a greatly beneficial text book for students of all ages who wish to learn or review the basic fundamentals of islamic studies this booklet is based mostly on the lessons of maulana sayyid sa eed akhtar rizvi though at the time of editing he has added some lessons from the book of salat majlis ul muslimeen karachi and diniyat rah al najat office karachi with necessary adaptations this edition has been completely revised according

to the fatwa of agha syed abu l qasim al khu i dama dhilluhul aali najaf iraq also many subjects have been added because of the popular demand for example details of ghuls prayers of ayaat jumu ah eidain mayyit and jama at simply a must read for those that are unable to attend hawza islamic university yet wish to learn at least the basics of religion by means of authentic texts as compiled in this booklet

religion in the light of the quran the true islam told by the prophet muhammad

there are many books dealing with the subject of salat in both arabic and urdu many of these books are well written and provide an informative and comprehensive view of how salat should be performed according to the teachings of prophet muhammad s w s unfortunately there are very few books in english which deal with the subject in the same informative and comprehensive way because of these weaknesses in existing literature in english we felt that the need existed to produce a medium sized book on salat which would approach the subject according to the teachings of the prophet muhammad s w s the prophet himself said pray as you have seen me praying during our research we sometimes found that differences occurred between established practices in various prayer books in these circumstances we referred to authentic hadiths of the prophet muhammad s w s so that the points could be clarified as much as possible this was because for a true muslim there is no greater proof for settling arguments than authentic hadiths and practices of prophet muhammad s w s we hope that allah will accept this humble attempt because without his support and help we would never have been able to do this work finally we ask all our muslim brothers and sisters to study the text and to strive to pray according to it as you ll not aware that many sites are asking for money in i have made this book free to all countries and in return i m asking for you to remember me in your prayer it was also mentioned by dr zakir naik in one of his speech that the best book to recommend is this book watch in video youtube com watch v l xtrig2xee thanks to all for downloading and making better use of this book it gives immense pleasure to announce that a guide to salat prayer in islam is downloaded in most of country presenting name of top 3 countries where this book is downloaded the most sg singapore 5755 us united states 2112 gb united kingdom 1026 thanks to all remember me and an author in your prayers

this book begins by exploring profound spiritual questions why human beings believe in the existence of god the need and role of god and religion in our lives and the ways religion can be both used and misused it also examines how science and religion are complementary rather than conflicting it addresses common misconceptions about islam and provides factual information on key aspects of the religion such as its core

beliefs practices moral conduct tolerance quest for knowledge and science focusing on creating a understanding of islam through evidences based directly on the verses of the holy quran it presents islam s contributions to the world in social and scientific fields it is written in a way that both non muslims and muslims will find it informative the book also addresses issues such as reformist and progressive nature of islam the book emphasizes both the importance of revealing the truth about islam and tackling the myths that often surround the religion offering a fresh perspective in a modern context the achievements of muslims in fields such as mathematics science astronomy and medicine during the islamic golden age are highlighted to provide an optimistic perspective to younger generations additionally it includes articles on current issues and present challenges exploring possible reasons for the rise and decline of scientific approach within the muslim community as well as explores suggested ways forward as perceived by the author any disagreements with these views shall be respected
