this book provides a detailed analysis of mutual fund regulations and governance in the uk from the investor protection perspective it comprehensively describes mutual funds by their function social utility and legal attributes examining the level of protection provided to retail investors under existing regulations mutual funds are externally managed with fund ownership separated out from their management which carries a potential conflict of interest between the self interests of the fund management and each fund s investors the book provides an in depth analysis of this agency problem in the mutual fund industry comparing the competing governance models in the uk and the us and the supervision of management activities in the uk it investigates the main governance mechanisms including disclosure the effectiveness of voting rights and the role of the financial conduct authority in protecting investors it also considers the role of prudential regulations in protecting mutual fund investors with a particular focus on risk management and mutual fund liquidity crisis the book further investigates the impact of the withdrawal of the uk from the european union brexit on the industry and what this means for the future of the undertakings for collective investment in transferable securities ucits in the uk the concept of mutual funds is still not clearly understood so this book will clearly define the different legal and practical aspects of mutual funds it will be the first substantial study of mutual fund governance mechanisms under the existing mutual fund laws and regulations in the uk

cultural history of the nuclear civil defense excercises in the us canada and the uk which emphasizes the performative aspect of the staged drills and evacuations

this is a manual of law and practice relating to the 14 remaining british overseas territories anguilla bermuda british antarctic

territory british indian ocean territory cayman islands falkland islands gibraltar montserrat pitcairn islands st helena ascension and tristan da cunha south georgia and south sandwich islands sovereign base areas of akrotiri and dhekelia in cyprus turks and caicos islands and virgin islands most if not all of these territories are likely to remain british for the foreseeable future and many have agreed modern constitutional arrangements with the british government this book provides a comprehensive description of the main elements of their governance in law and practice and of the constitutional and international status of the territories this long awaited second edition provides a comprehensive update on the law governing overseas territories it reflects the post brexit landscape and covers the extradition act 2003 overseas territories order 2016 and the emergency powers overseas territories order 2017 in addition it explores case law developments from chagos islanders v the united kingdom to the mauritius case concerning british overseas territory waters

while supplementary protection certificates spcs are governed by the same substantive rules in all member states of the european union and the european economic area eea they are national intellectual property rights the formal requirements and procedural practices of the national patent offices granting spcs still differ significantly and these divergences can have a substantial impact on the prosecution of spcs across europe this one of a kind handbook provides an in depth review of spc law in europe covering all substantive and procedural aspects of prosecution enforcement and invalidation as well as spc related aspects of unfair competition law following an overarching european chapter which addresses general considerations and the relevant european union law including the jurisprudence of the court of justice cjeu and the efta court this book contains detailed national chapters for all european states that provide spcs i e the twenty seven eu member states austria belgium bulgaria croatia cyprus the czech republic denmark estonia finland france germany greece hungary ireland italy latvia lithuania luxembourg malta the netherlands poland portugal romania slovakia slovenia spain and sweden the eea efta states norway and iceland as well as the united kingdom switzerland liechtenstein serbia bosnia and herzegovina albania and north macedonia the contributors to this book all seasoned experts in the field of spcs in their respective jurisdictions provide clear and hands on guidance on the most pertinent spc related topics of practical and strategic relevance the considerably expanded second edition of this handbook offers a comprehensive analysis of european spc law and practice covering all european states with spc systems in detailed national chapters as such this book provides invaluable assistance to ip practitioners in devising successful pan european spc filing and litigation strategies its practice oriented approach in combination with a country by country format where all chapters follow the same structure makes it easy to compare the national practices and the respective national case

law of the different european countries the present work fills a gap and provides for the first time an overview of the spc practice in the eu member states which despite the intended harmonization by the respective eu legislation is still decidedly inconsistent in some areas altogether this successful work with its streamlined structure and clear language that is immediately comprehensible even to non native speakers functions not only as a source of information for european attorneys authorities and courts it also conveys perhaps not at all intended by the authors the unique diversity of this european legal regime which for many exerts a special fascination the present practitioner s guide can be recommended without reservation and should not be missing in any specialist library jürgen schell judge at the german federal patent court on the first edition of this book

the human fertilisation and embryology act 2008 was a major update to the uk s laws on the use and regulation of reproductive technology and assisted reproduction since the enactment of the new law the sector s regulatory body the human fertilisation and embryology authority hfea has also consulted on various related topics including barriers to egg and sperm donation in the uk multiple births single embryo transfer and using ivf technology to prevent mitochondrial disease this book critically considers recent developments in human fertilisation legislation asking whether the 2008 act has achieved its stated aim of being fit for purpose bringing together a range of international experts the book evaluates the fresh risks and challenges emerging from both established and existing technologies and techniques in the field of human fertilisation and embryology as well as offering valuable insights into the social and regulatory challenges that lie ahead key topics include problems with diy assisted conception the lack of reform in respect of the regulation of surrogacy arrangements and mitochondrial dna transfer as a review of the status of assisted reproduction legislation this book will be of great use and interest to students researchers and practitioners in medical law bioethics medicine and child welfare

this publication follows on from and updates an investigation completed in 2006 7 funded by the chartered institute of environmental health and the department for environment food and rural affairs the original investigation had the aim of establishing the awareness of local authority environmental health departments of the issue of statutory nuisance mine shafts the purpose of this publication is to provide an update in terms of legislation recent events technology to act as a more concise reference document on the duties of local authorities and others and to update the best practice in terms of inspecting and securing statutory nuisance mine entrances

nicholls montgomery and knowles on the law of extradition and mutual assistance provides a comprehensive and analytical treatment of the laws covering the extradition and mutual assistance agreements as well as international mutual assistance provides extensive treatment of both extradition and mutual assistance in one text

follow up to the work of the uk border agency 2nd report session 2009 10 isbn 9780215542465 and the e borders programme 3rd report session 2009 10 hc 170 isbn 9780215542854

economic crime is a significant feature of the uk s economic landscape and yet despite the government s bold mission statements to hold those suspected of financial wrongdoing to account as part of their day of reckoning and serious about white collar crime agenda there is a sense that this is still not being done effectively this book examines the history of the creation of the uk s anti economic crime institutions and accompanying legislation providing a critique of their effectiveness the book analyses whether the recent regulatory regime is fit for purpose as well as being appropriate for the future in order to explore how the uk s economic crime strategies could be improved the book takes a comparative approach analysing policy and legislative responses to economic crime in the united states and australia in order to determine whether the uk could or should import similar structures or laws to improve the enforcement of uk economic crime

this report contains the 2018 peer review report on the exchange of information on request of united kingdom

this book addresses 3 questions is money a way to create a european union identity if so which type of identity is this and in what ways is the eu identity changing the book brings together experts from a variety of backgrounds and academic approaches to analyse the law of money and payments on the one side and the law of capital and investments on the other the book is divided into 2 parts part i covers scriptural electronic and digital money it analyses the european framework for payment services users explores limits and challenges of the banking union and looks at the project for a digital euro part ii investigates the policy and regulatory drivers of the eu s changing identity from the early modern roots of the european law of money and capital to the regulatory strategy set in the capital markets union and the role conferred on venture capital from the fintech based developments of payment systems to the newly established fiscal and monetary policies in the post covid phase the book will be of interest to researchers academics and policy makers in the fields of law and regulation as well as political economy and

political sciences
