the 5th edition of the book objective ncert xtract biology for neet class 11 12 aiims consists of quality selected mcqs as per current ncert syllabus covering the entire syllabus of 11th and 12th standard the most highlighting feature of the book is the inclusion of a lot of new questions created exactly on the pattern of ncert this book cum question bank spans through 38 chapters the book provides a detailed 2 page concept map for quick revision of the chapter this is followed by 3 types of objective exercises 1 topic wise concept based mcqs 2 ncert exemplar past neet aiims questions 3 15 20 challenging questions in try if you can exercise detailed explanations have been provided for all typical mcqs that need conceptual clarity the book also includes 5 mock tests for self assessment this book assures complete syllabus coverage by means of questions for more or less all significant pmt concepts of biology in nutshell this book will act as the best practice revision material for all pmt entrance exams

vk entrepreneurship textbook for class 11th is a complete package of all the study material required for the cbse 2023 2024 session compiled by experienced academician poonam gandhi the cbse class 11th entrepreneurship book includes a plethora of significant features like simple and easy to understand text along with diagrams it covers the following topics entrepreneurial opportunities entrepreneurial planning enterprise marketing enterprise growth strategies business arithmetic resource mobilisation glimpses section at the end of each chapter for a quick recap of the topics covered higher order thinking skills hints along with their answers questions from cbse exam papers to give an idea of expected questions from every chapter evaluate yourself after each chapter with a variety of questions like objective questions short answer questions long answer questions under the cbse exam pattern

experiments 1 measurement of length 1 to measure the diameter of a small spherical cylindrical body by using a vernier callipers 2 to measure the dimensions of a given regular body of known mass using vernier callipers and hence find its density 3 to measure the internal diameter and depth of a given cylindrical vessel say calorimeter beaker by using vernier callipers and hence find its internal volume i.e. capacity viva voce 2 screw gauge micrometer 4 to determine the diameter of a given wire using a screw gauge and find its volume 5 to find the thickness of a given sheet with the help of screw gauge 6 to measure the volume of an irregular lamina by using a screw gauge viva voce 3 spherometer 7 to measure the radius of curvature of a given spherical surface convex lens by using a spherometer viva voce 4 mass and weight 8 to determine the mass of two different objects using a beam balance viva voce 5 parallelogram law of vectors 9 to find the weight of a given body using parallelogram law of vectors viva voce 6 simple pendulum measurement of time 10 using a simple pendulum plot l and l^2 graphs hence find the effective length of a second's pendulum using appropriate graphs viva voce 7 friction 11 to study the relationship between force of limiting friction and normal reaction and to find the coefficient of friction between a block and a horizontal surface viva voce 8 motion of a body along an inclined plane 12 to find the downward force along an inclined plane acting on a roller due to gravitational pull of the earth and study its relationship with the angle of inclination by plotting graph between force and $\sin$ viva voce section b experiments 1 elasticity 1 to determine the young's modulus of elasticity of the material of the wire using searle's apparatus viva voce 2 spring constant 2 to find the spring constant of a helical spring by plotting load extension graph viva voce 3 boyle's gas law 3 to study the variation in volume with pressure for a sample of air constant temperature by plotting graphs between p and v and between p and $1/v$ 18 viva voce 4 surface tension 4 to determine the surface tension of water by capillary rise method viva voce 5 viscosity 5 to determine the co effective of viscosity of given liquid by measuring the terminal velocity of a given spherical body in it viva voce 6 newton's law of cooling 6 to study the relationship between temperature of a hot body and time by plotting a cooling curve viva voce 7 vibrations of strings 7 to study the relation between frequency and length for a given wire under constant tension using a sonometer viva voce 8 to study the relation between the length of a given wire and tension for constant frequency using sonometer viva voce 8 vibrations of air columns 9 to find the velocity of sound in air at room temperature using a resonance tube by two resonance position viva voce 9 specific heat 10 to determine specific heat of a given solid by the method of mixture 11 to determine the specific heat of a given liquid by method of mixture viva voce section a activities 1 to make a paper scale of given least count e.g. 0.2 cm 0.5 cm and use it to measure the length of a given object 2 to determine the mass of a given body using a metre scale and by applying principle of moments viva voce 3 to plot a graph for a given set of data using proper choice of scales and error bars viva voce 4 to measure the force of limiting friction for rolling of a roller on horizontal plane viva voce 5 to study the variation in the range of a jet of water with angle of projection viva voce 6 to study the conservation of energy of a ball rolling down on inclined plane using a double inclined plane viva voce 7 to study dissipation of energy of a simple pendulum by plotting a graph between square of amplitude and time viva voce section b activities 1 to observe the change of the state and plot a cooling curve for molten wax viva voce 2 to observe and explain the effect of heating on a bimetallic strip viva voce 3 to note the change in level of liquid in a container on heating and interpret the observations viva voce 4 to study the effect of detergent in surface tension by observing capillary rise viva voce 5 to study the factors affecting the rate of loss of heat of a liquid viva voce 6 to study the effect of

load on depression of a suitably clamped meter scale loaded i at its end ii in the middle viva voce
 7 to observe the decrease in pressure with the increase in velocity of the fluid viva voce
 appendix some important tables of physical constants log antilog and other tables

the updated and revised 2nd edition of the book guide to jnvst class 11 jawahar navodaya vidyalaya selection test provides complete preparatory material 2023 solved paper practice sets as per the latest syllabus provided by nvs the book covers all the 5 sections of the exam mental ability test mathematics english social science and science the book provides exhaustive theory with examples followed by exercise in each chapter the book covers topic by topic syllabus of exam there are 67 chapters in all capturing the 5 sections the book provides 2300 questions for practice answers to most of the questions are provided the book also provides 3 practice sets with solutions on the latest pattern of the exam at the end of the book

arun deep s self help to isc chemistry class 11 for 2025 26 examinations this guidebook has been meticulously crafted to support students of class 11 who are preparing for the isc chemistry examination for the academic year 2025 26 aligned with the latest isc curriculum the book provides comprehensive solutions and explanations to all the questions presented in the isc chemistry textbook published by nageen prakashan the content is structured to aid conceptual clarity reinforce theoretical understanding and strengthen problem solving skills each chapter includes detailed answers to all in text and end of chapter questions step by step solutions for numerical problems additional tips and key points for effective revision supportive content that complements classroom learning an ideal companion for isc students this self help book aims to simplify complex concepts and provide exam oriented preparation helping learners achieve academic excellence with confidence

with the newly introduced 2 term examination pattern cbse has eased out the pressure of preparation of subjects and cope up with lengthy syllabus introducing arihant s cbse term ii 2022 series the first of its kind that gives complete emphasis on the rationalized syllabus of class 9th to 12th the all new cbse term ii 2022 english core of class 11th provides explanation and guidance to the syllabus required to study efficiently and succeed in the exams the book provides topical coverage of all the chapters in a complete and comprehensive manner covering the 50 of syllabus as per latest term wise pattern 2021 22 this book consists of 1 complete theory in each chapter covering all topics 2 case based short and long answer type question in each chapter 3 coverage of ncert ncert exemplar board exams questions 4 complete and detailed explanations for each question 5 3 practice papers based on the entire term ii syllabus table of content reading comprehension read comprehension note making and summarisation creative writing skills and grammar writing short writing tasks long writing tasks grammar integrated grammar exercises literature hornbill pose hornbill poetry snapshots supplementary practice papers 1 3

prepared as per the latest cbse syllabus and exam pattern for the 2025 26 academic year the educart cbse class 11 biology question bank 2026 is designed to help students understand concepts thoroughly and prepare efficiently for their 2025 26 school exams with ncert linked questions detailed solutions and practice sets key features updated as per the 2025 26 cbse curriculum follows the most recent cbse class 11 biology syllabus and exam structure to ensure

relevant practice chapterwise and topicwise question bank includes mcqs very short answer short answer long answer assertion reason and case based questions organised in a clear and logical format ncert based coverage all questions are linked to the ncert class 11 biology textbook helping students avoid unnecessary content and focus on what's actually needed detailed solutions for all questions step by step explanations are provided for every answer based on the cbse marking scheme to help students understand concepts better and write answers the right way in exams competency and concept based questions a strong mix of direct theory and applied questions to match the latest cbse paper design promoting analytical thinking and concept clarity practice papers and chapter tests each chapter includes self assessment tools to help students track their progress and prepare confidently for school level assessments this question bank is ideal for students who want to master class 11 biology without confusion whether you're preparing for school exams or aiming to strengthen your base for class 12 and neet the educart biology question bank for class 11 is a smart and reliable resource
