistles in their historical context exploring when where and how they were produced transmitted understood and adapted among eastern christian communities across the centuries she also considers the transmission and use of these texts among muslim polemicists as well as european missionaries and scholars underpinning the study is a close investigation of the manuscripts and a critical examination of their variant readings the work concludes with a case study an edition and translation of the epistle to the philippians from manuscripts london bl or 8612 and vatican bav ar 13 a comparison of the translation strategies employed in these two

versions and an investigation of the possible relations between them

thoroughly revised for its third edition this volume is the most comprehensive multidisciplinary text on genitourinary cancers this edition has two new editors frans m j debruyne and w marston linehan and more than 50 new contributors seventeen new chapters cover familial prostate cancer biology of bone metastases molecular pathology and biologic determinants psa and related kallikreins needle biopsy laparoscopic surgical procedures 3d conformal radiotherapy hormones and radiotherapy integration of chemotherapy and other modalities quality of life after treatment of localized prostate cancer management of rising psa after local therapy the role of surgery in advanced bladder cancer post chemotherapy node dissections and resection of metastatic disease and stem cell transplantation

in the text of the hebrew bible and its editions some of the top world scholars and editors of the hebrew bible and its versions present essays on the aims method and problems of editing the biblical text s taking as a reference the complutensian polyglot first modern edition of the hebrew text and its versions and whose fifth centennial was celebrated in 2014 the main parts of the volume discuss models of editions from the renaissance and its forerunners to the digital age the challenges offered by the different textual traditions particular editorial problems of the individual books of the bible and the role played by quotations it thus sets a landmark in the future of biblical editions

dries de crom intends to stimulate the cross fertilization of septuagint studies and translation studies particularly the theoretical framework of descriptive translation studies dts it engages with concepts and theories from dts in order to demonstrate their applicability to the study of the septuagint the aim is not to replace the established methods of septuagint studies but rather to show that they are fully compatible with descriptive approaches to translation the greater part of the volume is dedicated to a meticulous verse by verse comparison between the lxx and mt texts of song of songs as there is at present no full critical edition of the greek texts of song of songs due attention is given to the most important witnesses to the pre hexaplaric text the textual study engages with matters of translation technique textual criticism linguistic interference and the interpretation of lxx song of songs on the basis of this textual analysis the volume explores the question of kaige theodotion and lxx song of songs relation to it as well as the peculiar textual linguistic profile of lxx songs of songs against the background of translational norms interference interlanguage and literary code

in all religions in the medieval west as in the east ideas about the past the present and the future were shaped by expectations related to the end the volumes cultures of eschatology explore the many ways apocalyptic thought and visions of the end intersected with the development of pre modern religio political communities with social changes and with the emergence of new intellectual and literary traditions the two volumes present a wide variety of case studies from the early christian communities of antiquity through the times of the islamic invasion and the crusades and up to modern receptions from the latin west to the byzantine empire from south yemen to the hidden lands of tibetan buddhism examining apocalypticism messianism and eschatology in medieval christian islamic hindu and buddhist communities the contributions paint a multi faceted picture of end time scenarios and provide their readers with a broad array of source material from different historical contexts the first volume empires and scriptural authorities examines the formation of literary and visual apocalyptic traditions and the role they played as vehicles for defining a community s

religious and political enemies the second volume time death and afterlife focuses on key topics of eschatology death judgment afterlife and the perception of time and its end it also analyses modern readings and interpretations of eschatological concepts

the book of ben sira comes to us in a bewildering variety of ancient textual forms each version shows how the book was received and interpreted in a new situation and by another community of readers the present volume contains studies by some of the best specialists in this field of research each of the ancient text forms of ben sira hebrew greek syriac and latin is studied in its proper context and analysed in regard to what explains the typical changes it contains

this volume of collected essays on ephesians is divided into three sections the first part deals thoroughly with introductory questions such as composition and style the relationship to other early christian literature and qumran authorship with a new suggestion addressees and social setting in the second part the extensive history of early christian texts and editions in the muratorian canon the marcionite prologues and the euthalian apparatus with special regard to ephesians is investigated the third part is dedicated to the interpretation of texts and themes of special importance for the understanding of this pseudo pauline letter by one of paul s younger disciples and co workers here the theological and liturgical setting is reflected upon through all the detailed scrutiny of the history and the semantics of the epistle to the ephesians the question of its illocutionary function remains in focus not only what the auctor of ephesians says in his letter but what he does by saying it is the central issue in nils alstrup dahl s life long interest in this intriguing letter more than half of these essays have never been published before and one essay is translated from norwegian into english for the first time
