eastern approaches to western film asian aesthetics and reception in cinema offers a renewed critical outlook on western classic film directly from the pantheon of european and american masters including alfred hitchcock george lucas robert bresson carl dreyer jean pierre melville john ford leo mccarey sam peckinpah and orson welles the book contributes an eastern approach into the critical studies of western films by reappraising selected films of these masters matching and comparing their visions themes and ideas with the philosophical and paradigmatic principles of the east it traces eastern inscriptions and signs embedded within these films as well as their social lifestyle values and other concepts that are also inherently eastern as such the book represents an effort to reformulate established discourses on western cinema that are overwhelmingly eurocentric although it seeks to inject an alternative perspective the ultimate aim is to reach a balance of east and west by focusing on eastern aesthetic and philosophical influences in western films the book suggests that there is a much more thorough integration of east and west than previously thought or imagined

first published in 1984 as scholar researcher and commentator dr paul e zinner has spent much of the last six years in europe studying the development of east west relations observing negotiations on arms reduction and conducting interviews with foreign policy and national security experts from key countries this book brings together eleven of his essays nearly all previously unpublished that emphasize developments since 1977 the essays cover a broad range of topics among them the status and prospects of the vienna troops reduction talks the political and military implications of nato s double track decision concerning modernization of intermediate range nuclear forces in europe the impact of the crises in afghanistan and poland on the western alliance and the foreign policy options available to the reagan administration also included are assessments of current trends in the nato alliance and a cautious projection of the political climate in western europe by the end of the 1980s updated throughout with introductory and commentary notes the essays provide insight into the dominant themes in the interaction between the nato and warsaw pact powers

this study deals with the internal socio political changes that the traditional political structures have not been able to incorporate the perspectives of the superpowers and surveys of the debate on european security in each of 11 states the book begins and ends with a theoretical overview

existential psychology east westis a collection of chapters exploring existential psychology in a cross cultural context the original version was published in preparation for the first international conference on existential psychology held in nanjing china in 2010 this revised and expanded edition includes several updated chapters as well as four new chapters the book consists of three sections the first section provides an introduction to existential humanistic psychotherapy along with a case illustration section two contains 13 chapters from eastern and western scholars exploring the theory of existential psychology the third section contains 10 chapters building from rollo may s work on myth each chapter explores the existential themes of a myth embedded within a particular cultural context the book concludes with an annotated bibliography of important works in existential psychology existential psychology east westis an important contribution to the field with many influential eastern and western scholars including kirk schneider xuefu wang ilene serlin mark yang ed mendelowitz heyong shen erik craig myrtle heery alan g vaughan louis hoffman and nathaniel granger jr

first published in 1971 these guides provide invaluable information on thousands of commercial ports and terminals across the globe they are compiled and published annually by Ir Oneocean whose years of global maritime experience allows them to provide expert and innovative solutions that enhance efficiency sustainability and overall industry success the guides cover a significant geographical breadth and the most recent volume includes information on over 12 500 ports harbours and terminals worldwide these are fully indexed and contain detailed port plans and mooring diagrams

the contents of this book continues the theme as in the previous volume on cultural patterns and cognitive patterns in the east and west with special regard to those patterns which are determined by our natural genetic endowments in contrast to those patterns which are influenced by our cultural east west influences and within this context a unique flavour is given to the good life aspects of adapting to this global community the chapters written by leading neuroscientists give an overarching picture from the elementary organisational principles of the human brain through the basic perceptual and motor functions of the brain to the highest levels of cognition including aesthetical or moral judgments with an eye on what can be called good life in both eastern and western cultures a unique compilation of state of the art overviews of how the human brain is organised and functions in order to achieve high level of social moral or aesthetic thoughts across cultures published in collaboration with institute para limes

integrative medicine seamlessly blends eastern and western medical traditions into an informative and readable resource author kathleen phelan brings her skills as an investigative reporter and her experience as a medical writer to bear in a tour de force part history part story part resource for any reader seriously interested in his or her own well being and in the future of medicine and medical treatment in this country once considered alternative eastern medicine has gained widespread acceptance by the general public but it is the blending or integration of eastern healing with western medicine that is now commanding the attention of the medical community dating the birth of integrative medicine to 1971 when james reston brought the concept of acupuncture and chinese herbs to america s shores phelan traces a movement that s grown into a 15 billion dollar industry in a generation through interviews with eastern and western practitioners and their clients she puts a human face on the crisis of medical care in our time with extensive detail she recounts the history of both eastern and western medicine presenting the best and sometimes exposing the myths of both ancient cures and current high tech methods
