cultural and spiritual bonds with nature are among the strongest motivators for nature conservation yet they are seldom taken into account in the governance and management of protected and conserved areas the starting point of this book is that to be sustainable effective and equitable approaches to the management and governance of these areas need to engage with people s deeply held cultural spiritual personal and community values alongside inspiring action to conserve biological geological and cultural diversity since protected area management and governance have traditionally been based on scientific research a combination of science and spirituality can engage and empower a variety of stakeholders from different cultural and religious backgrounds as evidenced in this volume stakeholders range from indigenous peoples and local communities to those following mainstream religions and those representing the wider public the authors argue that the scope of protected area management and governance needs to be extended to acknowledge the rights responsibilities obligations and aspirations of stakeholder groups and to recognise the cultural and spiritual significance that nature holds for people the book also has direct practical applications these follow the iucn best practice guidelines for protected and conserved area managers and present a wide range of case studies from around the world including africa asia australia europe and the americas

focusing on techniques of spiritual development and awareness of the presence of spirit in ordinary life robbins challenges the reader to move beyond spiritual blockages and obstacles and raise the vibrational frequencies that bring us to greater enlightenment this reduces negative emotions such as despair meaninglessness and unhappiness robbins wants to help us increase our pro social activity thereby contributing to a more open minded service towards others in this book he shows how to use effective techniques for practical and spiritual change while following a path of heart

reproduction of the original natural law in the spirritual world by henry drummond

roger s gottlieb provides a lucid and accessible overview of what spirituality is enabling a clear eyed understanding of the concept its manifold connections to other aspects of personal and social life its role as a positive psychological and social phenomenon and some of the risks that attend it

the moral values and interpretive systems of religions are crucially involved in how people imagine the challenges of sustainability and how societies mobilize to enhance ecosystem resilience and human well being the routledge handbook of religion and ecology provides the most comprehensive and authoritative overview of the field it encourages both appreciative and critical angles regarding religious traditions communities attitude and practices it presents contrasting ways of thinking about religion and about ecology and about ways of connecting the two terms written by a team of leading international experts the handbook discusses dynamics of change within religious traditions as well as their roles in responding to global challenges such as climate change water conservation food and population it explores the interpretations of indigenous traditions regarding modern environmental problems drawing on such concepts as lifeway and indigenous knowledge this volume uniquely intersects the field of religion and ecology with new directions within the humanities and the sciences

this interdisciplinary volume is an essential reference for scholars and students across the social sciences and humanities and for all those looking to understand the significance of religion in environmental studies and policy

dr widelynn cadet alexis invites readers on a transformative journey that bridges the divine wisdom of the bible with practical natural approaches to healing drawing from the king james version of the scriptures this book profoundly explores how spiritual and natural elements can work harmoniously to restore health and well being dr alexis emphasizes that this book is not a substitute for medical advice or treatment but rather a complementary guide to deepening one s spiritual life and enhancing awareness of natural healing methods by incorporating scripture personal insights and reflections the author aims to help readers cultivate a closer relationship with god acknowledging him as the ultimate source of all healing and strength the book covers many topics including emotional wellness the healing power of nature and the importance of spiritual practices in maintaining health readers will find encouragement to explore various natural remedies embrace holistic living and develop a deeper understanding of their bodies and emotions spiritually naturally healing is a gentle yet powerful reminder of the interconnectedness of body mind and spirit it is an invaluable resource for anyone seeking to enhance their spiritual journey and well being through faith based insights and natural healing practices

in this newest book the author presents a theory of art which is at once universal in its general conception and historically grounded in its attention to aesthetic practices in diverse cultures the author argues that especially today art not only enjoys a special kind of autonomy but also has important social and political responsibilities deutsch posits that an art work has as its intentionality the striving to be aesthetically forceful meaningful and beautiful with each of these dimensions culturally situated working from traditional imitation and expression theories he argues that the manner of an artwork s coming into being and one s experience of it constitutes an integral whole selected aspects of painting poetry dance architecture films and music are offered to deepen an understanding of the concepts presented also included are several inter connected themes focusing on the difficult and controversial issues of interpreting art truth in art and the relations between art and morality and art and religion

an explanation is provided for our creation spiritual reality and purpose in life out of body experiences during near death experiences indicate that our consciousness exists independently of the body it implies that we are part of and created by god s consciousness our spirituality and soul are a part of his consciousness hence we are spiritual beings living a mortal life due to our free will we can make good and bad choices our purpose on earth is to test and develop our spiritual and moral worth in order to become worthy of god s love in effect our life on earth is a morality play on earth we live in a one dimensional system called time when we pass over after the demise of our body we remain as part of god s consciousness at that time we live in a three dimensional system consisting of the past present and future we will review our former life on earth judge our behavior and feel the pain that we may have caused others
