jesus quotes psalms when he said ye are gods and children of the most high god and as christ has all that his father has then divinity is certainly within our grasp if we will be obedient humble and willing to be perfected through christ it is crucial to recognize that personal development is not solely about achieving external goals but also about becoming the best version of oneself as you embark on your development journey remember that your health physical mental and spiritual is your most valuable asset and it deserves the utmost care and attention since you do not have complete control over the social and physical circumstances you encounter on a daily basis there are bound to be inconsistencies between what

your identities goals and preferences lead you to expect or wish in specific situations and what actually occurs you need not blame anyone or anything for your current situation the overall goal is to learn to create your own conditions no matter how challenging they may appear recent research supports the commonsense notion that it is better to face your troubles than to run away from them although escaping painful feelings like anxiety depression and anger may make you feel better in the short run in the long run avoidance prevents you from having positive corrective experiences associated with facing these painful feelings whether you want to make just a few changes in your lifestyle or you need a major life overhaul this workbook shows you how to get started and stick with a program that is tailored for you it would require an optimistic outlook on life effective self regulation is the foundation of normal psychological functioning the route to long term success is fraught with challenges nobody is spared the gauntlet mental fortitude is essential to overcome obstacles that threaten to derail us from our objectives there is no other way to achieve sustained excellence to some it seems cliché but to others it is the sole reason for becoming a better person today than you were yesterday so how can you create the best you it is entirely up to you to decide however you must be prepared and willing to delve deeply to do so anyone who has achieved long term success has mental toughness if there is no struggle there is no progress though no one can go back and make a brand new start anyone can start from now and make a brand new ending over the course of 101 days your splendor will build on itself and that momentum will not only propel you forward but will also spread to others you will be in the best position for success if you take the time to read the book over the course of 101 days and most importantly take action daily and record the same in the book i have chosen 48 character traits for you to develop or strengthen determine which trait to work on first alternatively you can work on numerous qualities at once it is suggested however that you follow the direction this journal takes you approach this book with the understanding that in order to become the best version of yourself you will need to make certain changes and genuinely travel your own path in doing so you will be required to reconsider many things you've learned thus far although the approach i've outlined is quite easy my goal with this workbook is to help you

overcome life's problems and empower you to take control of your life what is unique about this book is that it immediately zeros in on what is relevant to you that is the specific stressors in your life and how you react to them do the best you can until you know better then when you know better do better maya angelou
