church is a religious word it is inherently religious in meaning we speak of going to church of
building a church of going into the church of running the church of starting a church of the
authority of the church of the organization of the church and the list could go on the point is that
we really use the word as it is defined in our western dictionary but not in context with god's ideal
of church the church it stretches far beyond what you see it accomplishes more than we dreamed
was possible the church is life and death the church is god's strategy for reaching our world what
we do inside the church matters god cares about the way we love each other and the way we
pursue his mission the church is a group of redeemed people that live and serve together in such a
way that their lives and communities are transformed
