the palliative care handbook 9th edition is a sought after resource globally and now for the first time this new edition includes extensive support for advanced dementia a popular resource promoting clinical excellence in palliative care this ninth edition has been updated by authors professor rod macleod and dr stephen macfarlane to include comprehensive guidelines for people with dementia receiving end of life care it builds on previous editions to address the fact that dementia is now a leading cause of death across the globe but that often people with dementia are more likely to receive the palliative care that they need although small in size for ease of use by clinicians the book s impact is large and is often purchased by families and patients to help them understand the symptoms treatments and drugs they are encountering the palliative care handbook offers a thorough understanding of symptoms and treatments which emphasise the importance of a holistic approach to managing patients physical psychological social and spiritual needs the first section of the book provides an explanation of palliative care as well as guidelines for alleviation of the symptoms and challenges commonly encountered considerations of the needs of the person with dementia are now embedded throughout this section the second section is a comprehensive listing of drug information including unlicensed uses and interactions since its first publication in 1994 the palliative care handbook has been consistently revised developed and updated to be an essential and practical international resource enabling quality palliative care

now in its 9th edition this extensively revised and updated handbook explains how you can write reports that will be read without unnecessary delay understood without undue effort accepted and where applicable acted upon divided into three parts the book looks in detail firstly at the practical side of report writing preparation and planning collecting and handling

information writing and revising secondly at the creative side of report writing achieving a good style and choosing the correct words improving the overall appearance of reports and thirdly at 23 common types of report including annual reports appraisal reports audit reports minutes progress reports student project reports technical reports there is also an extensive glossary and a selection of sample reports

drawing on a wealth of academic research statistics and interviews with key Australian media people including present and former Australian Broadcasting Corporation staffers this book explores the transitions of the ABC under various types of organisational re-strategising governance and political shifts the book provides the reader with an authoritative narrative as to how the ABC has lost its iconic status in Australian society and unfolds how the ABC has strayed from its respected public charter which endowed the ABC with a distinctive and important role in informing educating and entertaining the Australian public successive federal government funding cuts have shrunk staffing levels and services while it has pursued a corporatist model that mimics the trappings and practices of commercial media in that process it has become politicised and trivialised thereby threatening its demise the book is a unique and timely contribution at a time of dwindling interest for the funding of public assets everywhere there is no other book in the market that addresses the decline of the organisation the ABC and analyses the reasons for its demise within an organisational theoretical framework the book is written for an educated general audience with academics and media practitioners specifically in mind and has everyday applications for business organisations operating in the public sector by bringing together important findings of public funding budgets management and organisational strategies and evolution
