thinking about using prince2 to manage your projects or preparing for prince2 training need a rounded introduction to help you get to grips with the basics prince2 for beginners from introduction to passing your foundation exam is the perfect start this readable end to end explanation is simple enough to introduce you to the basics yet includes everything you need to know to get through the foundation exam this new concise edition starts from a more accessible level than other detailed manuals or brief refreshers and will help ease you into the topic and put the method into a real world context

prince2 projects in controlled environments is a widely used method for managing projects particularly in the united kingdom as well as in other countries i wrote this book to develop the reader's working knowledge of all aspects of prince2 with the goal of providing a truly useful self study manual for the prince2 foundation qualification the book is based on the most recent revisions to the method made in 2009 so it's as current as any other resource on the market today i have written this guide as an efficient self study manual that presents what you need to grasp the fundamentals of prince2 and understand it as a logical system it is specifically aimed at readers who are studying for the foundation qualification and want to get the most out of their study time although anything in this book can appear on the examination certain parts of the method show up repeatedly so at the end of the chapter you will find a list of the concepts you should review more intensively along with study tips and tricks in the second part of the book you will find 75 sample test questions followed by a separate section giving the answers and which element of the method each question is taken from this way you can focus on a particular area of prince2 where you need to do more work

whatever your project no matter how big or small prince2 for dummies is the perfect guide to showing you how to use this project management method to help ensure its success taking you through every step of a project from planning and establishing roles to closing and reviewing this book provides you with practical and easy to understand advice on using prince2 it also shows how to use the method when approaching the key concerns of project management including setting up effective controls managing project risk managing quality and controlling change prince2 allows you to divide your project into manageable chunks so you can make realistic plans and know when resources will be needed prince2 for dummies provides you with a comprehensive guide to its systems procedures and language so you can run efficient and successful projects

this reference manual describes the prince2 project management method which provides detailed guidance on how to set up organize manage control and deliver your projects on time within budget and to the right quality

thank you for reading our prince2 foundation training manual the main objective of this book is to provide an easy to read and easy to understand prince2 foundation training manual the official prince2 manual managing successful projects with prince2 is an excellent reference manual but it is not a training manual and should not be used as one as it is very difficult to comprehend and understand if you are new to project management the official prince2 manual also covers the complete practitioner syllabus and it's impossible to know which parts are just focused on the prince2 foundation syllabus so you have to read everything which is not good if you are just studying for the foundation exam henceforth this book is meant to be and is an easy introduction to prince2 based on the foundation syllabus and it's quickly becoming the most read book for people wishing to learn about prince2 and prepare for the foundation exam

the 2009 edition of managing successful projects with prince2 represents an evolution of the previous manuals the basic methodology remains but by building on comments from users this new manual aims to be more accessible and easier to tailor for specific individual needs the new directing successful projects with prince2 is aimed at supporting the senior manager responsible for a project specifically those managers undertaking an executive role on a project for the first time

book pack consisting of managing successful projects with prince2 isbn 9780113315338 and directing successful projects with prince2 isbn 9780113315727

directing successful projects with prince2 has been designed to be a role specific handbook for senior managers and project board members which describes how to oversee projects being managed using prince2 the guide sets prince2 in the wider context of project management but still non specific for industry sector and describes or cross references techniques which support the prince2 method managing successful projects with prince2 is an invaluable resource for practitioners responsible for delivering projects because it provides clear step by step guidance on implementing prince2 to ensure effective project management and measurable benefits for organizations

this practical guide shows you how to embed prince2 within your organization and tailor the method to your specific work environment and business context complementing and expanding on the guidance in the prince2 manual this publication covers a diverse range of situations using case studies based on real experience you will find out how to assess a project to determine what level of tailoring is required and how to embed prince2 effectively within your organization to enhance the benefits of using this method

this handbook condenses the managing successful projects with prince2 6th edition into a concise and handy format to use in conjunction with the main manual offering an ideal quick reference guide for all prince2 practitioners

effective project management the prince2 method book is the official guide for the prince2 foundation and practitioner exams they are the first steps to becoming an effective project manager and gain your project management professional certification

learn project management via prince2 for beginners for self study and foundation exam prince2 projects in controlled environments is a widely used method for managing projects particularly in the united kingdom as well as in other countries i wrote this book to develop the reader s working knowledge of all aspects of prince2 with the goal of providing a truly useful self study manual for the prince2 foundation qualification the book is based on the most recent revisions to the method made in 2009 so it s as current as any other resource on the market today i have written this guide as an efficient self study manual that presents what you need to grasp the fundamentals of prince2 and understand it as a logical system it is specifically aimed at readers who are studying for the foundation qualification and want to get the most out of their study time although anything in this book can appear on the examination certain parts of the method show up repeatedly so at

the end of the chapter you will find a list of the concepts you should review more intensively along with study tips and tricks in the second part of the book you will find 75 sample test questions followed by a separate section giving the answers and which element of the method each question is taken from this way you can focus on a particular area of prince2 where you need to do more work inside prince2 for beginners book inside this book you ll discover the 7 principles business case organization quality plans risk change progress the 7 processes starting up a project directing a project initiating a project managing a stage boundary controlling a stage managing product delivery closing a project tailoring to the environment the prince2 foundation examination foundation examination questions answers and chapter references

prince2 is a highly successful project management method for those who are sitting prince2 exams or embarking on their first project there s a lot to learn and remember how do you capture the fundamental principles the essential themes and bring them to mind when you need them

everything you need to know about the prince2 qualification whether your studying have passed the exam and wondering what to do next or simply wanting to start using the best of prince2 straight away this book is designed to give practical information and advice about the project management method prince2 this is a lighter version of the official text and more accessible providing only what you need to know it includes a reference map of prince2 s approach and themes a unique feature that will provide a rich graphical representation of prince2 s key features from the author according to the office of government commerce 20 000 organisations in 150 countries are using prince2 and there s an ever growing interest in becoming a qualified practitioner so for those with an interest in project management it s one of the hottest tickets around i ve written brilliant prince2 for those in search of a concise and accessible guide to this popular method it covers all of the core material so it s ideal for those studying for a prince2 exam or looking for a handy reference source to back up what s been learned already you ll notice that the book has been accredited as an official prince2 product prince2 is a big subject the official manual weighs in at over 300 pages brilliant prince2 helps to make sense of it all by guiding you step by step from project kick off through delivery and on to closure there are chapter by chapter summaries of all the key points and topics are mapped back to the prince2 manual you ll even find two diagrams that each manage to fit prince2 onto a single page importantly there s also plenty of practical advice on applying prince2 tools and techniques in the real world this is based on many years of using the method to deliver all sorts of

projects you'll find lots of useful tips, examples of best practice, and a good smattering of war stories to make the material easier to digest.

The Prince2 agile practical implementation guide, step by step advice for every project type, second edition, is an official Axelos licensed guide that explains the Prince2 agile framework in clear business language with practical guidance on how to implement this framework for any project in your organisation.
