for centuries the place of miracles in the church has been debated this controversy remains in our day numerous views and theological positions are advocated in defense or rejection of miracles for today there are some who believe they are for today some who outright deny their validity for today and some who remain unsure even among those who believe that god has never ceased working miracles there are a number of perspectives ranging from the idea that they are rare that they are spontaneous and happen only at god s sovereign whim and then there are those who believe that a faith filled group of christians who believe god s promises can experience them frequently in his book miracles are for today pastor troy j edwards refutes the idea that god s miracles are only for a past generation and explains from scripture how god s people can experience frequent miracles in their corporate worship as well as within their personal lives get ready to believe god for a miracle today

miracle workers and magicians are difficult characters for contemporary readers of greco roman narratives to comprehend and to distinguish hindered both by our modern definitions of miracle and magic we need to focus our attention on those ancient texts that deal with such characters and their differentiation two such texts the acts of the apostles and philostratus life of apollonius come from quite different religious backgrounds but demonstrate remarkably similar subtle cultural scripts at play a detailed investigation of the social interactions in these two narrative worlds brings these characters and their communities alive and reveals how legitimate miracle workers were distinguished from illegitimate magicians by the mediterranean population of the greco roman world

is god still doing miracles today because of the many claims of charismaticism on this issue a rather detailed biblical study of the matter is warranted we defend the following conclusions modern miracle workers cannot demonstrate the attributes of biblical ones and are lying when they claim similar gifts there are no god sent miracle workers in scripture that were not also sources of new direct divine revelation to be believed and obeyed as the word of god the faith to perform or receive a miracle is just as supernatural and god given as the miracle itself and modern faith healers are wrong to blame disappointed followers for their lack of such faith the church has universally testified that the gifts of miracle working ceased in the early church with the completion of the nt the fraud in the modern miracle movement has been immense other legitimate explanations for modern miracles are intriguing and even alarming

how does god supernaturally reveal himself this book is a detailed introduction to the complex controversial but vital topic of miracles the topic would be difficult enough but the claims and teaching of charismaticism have made a biblical understanding of miracles even more critical but also more complicated in the course of this bible study we endeavor to

answer such questions as what is a miracle how do we avoid the extremes between anti supernaturalism which claims there are no miracles and super supernaturalism which claims an abundance of them what are the different types of miracles and why is it critical to distinguish them what are the myriad of ways that god has miraculously spoken and which of these can we expect today what is the biblical place and attributes of dreams and visions what is the embarrassing history and alarming dangers of the super supernaturalism at the heart of the charismatic movement
