story in english and chipewyan suitable for elementary school grades describing the dene way of life throughout the year additional text provides background information focussed on the settlement of la loche saskatchewan

this edited book brings together leading scholars in the field of indigenous religions working with indigenous peoples from the united states canada mexico and europe to examine various indigenous discourses practices and politics of movement as they intersect with issues of religion and spirituality indigenous peoples and their religious traditions have always been mobile and adaptive scholars of indigenous religions have tended to focus their theories of indigeneity and religion on indigenous peoples cultural and historic connections to particular land bases not always attending to the full complexity of indigenous peoples mobile lived realities attention to mobility within the study of indigenous religions reveals the many ways indigenous religions in addition to being grounded on the land and situated in shared pasts are expansive relational innovative and future oriented the contributions to this volume highlight the centrality of mobility to cultivating personhood maintaining networks of affinity and belonging fostering political alliances and solidarities and generating religious meaning this book will be a key resource for scholars and students in the fields of religious studies indigenous studies anthropology and history as well as to a broad general audience interested in larger questions around the politics of decolonization indigenous sovereignty and self determination it was originally published as a special issue of material religion

this study of the effect of herd following on culture reflects over twenty years of field and laboratory research the author analyzes and compares some 13 000 artifacts from 1 002 hunting camps of the northern plano shield archaic pre dorset and taltheilei traditions exploring reasons for seasonal tool variation and similarity he considers geological biological and historical influences on caribou hunters published in english

how do you help young children learn more about native americans than the cultural stereotypes found in children s books and in the media lessons from turtle island is the first complete guide to exploring native american issues with children the authors one native one white both educators show ways to incorporate authentic learning experiences about native americans into your curriculum this book is organized around five cross cultural themes children home families community and the environment the authors present activities from children s books they recommend to develop skills in reading and

writing science math make believe art and more the book provides helpful guidelines and resource lists for selecting appropriate toys children s books music and art and also includes a family heritage project a marvelous tool that should be in every american school joseph bruchac author of heart of a chief and the winter people guy w jones hunkpapa lakota is a full blood member of the standing rock sioux nation he is a co founder of the miami valley council for native americans in dayton ohio sally moomaw teaches at the university of cincinnati she is the co author of the more than curriculum series published by redleaf press

refracted economies examines the gendered impact of the diamond industry in the canadian northwest territories

anthology season of eternal love contains marvellous literary work of various authors across the whole bharat it is a compiled to give a platform to the budding writers of our great nation and help them in coming forward and present their literary work in front of the whole world

this unique anthology presents a wide variety of approaches to an ethnomusicology of inuit and native north american musical expression contributors include native and non native scholars who provide erudite and illuminating perspectives on aboriginal culture incorporating both traditional practices and contemporary musical influences gathering scholarship on a realm of intense interest but little previous publication this collection promises to revitalize the study of native music in north america an area of ethnomusicology that stands to benefit greatly from these scholars cooperative community oriented methods contributors are t christopher aplin tara browner paula conlon david e draper elaine keillor lucy lafferty franziska von rosen david samuels laurel sercombe and judith vander

representatives of 111 nations gathered in stockholm in may 2001 to sign a legally binding convention to eliminate or reduce emissions of pesticides insecticides and other industrial combustion by products long range transport by air and water carries many of these pollutants to the circumpolar north where they threaten the health and cultural survival of inuit and other northern indigenous peoples

people are key elements of wild places at the same time human entanglements with wild ecologies involve extractivism the growth of resource based economies and imperial colonial expansion activities that are wreaking havoc on our planet through an ethnographic exploration of canada s ten unesco natural world heritage sites inhabited

reflects on the meanings of wildness wilderness and natural heritage as we are introduced to local inhabitants and their perspectives phillip vannini and april vannini ask us to reflect on the colonial and dualist assumptions behind the received meaning of wild challenging us to reimagine wildness as relational and rooted in vitality over the three years they spent in and around these sites they learned from indigenous and non indigenous peoples about their entanglements with each other and with non human animals rocks plants trees sky water and spirits the stories actions and experiences they encountered challenge conventional narratives of wild places as uninhabited by people and disconnected from culture and society while it might be tempting to dismiss the idea of wildness as outdated in the anthropocene era inhabited suggests that rethinking wildness offers a better if messier way forward part geography and anthropology part environmental and cultural studies and part politics and ecology inhabited balances a genuine love of nature s vitality with a culturally responsible understanding of its interconnectedness with more than human ways of life

on the fiftieth anniversary of the universal declaration of human rights hundreds of people gathered in edmonton alberta to reflect on the accomplishments of the declaration and current challenges to human rights this volume offers their collective insights participants in this landmark conference included desmond tutu archbishop emeritus of cape town francine fournier assistant director general of unesco her excellency mary robinson united nations high commissioner for human rights and the right honourable antonio lamer chief justice of canada from federal ministers to chinese and vietnamese dissidents to academics the judiciary advocates for the poor the disabled the disenfranchised and the minorities the delegates engaged in vibrant and compassionate dialogue which was both enriching and worrisome canadian senate debates

hunters at the margin examines the conflict in the northwest territories between native hunters and conservationists over three big game species the wood bison the muskox and the caribou john sandlos argues that the introduction of game regulations national parks and game sanctuaries was central to the assertion of state authority over the traditional hunting cultures of the dene and inuit his archival research undermines the assumption that conservationists were motivated solely by enlightened preservationism revealing instead that commercial interests were integral to wildlife management in canada

the word entered the english literature in the 17th century from the greek word anthologic meaning a collection of blossoms or flowers our anthology season of eternal love contains marvellous literary work of various authors across the whole bharat it is a

compiled to give a platform to the budding writers of our great nation and help them in coming forward and present their literary work in front of the whole world

presents a comprehensive a to z reference with approximately 400 entries providing facts about british poets and their poetry from the seventeenth and eighteenth centuries
