with the national push towards inclusion more students with disabilities are being placed in general education settings furthermore when placed more students with disabilities are entering social studies classrooms than any other content area classroom teachers are being asked to reach and teach all students often with little support there are numerous texts on the teaching of social studies an equal number on teaching students with disabilities blending best practice in social studies and special education instruction this book provides both pre and in service educators simple practical strategies that support the creation of engaging relevant and appropriate social studies opportunities for all students though the strategies presented are useful for all students they are particularly beneficial for students with disabilities from universal design for learning mnemonics graphic organizers and big ideas to co teaching screen readers and the virtual history museum this book offers hands on practical ideas general educators can use when teaching k 12 social studies in inclusive classrooms

called the the most important number you ve never heard of by leading environmental economists the social cost of carbon scc aims to capture in a precise number the harm caused by emitting a single ton of carbon dioxide into the atmosphere in the social cost of carbon j paul kelleher offers a systematic analysis of the social cost of carbon its theoretical basis and its proper role in climate economics and climate policy design the book explains that the scc is not one concept but four each of which is addressed to a distinct task in climate economics moreover these concepts can be sorted into two families that correspond to the two branches of welfare economics social choice theory and general equilibrium theory kelleher draws on these radically different theoretical frameworks to explain how a mathematically identical pair of scc concepts can emerge from each he then argues that the analytical power of each scc concept is limited by its inability to fully capture the ethical considerations that bear on responsible climate policy the book concludes by explaining how some scc concepts can and should be put to work in real world climate change policy analysis providing practical advice for translating the scc into tangible change

this book edited by experienced scholars in the field brings together a diverse array of educators to showcase

lessons activities and instructional strategies that advance inquiry oriented global learning directly aligned to the college career and civic life c3 framework for social studies state standard this work highlights ways in which global learning can seamlessly be interwoven into the disciplines of history economics geography civics psychology sociology and anthropology recently adopted by the national council for the social studies the nation s largest professional organization of history and social studies teachers the c3 framework prioritizes inquiry oriented learning experiences across the social studies disciplines in order to advance critical thinking problem solving and participatory skills for engaged citizenship

the third edition of the social studies curriculum thoroughly updates the definitive overview of the primary issues teachers face when creating learning experiences for students in social studies by connecting the diverse elements of the social studies curriculum history education civic global and social issues the book offers a unique and critical perspective that separates it from other texts in the field this edition includes new work on race gender sexuality critical multiculturalism visual culture moral deliberation digital technologies teaching democracy and the future of social studies education in an era marked by efforts to standardize curriculum and teaching this book challenges the status quo by arguing that social studies curriculum and teaching should be about uncovering elements that are taken for granted in our everyday experiences and making them the target of inquiry

in the wake of the greek and irish crises and at a moment when solidarity between states is hotly debated on a daily basis at eu level it is important to understand how solidarity can happen at all the road to social europe reviews the development of political cultural processes since the nineteenth century showing how social protection and social justice have gradually become interwoven with systems of social protection or welfare states grounded on extensive empirical research conducted in many eu countries and in the european commission s administration over twenty years the book provides a cultural analysis of welfare systems in europe it also presents an original enquiry into the importance of languages for politics in europe for the politics of welfare and for sociological research it shows how sociological and ethnographic analysis can help in understanding the current and future challenges of european integration that rely unilaterally on functional economics this in depth sociological analysis of european diversity will appeal to a wide audience of students and scholars of sociology political science political economy and european

studies

designed to help students develop skills in evaluating research and conducting studies this brief version of rafael j engel and russell k schutt s popular the practice of research in social work makes principles of evidence based practice come alive through illustrations of actual social work research with integration of the cswe competencies the text addresses issues and concerns common to the discipline and encourages students to address diversity and ethics when planning and evaluating research studies the second edition includes a focus on qualitative research a new chapter on research ethics new sections on mixed methods research and community based participatory research and more

the current health situation has been described as chaotic and devastating humanity s trust in the future and in its human capacity to overcome a disaster of such magnitude is even starting to wither away if science still lacks a response to the pandemic can the humanities offer something to cope with this situation the world can adopt a historical perspective and realize that this is not the first time a global pandemic has struck issues including illness suffering endurance resilience human survival etc have been dealt with by literature philosophy psychology and sociology throughout the ages and should be explored once again in response to the covid 19 pandemic the handbook of research on historical pandemic analysis and the social implications of covid 19 explores the issue of disease from a variety of philosophical legal historical and social perspectives to offer both comprehension and consolation to the human psyche this group of scholars within the fields of education psychology linguistics history and philosophy provides a comprehensive view of the humanities as it relates to the pandemic within the frame of human reaction to pain and calamity this book also looks at the impact the covid 19 pandemic has had on society in a multidisciplinary capacity that examines its effects in education government business and more covering topics such as public health legislation sociology impacts on women and population genetics this book is essential for sociologists psychologists communications experts historians researchers students and academicians

how does a black man in austin get sent to prison on a 70 year sentence for stealing a tuna sandwich likely costing texas taxpayers roughly a million dollars in america your liberty or even your life may be forfeit not simply because

of what you do but where you do it if the same man had run off with a lobster roll from a lunch counter in maine it s unlikely that he d be spending the rest of his life behind bars the u s incarcerates more people than any other industrial democracy in the world we have more ex prisoners than the entire population of ireland and more people with a felony record than the populations of denmark norway new zealand and liberia combined why did the united states become the world s biggest jailer and just as importantly what has it done to us what are the costs socially economically and politically of having the world s largest population of ex prisoners and what can we do about it in this landmark book kevin b smith explains that the united states became the world s biggest jailer because politicians wanted to do something about a very real problem with violent crime that effort was accelerated by a variety of partisan and socio demographic trends that started to significantly reshape the political environment in the 1980s and 1990s the force of those trends varied from state to state but ultimately led to not just historically unprecedented levels of incarceration but equally unprecedented numbers of ex prisoners serving time behind bars is now a normalized social experience it affects a majority of americans directly or indirectly there is a clear price the jailer s reckoning to be paid for this as smith shows it is a society with declining levels of civic cohesion reduced economic prospects and less political engagement mass incarceration turns out to be something of a hidden bomb a social explosion that inflicts enormous civic collateral damage on the entire country and we must all do something about it

this research agenda for social wellbeing introduces scholars and planners to the importance of a wellbeing lens for the study and promotion of social flourishing it demonstrates the importance of wellbeing as a public good not just a property of individuals

this book presents original research results on the leading edge of psychology each chapter has been carefully selected in an attempt to present substantial advances across a broad spectrum contents preface comparison of the psychosocial association of japanese children and their parents in the us and in rural area in japan the importance of relationship information for children s evaluation of peers and social situations when people belong to more than one social group a fit based approach to multiple categorisation gender role stereotyping in television advertisements a comparative study of british and serbian television applications of social and personality psychology to computer

based on the premise that terrorism is essentially a message terrorism and communication a critical introduction examines terrorism from a communication perspective making it the first text to offer a complete picture of the role of communication in terrorist activity through the extensive examination of state of the art research on terrorism as well as recent case studies and speech excerpts communication and terrorism scholar jonathan matusitz explores the ways that terrorists communicate messages through actions and discourse using a multifaceted approach he draws valuable insights from relevant disciplines including mass communication political communication and visual communication as he illustrates the key role that media outlets play in communicating terrorists objectives and examines the role of global communication channels in both spreading and combating terrorism this is an essential introduction to understanding what terrorism is how it functions primarily through communication how we talk about it and how we prevent it

designed for use in elementary and secondary social studies education courses this book supports the teaching of social studies methods in a range of educational settings by highlighting long standing content and principles of social studies education in a concise and direct way this volume offers the building blocks of a comprehensive course for use as springboards to the effective presentation of professors desired course emphases with sections on foundations subject areas and best practices this text explains the intersection between the modelling role of social studies teachers as democratic citizens social studies fields of study and strategies implemented in the classroom to encourage students critical thinking and values formation

anglo indians are a mixed race christian and anglophone minority community which arose in south asia during the long period of european colonialism an often neglected part of the british raj their presence complicates the

traditional binary through which british imperialism is viewed of ruler and ruled coloniser and colonised the book analyses the processes of ethnic group formation and political organisation beginning with petitions to the east india company state through the raj s constitutional communalism to constitution making for the new india it details how anglo indians sought to preserve protected areas of state and railway employment amidst the growing demands of indian nationalism anglo indians both suffered and benefitted from colonial british prejudices being expected to loyally serve the colonial state as a result of their ties of kinship and culture to the colonial power whilst being the victims of racial and social discrimination this mixed experience was embodied in their intermediate position in the raj s evolving socio racial employment hierarchy the question of why and how a numerically small group who were privileged relative to the great majority of people in south asia were granted nominated representatives and reserved employment in the new indian constitution amidst a general curtailment of minority group rights is tackled directly based on a wide range of source materials from indian and british archives including the anglo indian review and the debates of the constituent assembly of india the book illuminatingly foregrounds the issues facing the smaller minorities during the drawn out process of decolonisation in south asia it will be of interest to students and researchers of south asia imperial and global history politics and mixed race studies

this work offers an analysis of how private corporations and industries can become effective partners with government in training and hiring welfare recipients for permanent positions it provides a practical explanation of the specific steps needed to establish such a programme with a case study résumé de l éditeur

a one of a kind text designed to launch readers into a thoughtful encounter with gender issues questioning gender a sociological exploration third edition serves as a point of departure for productive conversations about gender and as a resource for exploring answers to many of those questions rather than providing definitive answers this unique book exposes readers to some of the best scholarship in the field that will lead them to question many of their assumptions about what is normal and abnormal the author uses both historical and cross cultural approaches as well as a focus on intersectionality and transgender issues to help students understand the socially constructed nature of gender

the realm of sustainable development focuses on the ability to meet the demands of the present while not compromising the demands of the future the knowledge of balancing sustainable development goals with high performance is essential even more essential is sharing the practices and accomplishments within sustainable development so that it may be spread throughout many organizations and societal functions the handbook of research on novel practices and current successes in achieving the sustainable development goals provides valuable insights challenges and practices to highlight the key determinants in achieving the sustainable development goals this book presents a complex and thorough theoretical infrastructure concerning the sustainable development goals challenges and practices as well as an important set of empirical results that will make a tremendous contribution to the analysis of the key determinants specific to the sustainable development goals covering topics such as alternative consumption models non profit organizations and sustainable communities this is an essential text for academicians scientists researchers students phd scholars post doctoral students specialists practitioners governmental institutions and policymakers worldwide
