the shadow s legacy takes readers into a world where magic darkness and destiny collide in a timeline filled with sacrifice in it kaelen is a young girl who is given great power and an unavoidable responsibility to protect the world from an unimaginable threat but kaelen must fight not only to defeat her enemies but also to understand who she really is and whether she can control the power that nearly consumes her at first kaelen sees herself as merely part of a predetermined destiny but as the story progresses

she begins to learn that courage lies not only in physical combat but also in facing the darkness within herself and in a world full of secrets a grand conflict of courage sacrifice and learning from past mistakes creates a story that is not only epic but also deeply emotional with each chapter you will be taken on a journey filled with suspense and emotion through the relationships between the main and supporting characters and the unraveling of mysteries along the way this story will invite readers to ponder big questions about identity destiny and change

jowan wants only one thing to bond with a dragon of his own then disaster strikes and his world suddenly turns into a darker and more dangerous place but a new friend and an astonishing discovery could lead him to what he has always wanted if he is just willing to take a leap of faith and brave the impossible

for years china s transformation from one of the world s poorest nations was lauded as a triumph that lifted hundreds of millions of people out of poverty there were always questions about data reliability and growth sustainability but the general views on china have recently taken a decidedly sour turn concerns abound about state interference in the economy an ageing population and high debt level making sense of china s economy untangles china s complex economic structure evolving issues and curious contradictions and explains some key features of this most puzzling of global economic powerhouses this book reveals how factors such as demographics the initial stage of development in 1978 the transition away from full state ownership and central planning the dual urban rural society and a decentralised governance structure have combined to shape the economy its development and its reforms it shows how the pragmatic and adaptive nature of china s policymaking upends familiar perspectives and hinders simple cross country comparisons the book also explores crucial topics including the property market debt accumulation and environmental challenges in this book tao wang innovatively weaves the multiple strands of china s economy into a holistic and organic tapestry that gives us unique insights from both a chinese and an international perspective this book is critical reading for business leaders investors policymakers students and anyone else hoping to understand china s economy and its future evolution and impact written by a specialist who has studied the country from both inside and out

300 years after the great shadowking war the tendrils of an ancient evil are worming in through the cracks of the world emperor magramon is dead the khatrimantine empire mourns and soon his only son ilgarion will ascend the throne but undercurrents of dread foster unease and mistrust in the imperial capital and disturbing portents hint at unrevealed horrors meanwhile the agents of an old and vicious power plot and wait can corlek ondene former captain of the iron guard work with the likes of dardan and the

countess ayoni to stem the tide of evil can the order of watchers a band of renegade mages unlock the terrible onrushing mystery in time and can their leader the elderly calabos keep his true identity a secret through the terrors yet to come for when the faces of night dance with the faces of day the weaver of fate dances alone and faces become masks and masks become faces reviews shadowkings was brutal cruel and realistic in a way genre usually avoids shadowgod his second is not only lighter it is better and makes good use of the world copley has created writing to rival david gemmell jon courtenay grimwood guardian

one click mortal magic and continue your paranormal adventure today a vision a monster a mate riley's psychiatrist doesn't believe her visions are real but a demon attack thrusts her into the shadow shifter world and unlocks the hard truth about her past after her transition tensions between the shadow clans escalate and learning that riley's virgin blood will unlock the portal to the demon realm causes a breach with the reaper clan with reapers defecting to the rising demon clan and the demon king perched at the edge of the expanding portal riley's father is abducted will riley save the man she has loved her entire life or sacrifice the man that claims she is his mate find out what hides in the shadows by reading mortal magic the new paranormal romance series readers are comparing to donna grant and patricia briggs

shadow education the practice of private tutoring outside formal schooling has become pervasive in asia driven by intense exam competition and dissatisfaction with mainstream education it plays a significant role in the region's educational landscape however its implications and regulatory frameworks still need to be studied and better understood this book shadow education in asia policies and practices addresses this gap by comprehensively analyzing shadow education policies and practices in asia despite its prevalence shadow education's impact on students families and educational systems is complex and multifaceted the lack of comprehensive research and understanding has led to challenges regulating and integrating shadow education into formal educational systems policymakers and educators struggle to address issues such as educational equity student well being and the

quality of education provided through shadow education this book aims to inform policy discussions and reform efforts ultimately contributing to a more nuanced understanding of this phenomenon and its role in asia s educational landscape

china has achieved rapid economic growth since the market oriented reform in 1978 and became the second largest economy in the world in 2010 however the growth model in china is still extensive in nature and may be characterized with high energy consumption and heavy environmental pollutions etc in fact china has successively become the largest carbon emitter since 2007 and the largest energy consumer since 2009 in the world this book endeavors to analyze whether such energy driven and environment restricted economic growth can be sustainable in china in the long run the book describes the basic situations of energy consumption and environmental pollution in china from the dimensions of industries regions and energy types it also introduces the evolution of energy and environmental policies implemented in china in particular this book makes use of the environmental activity analysis model to assess the sustainable transformation of economic model in chinese industries and regions this model captures the negative externalities of pollutants and estimates the environmental total factor productivity accurately the possibilities of win win development and double dividend are also forecasted this book proposes new methods to measure the environmental total factor productivity evaluate the process of low carbon transformation quantify the structural bonus estimate the abating cost and forecast the win win development and so on researchers may find these methodologies useful for measuring other pollutants and for analysis in other countries

the history of china dates back thousands of years with periods of decline followed by periods of growth and innovation this book puts the last 50 years china s most recent period of growth into perspective it explores the changing national and international connections within china and between china and other parts of the world and their importance for understanding the past current and future developments of the chinese economy the book brings together leading international contributors from china japan and europe to consider the historical developments of these connections the importance of natural and man made connections for the chinese economy the role of institutions and policies for understanding the connections and their sustainability this book will be of interest to scholars and researchers focusing on china economics geography or international trade

life is a journey not a destination in this book you will find an imaginative world traversed by characters both human and animal who represent many aspects of my psyche the two main characters turtle and butterfly one reclusive and prone to ponder rather than act the other flighty ethereal and more outgoing have decided to take a journey that will lead them into the unknown their journey

is one of self discovery that encourages trusting oneself as they explore many of the truths i have come to claim as my own ultimately and together with the other characters they meet along the way both human and animal they create a strong sense of unity a foundation with which to continue their life adventures in a very real sense this is a self help book set within a story

every blizzard begins with a single snowflake rhys and his 3 closest friends are young adventurers trying to make a name for themselves in a world filled with monsters and magic when they re sent on a royal quest to investigate rumors of a strange phenomenon happening up north they get their chance people all over the continent of ravnica have been talking about frozen white rain falling from the sky up north ravnica s sometimes warm sometimes cool never hot never cold this icy white rain which is being calling snow has never known to exist and many doubt it s real snow deniers they re often called but rhys believes in snow and hopes to see it for himself when they get up north along the way the adventurers encounter strange monsters and even stranger happenings in the towns they visit fire magic is banned everywhere they go enforced by magical adherence knights maks groups like antima want to ban all magic using the very thing they claim to be against to push their beliefs on others black and white mages have been replaced by non binary wizards anti axers and pro knifers clash over the possibility of a bladed weapons ban and then there are the social judgment wizards sjws who use their magic to silence anyone who speaks out against them but the further along rhys and the others get in their quest the more they realize things aren t as they seem has the king and queen sent them on a fool s errand or have they stumbled upon a plot much more sinister than any of them ever could ve imagined if you like medieval fantasy filled with humor and satire you ll love snow by ellis michael this satirical sword and sorcery page turner is intended for mature audiences
