kiss is the most outrageous and yet the most enduring of rock bands with an unparalleled almost religious level of devotion from millions of die hard fans in kiss and philosophy professional thinkers of diverse outlooks provide much needed insights into the motivating ideas and metaphysical foundations of the kiss take on life according to some the true message of kiss is self actualization through the hard work of following your dreams others focus on the existential aspect of kiss thinking drawing upon camus and sartre to show that kiss is preoccupied with empowering the individual to achieve self greatness by contrast there is a view of kiss which identifies a destroyer attitude leading some listeners to reject kiss outright while encouraging others
