name until they were replaced by the all new 105 series giulia based models in 1965 as the predominance of the basic mechanical components of the 750 and 101 models remained unchanged during their 1954 1965 production run the original giulietta workshop manual was considered adequate and the factory supplemented it with the publication of technical characteristics booklets 1963 1964 that updated the factory manual with technical data specific to the 1600cc equipped cars timeline of the english language manuals issued by the alfa factory for the 750 101 series giulietta and giulia models the first english language workshop manual part no 577 600 copies was issued in may 1957 and it consisted of 14 individual booklets in a ring binder in addition a separate booklet numbered 15 was added a little later that was identified as special repair data for the sprint veloce spider and super spider in december 1957 alfa issued 1000 copies of a softbound workshop manual part no 611 that combined the booklets from the may 1957 publication into a single volume it should be noted that booklet 14 special tools and equipment was omitted from this edition and that the images are of poor quality in september 1958 another 1000 copies of a softbound single volume manual part no 637 was issued and the images in this manual are almost photo quality this edition also included the previously missing special tools section however for some unknown reason the 12 page appendix to the transmission section from the december 1957 edition was omitted this same part number 637 was reprinted by the factory in september 1961 1000 copies finally in november 1962 alfa issued 2000 copies of a 15 page booklet enclosure to the shop manual technical characteristics part no 854 this booklet expanded the technical data for the 1300cc models that was previously included in technical specifications section of both the ring bound and softbound workshop manuals however in 1962 the giulietta sport models sprint sprint special and spider were fitted with the new 1600cc engine and the giulietta series 101 name was dropped but they continued to be sold under the giulia name as 101 series vehicles until they were replaced by the all new 105 series giulia based models in 1965 consequently for the sake of completeness the 20 page october 1963 technical characteristics booklet part no 955 1000 copies for the 1600cc giulia ti spider sprint and the 7 page october 1964 technical characteristics for the giulia spider veloce should be a required addition to this list of manuals for the 750 and 101 series models

this volume introduces civic shakespeare as a new and complex category entailing the dynamic relation between the individual and the community on issues of authority liberty and cultural production it investigates civic shakespeare through romeo and juliet as a case study for an interrogation of the limits and possibilities of theatre and the idea of the civic the play s focus on civil strife political challenge and the rise of a new conception of the individual within society makes it an ideal site to examine how early modern civic topics were received and reconfigured on stage and how the play has triggered ever new interpretations and civic performances over time the essays focus on the way the play reflects civic life through the dramatization of issues of crisis and reconciliation when private and public spaces are brought to conflict but also concentrate on the way the play has subsequently entered the public space of civic life set within the fertile context of performance studies and inspired by philosophical and sociological approaches this book helps clarify the role of theatre within civic space while questioning the relation between citizens as spectators and the community the wide ranging chapters cover problems of civil interaction and their onstage representation dealing with urban and household spaces the boundaries of social relations and legal economic political and religious regulation and the public dimension of memory and celebration this volume articulates civic romeo and juliet from the sources of genre to contemporary multicultural performances in political contact zones and civic shakespeare spaces exploring the bard and this play within the context of communal practices and their relations with institutions and civic interests

through exciting and unconventional approaches including critical historical printing publishing and performance studies this study mines shakespeare s romeo and juliet to produce new insights into the early modern family the individual and society in the context of early modern capitalism inspired by recent work in cultural materialism and the material book it also foregrounds the ways in which the contexts and the text itself become available to the reader today the opening material on critical historical approaches focuses on the way that readers have frequently read and played the text to explore issues that cluster around the family marriage gender and sexuality chapter two on the ways that actors today inhabit character and create behaviour provides intertextual comment on acting in the early modern period and the connections between acting and social behaviour that inform self image and the performance of identity both then and now the third chapter on printing publishing approaches to the text offers a detective story about the differences between quarto one and quarto two that focuses on the curious appearance in quarto two of material related to the law at word phrase line and scene level the next three chapters integrate a close study of the language of the play to negotiate its potential significance for the present in the areas of family marriage gender and sexuality identity individualism and humanism and the law religion and medicine among the startling aspects of this book are that it takes the part of juliet far more seriously than other criticism has tended to do attributing to her agency and aspects of character that develop the part suddenly from girl to woman recognizes the way the play explores early modern identity becoming a handbook for individualism and

humanism in the private domestic setting of early capitalism and brings to light the least recognized element in the play at the moment its demonstration of the emerging structures of state power governance by law the introduction of surveillance detection and witness and the formation of what we now call the subject the volume includes on dvd a scholarly edition with commentary of the text of romeo juliet which re instates many of the original early modern versions of the play
