essays exploring and explaining how queer reading makes a difference to biblical exegesis as with feminism theoretical questions arise such as whether such readings are characterized by certain questions or can only legitimately be done by gay or lesbian readers the contributors are drawn from a range of backgrounds and a variety of interests jewish christian agnostic male female heterosexual gay and lesbian and mostly concentrate on individual passages and books but the volume also contains some theoretical reflections and it ends with three critical responses from scholars with interdisciplinary interests on the place of queer reading of the bible in broader contexts a book for anyone interested in contemporary issues of bible interpretation or in queer theory generally

the previous volume of essays five uneasy pieces was warmly received people of faith and spirituality were looking for liberating understandings of the bible in engagement with their own sexualities and those of friends family and beyond the book demonstrated clearly that oppressive uses of selected texts from the bible were invalid but more

is needed the obligation upon scriptural scholars is to establish scripture's hospitable inclusion of those whose sexual identities have been subjected to such oppression. Pieces of ease and grace retrieve biblical texts as actively embracing gays and lesbians within the community of faith; their stories profoundly intersect with those of scripture. Here is a collection of biblical essays on sexuality and welcome that restores the Bible as a book of grace to those whose sexual identities had previously been lost or condemned in interpretation.

First published over ten years ago, the *Queer Bible Commentary* brings together the work of several scholars and pastors known for their interest in the areas of gender, sexuality, and biblical studies. Contributors draw on feminist, queer, deconstructionist, utopian theories, the social sciences, and historical critical discourses. The focus is both how reading from lesbian, gay, bisexual, and/or transgender perspectives affects the reading and interpretation of biblical texts and how biblical texts have and do affect LGBTQ communities. This revised 2nd edition includes updated bibliographies and chapters taking into account the latest literature relating to queer interpretation of scripture.

Research and theory on self-esteem have flourished in recent years. This resurgence has produced multiple perspectives on fundamental issues surrounding the nature of self-esteem and its role in psychological functioning and interpersonal processes. *Self-Esteem: Issues and Answers* brings together these various perspectives in a unique format. The book is divided into five sections. Section I focuses on core issues pertaining to the conceptualization and assessment of self-esteem and when self-esteem is optimal. Section II concentrates on the determinants, development, and modifiability of self-esteem. Section III examines the evolutionary significance of self-esteem and its role in psychological processes and therapeutic settings. Section IV explores the social, relational, and cultural significance of self-esteem. Finally, Section V considers future directions for self-esteem research. Researchers, practitioners, parents, and teachers, this volume offers a wealth of perspectives from prominent researchers from different areas of psychology. Each expert contributor was asked to focus his or her chapter on a central self-esteem issue. Three or four experts addressed each question. The result is that *Self-Esteem: Issues and Answers* provides a comprehensive sourcebook of current perspectives on a wide range of central self-esteem issues.

When asked about the qualities needed to be an effective CEO, the answers are to me quite basic: respect for and ability to get along with many different kinds of people, including those that do not share your views; the will to honor promises that one makes to his family; and the understanding that work and home life must be balanced. Gerard J. Arpey, CEO American Airlines: Be positive about challenges you encounter for no matter how successful you are, you will encounter them. William Clay Ford, Chairman and CEO Ford Motor Company: In the real world, leaders are rarely faced with a simple choice between right and wrong. Leaders can't avoid ambiguity but must learn to be decisive in spite of it. Sy Sternberg, CEO New York Life: I think anyone willing to work hard for their goals, learn from their mistakes, and care about others has the makings to become a wonderful leader. Gary Kelly, CEO Southwest Airlines: Find the right people and the right information to help you get the job done. Ronald A. Williams, CEO Aetna: Understand opportunities don't come in an envelope labeled opportunities; create value. Be honest, have a vision, work hard. Edward Zore, CEO Northwestern Mutual: Success requires envisioning, embracing, and driving change. The only way to turn potential into higher levels of achievements is to continuously change. Susan M. Ivey, CEO Reynolds American: Surround yourself with people smarter than you; people make it happen, and great people are necessary to make any idea come alive. Maggie Wilderotter, CEO
