this massive three volume set publishes the proceedings of the 2006 limes conference which was held in leon a total of 138 contributions naturally these cover a vast range of topics related to roman military archaeology and the roman frontiers the archaeology of the roman military in spain and contributions by spanish scholars are prominent whilst other themes include the internal frontiers the end of the frontiers and the barbarians in the empire the fortified town in the late roman period soldiers on the move and the early development of frontiers further sessions had a regional focus majority of essays in english some in spanish german and italian

vol 1 includes organization number published nov 1917

self translation brokering originality in hybrid culture provides critical historical and interdisciplinary analyses of self translators and their works it investigates the challenges which the bilingual oeuvre and the experience of the self translator pose to conventional definitions of translation and the problematic dichotomies of original and translation author and translator canonical self translators such samuel beckett vladimir nabokov and rabindranath tagore are here discussed in the context of previously overlooked self translators from japan to south africa from the basque country to scotland this book seeks therefore to offer a portrait of the diverse artistic and political objectives and priorities of self translators by investigating different cosmopolitan post colonial and indigenous practices numerous contributions to this volume extend the scope of self translation to include the composition of a work out of a multilingual consciousness or society they demonstrate how production within hybrid contexts requires the negotiation of different languages within the self generating powerful experiences from crisis to liberation and texts that offer key insights into our increasingly globalized culture

this book assesses both the effectiveness and efficiency of implemented economic policy instruments epis in order to achieve water policy goals and identifies the preconditions under which they outperform alternative e g regulatory policy instruments and or can complement them as part of complex policy mixes the development of a consolidated assessment framework helps clarify and where possible quantify the effectiveness of each epi on the basis of different criteria outcome oriented criteria describe how the epis perform they include intended and unintended economic and environmental outcomes and the distribution of benefits and costs among the affected parties these steps consider the application of cost effectiveness and cost benefits analysis e g to assess ex post performance of the epi process

criteria describe the institutional conditions legislative political cultural etc affecting the formation and operation of the epi studied particularly relevant for assessing the possible impacts of using economic instruments the transaction costs involved in implementing and enforcing the instruments and the process of implementation case studies from cyprus denmark france germany hungary italy the netherlands spain and the united kingdom as well as from australia chile israel and the usa are presented in this book a wide variety of epis are also covered including water pricing schemes tariffs environmental taxes environmental charges or fees subsidies on products and practices trading schemes tradable permits for abstraction and pollution and cooperation mechanisms

although there are several annotated bibliographies of contemporary spanish novelists this book covers critical works published on the post civil war spanish novel as a literary form the volume cites books and articles and each citation is accompanied by a descriptive and evaluative annotation the work contains a section of entries on books and another on articles entries within each section are arranged alphabetically included are entries primarily for studies published in english or spanish though some in catalan french galician and italian are also cited in the last decades there has been an explosion of critical works on the post civil war spanish novel this proliferation of material causes serious problems for scholars conducting research on the subject while there are bibliographies of particular novelists this book deals with general studies of trends topics and comparative approaches the volume primarily cites works published in english or spanish but it also includes some in catalan french galician and italian the volume is divided into two sections books and articles within each section entries are arranged alphabetically each citation is accompanied by a descriptive and evaluative annotation the annotations provide information about the topic content and methodology of the works cited and express an opinion of the works value the length of the annotations varies according to the importance of the topic author and title indexes add to the utility of the work

though known as a site since 1903 el mirón cave in the cantabrian mountains of northern spain remained unexcavated until a team from the universities of new mexico and cantabria began ongoing excavations in 1996 this large deeply stratified cave allowed the team to apply cutting edge techniques of excavation recording and multidisciplinary analysis in the meticulous study of a site that has become a new reference sequence for the classic cantabrian region the excavations uncovered the long history of human occupation of the cave extending from the end of the middle paleolithic through the upper paleolithic up to the modern era this volume comprehensively describes the background information on the setting the site the chronology and the sedimentology it then focuses on the biological and archaeological records of the holocene levels pertaining to mesolithic neolithic chalcolithic and bronze age archaeologists anthropologists and historians will be drawn to this study and its extensive findings dated by some seventy five radiocarbon assays
