in academia the effects of the cultural turn have been felt deeply in everyday life tenets from cultural politics have influenced how people behave or regard their options for action such as the reconfiguration of social movements protests and praxis in general many authors writing in this field are known for their scholarship and social activism both of which are arguably guided by principles of cultural politics

about the nature of representation and the deployment of power in political discourses the handbook of cultural politics and education is less an attempt to standardize contemporary educational scholarship and more a collection that engages the problems and promises of recent themes in social and cultural thought which require our attention and demand a response in other words it opens doors to questions rather than convenient answers to difficult educational dilemmas the handbook is part of the appraisal of an opening created by interdisciplinary writings on such themes as representation civil society cultural struggle subjectivity and media within the context of education indeed cultural politics troubles traditional frameworks in search of critical explanations concerning education's place within society the contributions in the collection support this endeavor

this book examines the highly ambivalent implications and effects of anti elitism it draws on this theme as a cross cutting entry point to provide transdisciplinary analysis of current conjunctures and their contradictions drawing on examples from popular culture and media politics fashion labour and spatial arrangements using the toolboxes of media and discourse analysis hegemony theory ethnography critical social psychology and cultural studies more broadly the book surveys and theorizes the forms the implications and the ambiguities and limits of anti elitist formations in different parts of the world anti elitist sentiments colour the contemporary political conjuncture as much as they shape pop cultural and media trends populists right wing authoritarian ones and others direct their anger at cultural political and sometimes economic elites while supporting other elites and creating new ones at the same time elitist knowledge and expertise decision making power and taste regimes are being questioned in societal transformations that are discussed much more positively under headlines such as participation or democratization the book brings together a group of international interdisciplinary case studies in order to better understand the ways in which the battle cry against the elites shapes current conjunctures and possible future politics focusing on themes such as nationalist political discourse in india austria the uk and hungary labour struggles and anti oligarchy rhetoric in russia tax avoiding elites and fiscal imaginaries working class agency melania trump as a celebrity narrative in slovenia aesthetic codes of the alt right football hooliganism in germany hipster hate in german political discourse or the politics of expertise and anti elite iconography in high fashion internationally the book is intended for undergraduates postgraduates and postdoctoral researchers the open access version of this book available at taylorfrancis com has been made available under a creative commons attribution non commercial no derivatives 4.0 license

how the immigration policies and popular culture of the 1980s fused to shape modern views on democracy in the 1980s amid increasing immigration from latin america the caribbean and asia the circle of who was considered american seemed to broaden reflecting the democratic gains made by racial minorities and women although this expanded circle was increasingly visible in the daily lives of

americans through tv shows films and popular news media these gains were circumscribed by the discourse that certain immigrants for instance single and working mothers were feared censured or welcomed exclusively as laborers in the cultural politics of u s immigration leah perry argues that 1980s immigration discourse in law and popular media was a crucial ingredient in the cohesion of the neoliberal idea of democracy blending critical legal analysis with a feminist media studies methodology over a range of sources including legal documents congressional debates and popular media such as *Golden Girls* who's the boss *Scarface* and *Mi Vida Loca* perry shows how even while multicultural immigrants were embraced they were at the same time disciplined through gendered discourses of respectability examining the relationship between law and culture this book weaves questions of legal status and gender into existing discussions about race and ethnicity to revise our understanding of both neoliberalism and immigration

this is a challenge to the assumptions that have shaped english literature it offers an investigation of the principles and practice and a compelling argument for intellectual allegiances beyond the academy

this timely book examines austerity's conflicted meanings from austerity chic and anti austerity protest to economic and eco austerity bramall's compelling text explores the presence and persuasiveness of the past developing a new approach to the historical in contemporary cultural politics

this book is the first full length examination of the cultural politics at work in the act of translation in east africa providing close critical analyses of a variety of texts that demonstrate the myriad connections between translation and larger socio political forces looking specifically at texts translated into swahili the book builds on the notion that translation is not just a linguistic process but also a complex interaction between culture history and politics and charts this evolution of the translation process in east africa from the pre colonial to colonial to post colonial periods it uses textual examples including the bible the qur'an and frantz fanon's *Wretched of the Earth* from five different domains religious political legal journalistic and literary and grounds them in their specific socio political and historical contexts to highlight the importance of context in the translation process and to unpack the complex relationships between both global and local forces that infuse these translated texts with an identity all their own this book provides a comprehensive portrait of the multivalent nature of the act of translation in the east african experience and serves as a key resource for students and researchers in translation studies cultural studies post colonial studies african studies and comparative literature

the deployment of remotely piloted air platforms rpas or drones has become a defining feature of contemporary counter insurgency

operations scholarly analysis and public debate has primarily focused on two issues the legality of targeted killing and whether the practice is effective at disrupting insurgency networks and the intensive media and activist scrutiny of the policy processes through which targeted killing decisions have been made while contributing to these ongoing discussions this book aims to determine how targeted killing has become possible in contemporary counter insurgency operations undertaken by liberal regimes each chapter is oriented around a problematisation that has shaped the cultural politics of the targeted killing assemblage grayson argues that in order to understand how specific forms of violence become prevalent it is important to determine how problematisations that enable them are shaped by a politico cultural system in which culture operates in conjunction with technological economic governmental and geostrategic elements the book also demonstrates that the actors involved what they may be attempting to achieve through the deployment of this form of violence how they attempt to achieve it and where they attempt to achieve it are also shaped by culture the book demonstrates how the current social relations prevalent in liberal societies contain the potential for targeted killing as a normal rather than extraordinary practice it will be of great use for academic specialists and graduate students in international studies geography sociology cultural studies and legal studies

much of the writing on the post 9 11 period in the united states has focused on the role of official government rhetoric about 9 11 those who have focused on the news media have suggested that they played a key role in re defining the nation allowing the citizenry to come to terms with 9 11 in providing official understandings and interpretations of the event and setting the terms for a geo political military response the war on terror however strikingly absent from post 9 11 writing has been discussion on the role of sport in this moment this text provides the first book length account of the ways in which the sport media in conjunction with a number of interested parties sporting state corporate philanthropic and military operated with a seeming collective affinity to conjure up nation to define nation and its citizenry and to demonize others through analysis of a variety of cultural products film children s baseball the super bowl the olympics reality television the book reveals how in the post 9 11 moment the sporting popular operated as a powerful and highly visible pedagogic weapon in the armory of the bush administration operating to define ways of being american and thus occlude other ways of being

first published in 1989 cultural politics in contemporary america is a radical attempt to lay out the complex ways in which the american media and american culture is powerfully interlocked at the end of the 20th century the media exerted an overwhelming influence on the formation of social identity through the production and consumption of images the hollywood presidency of ronald reagan was founded on the skills of the great communicator bruce springsteen s born in the usa was used by chrysler corporation to assure that the pride is back feminists and right wing militants converged to oppose pornography the media american culture and political power were bound

by examining the representation of urban space in contemporary british fiction this book argues that key to the political left s strategy was a model of action which folded politics into culture and elevated disenfranchisement to the status of a political principle

political culture defined as the values beliefs and behavioral patterns underlying the political system has long had an uneasy relationship with political science identity politics is the latest incarnation of this conflict everyone agrees that culture and identity are important specifically political culture is important in understanding other countries and global regions but no one agrees how much or how precisely to measure it in this important book well known comparativist howard j wiarda traces the long and controversial history of culture studies and the relations of political culture and identity politics to political science under attack from structuralists institutionalists marxists and dependency writers wiarda examines and assesses the reasons for these attacks and why political culture went into decline only to have a new and transcendent renaissance and revival in the writings of ingelehart fukuyama putnam huntington and many others today political culture now updated to include identity politics stands as one of these great explanatory paradigms in political science the others being structuralism and institutionalism rather than seeing them as diametrically exposed howard wiarda shows how they may be made complementary and woven together in more complex multicausal explanations this book is brief highly readable provocative and certain to stimulate discussion it will be of interest to general readers and as a text in courses in international relations comparative politics foreign policy and third world studies

education and cultural politics interrogating idiotic education is a conceptualization of protest and resistance against the cultural politics

of oppression and domination of people of african descent in the caribbean and north america it is also a theorization of their redemption from being victims of racism classism sexism and heterosexism the book combines the theoretical models of discrimination and oppression through the use of the axis of the social evils to critically analyze the cultural politics of education in relation to black people in the african diaspora it does this through the lens of critical redemptive education which is seen through an afrocentric philosophy the book illustrates how the lives of black people are constructed by slavery and colonialism which have etched their mores into the black psyche the book advocates the view that slavocracy the colonial construction of black psyche is not indelible it can be deconstructed through conscience and reconstructed through a non idiotic liberatory education using the philosophy of critical redemptive education which fosters a genuine koinonia among black communities serving as the antidote for the current black nihilism in black communities which is the legacy of our oppressive existence

this book analyses the cultural politics of urban development in gwangju south korea and illustrates the implementation of state led arts based urban boosterism efforts in the context of political trauma and the desire for economic growth the book explores urban development that is complicated by the recent history of democratic uprising in gwangju and it examines the dichotomy between cities as growth machines and progressive metropolises actor oriented qualitative research methods are used to show how culture and economies can evolve from territorial conflicts the author argues that the quest for both growth and social justice can coexist in intertwined ways and create urban development moreover recent events in gwangju such as the may 18 democratic uprising and massacre are shown to act as a backdrop for state led urban boosterism and desire for economic growth at the same time as depicting a resistance to state corporate marketing plans which culminates in the eventual emergence of relatively coherent places of memory these convergences and divergences are comparable to the urban boosterism characteristic of western cities the book contributes to the dialogue surrounding geography urban studies and postcolonial urban development and will be of interest to academics working in these fields as well as human geography planning urban politics and east asian studies
