adulthood is taken for granted it connotes the end of childhood the resolution to the storm and stress period of adolescence this conception is strongly entrenched in the sociology of youth and the sociology of the life course as well as in the policy arena at the same time adulthood itself remains unarticulated journey s end remains conceptually fixed and theoretically uncontested adulthood then is both central to the social imagination and neglected as an area of sociological investigation something that has been noted by sociologists over the last four decades going beyond the overwhelmingly psychological literature this book draws on original qualitative research and theories of social recognition and thus presents a first step towards filling an important gap in our understanding of the meaning of adulthood pub desc

drawing on twenty years of research this book examines the historical perspective of a pacific people who saw globalization come and go suau people encountered the leading edge of missionization and colonialism in papua new guinea and were active participants in the second world war in memory of times to come offers a nuanced account of how people assess their own experience of change over the course of a critical century it asks two key questions what does it mean to claim that global connections are in the past rather than the present or the future and what does it mean to claim that one has lost one s culture but not because anyone else took it away or destroyed it

the information herein is based on the disciples coming to jesus privately saying tell us 1 when will these things be and 2 what will be the sign of your coming and 3 of the end of the age matthew 24 3 these questions refer to the end of an age which was referred to in matthew 24 1 2 1 jesus came out from the temple and was going away when his disciples came up to point out the temple buildings to him 2 and he said to them do you not see all these things the temple buildings truly i say to you not one stone here will be left upon another which will not be torn down in matthew 24 3 28 jesus is referring to the end of the jewish age which was to culminate in 66 70 c e with the desolation and destruction of jerusalem and its temple the disciples questions were based on a presumption the end of the temple to them equaled the end of the age encompassing christ s return the judgment of the wicked and the setting up of his kingdom verses 3 28 are jesus answering their question in his words he does address what will lead up to the end of the jewish age but what about the end of wicked humankind and the ruler of the world the age era of satan and his second coming jesus kingdom and his thousand year reign we have to understand the end of the jewish age as well because all prophecy has a meaning to those who hear it which will help us understand if it could be applicable to us in conservative evangelical grammatical historical interpretation an author has only one referent

for his words as two referents would result in two meanings our position is that there is only one meaning of what an author meant by his words this may sound complex now but it will be unfolded more in later chapters in a very easy to understand way in chapters 1 and 2 we must address why jesus is saying there would be an end of the jewish age in chapter 3 we will take a deep look at the signs that establish the great tribulation is closing in and when is it time to flee in chapter 4 we will go over the signs of the end of the jewish age in chapter 5 we will walk through the events leading up to the end of the jewish age from 66 70 c e in chapter 6 we will cover the second coming of jesus where the reader will get the answers as to whether verses 3 28 apply to his second coming we will close out with chapter 7 and how we should understand the signs and how we do not want to be led astray just as jesus warned even some of the chosen ones would be misled we will also address what comes after the end

get back to the roots on revelation through the centuries since its writing the book of revelation has captured the fascination of the christian church the earliest christians were unanimous in understanding it along a premillennial view of jesus second coming but other hermeneutical approaches began to emerge in the third century these clouded and added complexity to the task of explaining the book s meaning for most of the christian era consequently many readers have viewed this last of the nt writings as though it were hopelessly embedded in an aura of deep mystery an avalanche of interpretive literature has evidenced remarkable interest in the book s contents but along with the interest has come widespread bewilderment written especially for the informed layman student and scholar this commentary seeks to clear the air the book is interpreted according to a historical and grammatical hermeneutic and propounds a conservative evangelical theology but the reader will not get a narrow view on areas of disagreement this commentary interacts with a range of major views both evangelical and nonevangelical it reaffirms the basic framework of eschatology espoused by ancient christianity but with added help from centuries of maturing thought and doctrinal progress in the body of christ all exegesis and exposition in this 2 volume commentary are based on the original language of the text translations used are those of the author and textual criticism and word study are included where appropriate this in depth commentary also includes extended excursuses on important topics of theological and historical interest
