although many would today argue that the onetime dominance of the phenomenology of religion has receded and with it the traditional approach to studying religion as a unique and deeply felt experience that defies explanation the essays collected here take quite the opposite stand that this approach has merely been re-branded and continues to characterize much work being done in the field today offering a different way forward one that is based on experiences gained by the members of the

department of religious studies at the university of alabama a program that has successfully reinvented itself over the past 20 years the book includes a variety of practical suggestions for how members of religious studies departments can revise their approach to studying and teaching about religion seeing religion instead as mundane but always exemplary of basic social elements found all across cultures the volume argues that the way forward for this field lies not in the specialness of its object of study but instead the fact that thinking and acting as if something is special is itself an ordinary aspect of history and culture making just this shift helps the scholar of religion to contribute to wide interdisciplinary conversations all across the humanities and social sciences demonstrating the practical relevance of their work

this book is a collection of essays i have written over the years about the scholarly writing doctoral study and the academic life most were published in a variety of venues including my blog but i thought it would be useful to put them all together in one volume most of them i wrote for the benefit of my doctoral students in order to give them insight into the nature of the world they were entering and provide them with advice about how to negotiate this world

many students fall down not on knowledge but on how to arrange analyse and evaluate an argument so that the question is fully and clearly answered written an experts in the subject this book uniquely uses twelve real examples of essays written in actual exams to demonstrate conclusively how to write a top philosophy essay mistakes in arguments are clarified and suggestions made of how to practise structuring an argument for maximum effect this book is a must read for anyone seeking to improve their essay writing skills
