reprint of the original first published in 1841

this collection features eight interviews with seven senior scholars whose seminal works involve the application of systemic functional linguistics sfl to translation studies have advanced systemic functional translation studies sfts as a research agenda in its own right with critical reflections and insights into future directions the book introduces sfts as a research field tracing its development and situating the contributions of the scholars interviewed within this tradition an international group of researchers working across a diverse range of topics within sfts are interviewed including christian m i m matthiessen erich steiner j r martin juliane house jeremy munday adriana pagano and akila sellami baklouti taken together the collection offers a comprehensive account of theoretical and methodological developments in sfts with critical overviews of these scholars body of work within the research area and reflections on the emerging research that pushes sfts scholarship into new frontiers this volume will be of particular interest to scholars in translation studies and systemic functional linguistics as well as those interested in innovations in linguistic theory

these substantial volumes present the fullest account yet published of the lexicography of english from its origins in medieval glosses through its rapid development in the eighteenth century to a fully established high tech industry that is as reliant as ever on learning and scholarship the history covers dictionaries of english and its national varieties including american english with numerous references to developments in europe and elsewhere which have influenced the course of english lexicography part one of volume i explores the early development of glosses and bilingual and multilingual dictionaries and examines their influence on lexicographical methods and ideas part two presents a systematic history of monolingual dictionaries of english and includes extensive chapters on johnson webster and his successors in the usa and the oed it also contains descriptions of the development of dictionaries of national and regional varieties and of old and middle english and concludes with an account of the computerization of the oed the specialized dictionaries described in volume ii include dictionaries of science dialects synonyms etymology pronunciation slang and cant quotations phraseology and personal and place names this volume also includes an account

of the inception and development of dictionaries developed for particular users especially foreign learners of english the oxford history of english lexicography unites scholarship with readability it provides a unique and accessible reference for scholars and professional lexicographers and offers a series of fascinating encounters with the men and women involved over the centuries in the making of works of profound national and linguistic importance

this book presents the first detailed and comprehensive study of information highlighting in advanced learner language echoing the increasing interest in questions of near native competence in sla research and contributing to the description of advanced interlanguages it examines the production and comprehension of specific means of information highlighting in english by native speakers and german learners of english as a foreign language presenting triangulated experimental and learner corpus data as corroborating evidence the study focuses on learners use of discourse pragmatically motivated variations of the basic word order such as inversion preposing and it and wh clefts an underexplored field in sla research to date the book also provides a critical re assessment of the study of pragmatics within sla it has largely been neglected to date that 12 pragmatic knowledge includes more than the sociopragmatic and pragmalinguistic abilities for understanding and performing speech acts thus the book argues for an extension of the scope of inquiry in interlanguage pragmatics beyond the cross cultural investigation of speech acts it also discusses pedagogical implications for foreign language teaching and will be of interest to applied linguists and sla researchers language teachers and curriculum designers
