this book tracks the political history and specific political actions associated with the diffusion of state level marijuana decriminalization it provides an integrated chronology of policy diffusion to show how social and cultural changes have impacted the shift from anti to pro marijuana political platforms the main contributions are an interdisciplinary approach to analyzing policy learning and evolution an overview of the political history of marijuana criminalization a clear synthesis of the medical literature on cannabis effects and a supply and demand analysis of legal and illegal marijuana markets in america for scholars of criminal justice law political science policy studies sociology and addiction it provides an amalgam of the diverse and divergent extant research on marijuana

this book examines the connections between two disparate yet persistently bound thematics mobility and intoxication and explores their central yet frequently misunderstood role in constructing subjectivity following the 1960s emerging from profound mid twentieth century changes in how drugs and travel were imagined the conceptual nexus discussed sheds new light on british and north american responses to sixties counterculture with readings of aldous huxley william burroughs alex garland hunter s thompson and robert sedlack banco traces twin arguments looking at the ways travel is imagined as a disciplinary force acting upon the creative destabilizing powers of psychedelic intoxication and exploring the ways drugs help construct travel spaces and practices as at times revolutionary and at other times neo colonial by following a sequence of shifting understandings of drug and travel orthodoxies this book traverses fraught and irresistibly linked terrains from the late 1950s up to a period marked by international postmodern tourism as such it helps illuminate a world where tourism is continually expanding yet constantly circumscribed and where illegal drugs are both increasingly unregulated in the global economy and perceived more and more as crucial agents in the construction of human subjectivity

this work is an evidence based investigation separating the truth from the hype about the way cannabis impacts our brains

humans have always been fascinated by drugs and altered states despite the risk of addiction many have used drugs as technologies to induce moments of meaning making transcendence beginning at the close of the eighteenth century this book traces the quest for transcendence and meaning through drugs in the west through the modern period
