following the tradition of its predecessor the fifth edition of nutrition maintaining and improving health continues to offer a wide ranging coverage of all aspects of nutrition while providing new information to this edition including increased coverage of experimental and observational methods used in nutrition in depth focus on the nutritional implications of the increased adoption of vegetarian and vegan lifestyles streamlined referencing a short selected list of key references at the end of each chapter with url links to free additional resources where possible discussion of nutrition debates critical coverage of medicinal uses of food including superfoods functional foods and dietary supplements updated bullet

point summaries of key points after each major topic within each chapter the author provides an evidence based evaluation of many key nutrition beliefs and philosophies the book contains in depth and critical reviews of the methods used to evaluate nutritional intakes status and the observational and experimental used to investigate putative links between dietary factors and health outcome it covers the role of food as a source of energy and nutrients while discussing the non nutritional roles of food and the social and psychological factors that influence food choice presenting a critical discussion on the value of nutrition research linking specific foods or nutrients to specific diseases which encourages students to question the value of some current nutrition research this is essential reading for all nutrition and dietetics students with different backgrounds who are studying nutrition as a specific discipline for the first time

this book examines how territorial civilisational and cultural location determines one's gaze and attitude while representing a contested space like tibet it analyses representations of tibet in three novels james hilton's lost horizon 1933 jamyang norbu's the mandala of sherlock holmes 1999 and kaushik barua's windhorse 2013 it shows how these novels project different types of gaze insider outsider and insider outsider and explores them within the context of some contemporary tibetan activist writers the book also looks at tibetan exilic writings and virtual activities of the tibetan activists whose programmes and rhetoric counter the age old image of the tibetans as passive and non violent people it shows how activists utilise social networking as an effective platform to counter imperialist occupation of tibet by china it includes interviews of eight anglophone tibetan writers tenzin tsundue thubten samphel tsering namgyal khortsa tsering wangmo dhompa jamyang norbu tenzin dickie bhuchung d sonam and an indian writer who has written on tibet kaushik barua interdisciplinary accessible and engaging this book presents one of the first studies on how tibet has been represented in english fiction it will be of interest to scholars and researchers of literature media and cultural studies politics history and china studies

comparative regional integration has met with increasing interest over the last twenty years with the emergence or reinforcing of new regional dynamics in the eu nafta mercosur and asean this volume systematically and comparatively analyses the reasons for regional integration and stalemate in european latin american and asian regional integration it examines whether regional integration systems change in crisis periods or more precisely in periods of economic crises and why they change in different directions based on a neo institutionalist research framework and rigorously comparative research design the individual chapters analyse why financial and economic crises lead to more or less integrated systems and which factors lead to these institutional changes specifically it addresses institutional change in regional integration schemes power relations between member states and the institutions in different policy

domains and change in individual or collective citizens attitudes towards regional integration adopting an actor centred approach the book highlights which regional integration schemes are influenced by economic and financial crises and how to explain this this text will be of key interest to scholars students and policy specialists in regional integration european politics international relations and latin american and asian studies

a range of texts and ideas across time that together give us the essence of indian thought and wisdom india is a civilisation of moulik soch the power of original thought this faculty has been the bedrock on which the indian people have survived and flourished since the dawn of time other ancient civilisations such as the greek roman persian assyrian and even classical chinese have long since ceased to exist what makes our civilisation different is a certain ability for cerebral interrogation discovery and renewal that has bestowed the great stream of indian ideas with antiquity continuity diversity assimilation and peaks of refinement this compendium or anthology seeks to capture some of the magnitude of this vast ideational canvas its breadth covers a period of 7 000 years at the very least from the rigveda dated circa 3500 to 3000 bce to the philosopher osho closer to the present the subjects it includes range from philosophy metaphysics religion values politics economics arts literature poetry and aesthetics to social change and renewal the geographical sweep is as wide covering the whole of bharatvarsha from the himalayas to kanyakumari and dwarka to puri and the northeast from the ancient nasadiya sukta to twentieth century discussions about caste and nation this is an anthology of indian philosophical and political thought that deserves a place on every bookshelf wise and diverse reflective and provocative each of the pieces in this collection be it sanskrit verse urdu poetry or a speech in parliament belongs to the canon of intellectual thought that defines indianness

in recent social research ethnicity has mostly been used as an explanatory variable it was only after it was agreed that ethnicity in itself is subject to change were the questions of how and why it changes possible to answer this multiplicity of ethnic identities requires that we think of each society as one with multiple ethnic dimensions of which any can become activated in the process of political competition and sometimes several of them within a short period of time focusing on malaysia and indonesia this book traces the variations of ethnic identity by looking at electoral strategies in two sub national units it shows that ethnic identities are subject to change induced by calculated moves by political entrepreneurs who use identities as tools to maximize their chances of winning elections or expanding support base and highlights how political institutions play an enormous role in shaping the modes and dynamics of these ethno political manipulations the book suggests that in societies where ethnic identities are activated in politics instead of analysing politics with ethnic distribution as an

independent variable ethnic distribution can be taken as the dependent variable with political institutions being the explanatory one it examines the problems of voters behaviour and parties and candidates strategy in a polity that is to a significant extent driven by ethnic relations pushing the boundaries of qualitative research on southeast asian politics by placing formal institutions at the centre of its analysis this book will be of interest to students and scholars of southeast asian politics race and ethnic studies and international relations

through what he terms bibliographical sociology suman gupta explores the presence of english language publications in the contemporary indian context their productions circulations and readerships to understand current social trends

being able to access fish and other aquatic resources in inland waters for nutrition and food security is essential for rural populations in many developing countries and inland fisheries contribute significantly to achieving the sustainable development goals the voluntary guidelines on the responsible governance of tenure of land fisheries and forests in the context of national food security and the voluntary guidelines for securing sustainable small scale fisheries in the context of food security and poverty eradication are tools allowing governments to strengthen governance and develop policies that secure equitable distribution of benefits and empower stakeholders this document examines the tenure systems rights and governance issues in the vast diverse and complex inland fisheries of india the objective is to highlight how inland fisheries have been changing and the associated challenges for governance and tenure the legal and policy contexts within which fishing in rivers wetlands and estuaries takes place are described as well as the diversity of fishing activities and practices in the different environments found in india which include inland capture fisheries culture based fisheries and freshwater aquaculture systems multiple drivers of change that affect inland fisheries are discussed from within the fisheries sector and from wider social economic and environmental contexts the ways in which formal and informal institutional arrangements and customary access regimes interact with each other are highlighted the potential outcomes of institutional change and emerging policies for ecological sustainability economic equity and social justice are discussed with a focus on capture fisheries within india s inland fisheries
