this handbook provides a detailed overview of the field of leadership education examining how to successfully advance leadership education access quality and impact with contributors drawing on a diverse and global body of literature

this text calls for a broader approach to comparative educational administration one which uses culture as the principle means of analysis the articles collected by allan walker and clive dimmock detail the educational practices and outcomes of other systems while taking into account the mediating influence of culture in this way these essays stress the specific aspects of the cultures studied and map out common ground for the study

of administrators values beliefs and actions

the evolutionary pace of the army has increased as we deal with the ever changing operational environment especially the challenges associated with responding to insurgent and terrorist attacks in iraq and afghanistan major craig triscari provides the first primer for tactical leaders to accommodate the complexities of transforming formations that are often in the final preparation stages for combat his book is a timely guide to prevent commanders across the army from recreating the wheel as they field and deploy the new modular brigades the principles outlined are equally relevant for active and reserve components and are a good foundation for leaders subsequently designated to field the future combat system fcs force colonel mike rounds 1st sbct commander and commander jrtrc operations group the only book that lays out today s brigade and below transformation process in plain english if you are interested in knowing how to successfully transform your unit this is the book that can help you understand the challenges you will have to face major craig triscari will take you through a process of transformation from start to finish using plain english so that the reader is not lost in military jargon in order to make transformation easier the book focuses on essential components of completing a transformation in a timely manner while sustaining the war fighting skills that have made our units feared and respected throughout the world this book was written with the specific intent that the reader can apply the ideas in this book to any period of transformation or reorganization within the army while it is impossible to put everything you will need to know about transformation in one source document this book will build a solid base of fundamentals of who what when where and why we transform

this book was written to assist professionals and students to become proactive in their own education improve thinking resolve personal and interpersonal conflicts improve pedagogy manage departmental affairs and guide administrative decisions the text captures the practical experience of the authors with and formal training in toc to address many of the issues facing today s education stakeholders the text is designed to teach methods for 1 win win conflict resolution 2 decision making 3 problem solving and 4 analysis of systems using toc s powerful logic based graphical thinking process tools a creative thinker can identify plan and achieve his or her goals just knowing the thinking process tools

in contextual intelligence in school leadership the author presents a new leadership construct suitable for the 21st century context of school improvement he presents school leadership from contextual intelligence perspective as a function of various elements which interact within the leadership they shape and the context in which such leadership is exercised to exert influence on the core areas of practice including student learning teacher development and school community engagement the construct represents a departure from the contemporary leadership theories which place emphasis on separate elements of leadership and inadvertently create a problem of disintegration that does not bode well for sustainable school improvement

this third issue in our leadership series provides you with a comprehensive analysis of management practices in argentina china georgia germany greece hungary india israel italy japan kazakhstan lebanon malaysia russia and singapore this book shows how domestic leadership conventions often differ significantly from those in other countries comparative desk research focus interviews with and online polling of c level professionals in the aforementioned countries made us realise how much cultural factors can affect leadership strategies accros the globe this book provides a reference for those aiming at a cross border career or interested in international management issues
