climate change the resource constrained economy and sustainability in general are amongst the hottest and most problematic topics for contemporary businesses this book provides a comprehensive overview of how the world s sustainability challenges are affecting and being affected by business

croatia mineral mining sector investment and business guide strategic and practical information

traditionally books on business ethics focus on csr companies relations with their stakeholders and corporate citizenship more recently green credentials and sustainability have been added to that agenda unconventionally this book argues that business ethics are basic to running business not a separate subject they are inherent to the governance and management of every organization not an optional exercise in corporate citizenship business ethics concern behaviour in business and the behaviour of business decisions at every level in a company have ethical implications strategically in the board room managerially throughout the organization and operationally in all of its activities the use and sometimes the abuse of corporate power the process of corporate governance raises ethical issues business involves risk taking whether decisions are at the strategic managerial or operational level exposure to ethical risk needs to be part of every organization s strategy formulation policy making and enterprise risk management designed to be read by both undergraduates and postgraduates this book is a primer on ethics in business it is also relevant to ethics courses that are now part of many legal accountancy and other professional examinations the book is not about moral philosophy nor does it

prescribe appropriate standards of behaviour or recommend economic legal or political solutions rather it enables readers to recognize ethical issues in business to respond appropriately and to embed ethics in business processes the book not only considers what business ethics are and why they are important but offers practical approaches on how to develop a successful corporate ethics culture

management its principles and functions are designed to provide a contemporary and comprehensive study of management it covers a wide range of relevant topics on how management works in an organization or business it also includes sub topics that justify the topics it is an impromptu student oriented book for those who are pursuing courses in commerce management and allied disciplines it covers syllabi from cbse commerce to post graduate in commerce or post graduate in management or allied discipline there are lots of day to day examples that justify different topics the language used is easy to understand

many citizens politicians and political activists voice concern about the political influence of business in the european union but do business interests really pull the strings in brussels contrary to expectations this book shows that business interests are no more influential than other interests in shaping contemporary eu policies andreas dür david marshall and patrick bernhagen present an original argument that stresses the role of public actors in facilitating or impeding interest groups lobbying success novel data on a large number of legislative proposals on the eu s agenda and three case studies present strong support for this argument the political influence of business in the european union offers new insights into how lobbying success depends on the demand and supply of information as well as new ideas on how to measure lobbying success the book advances a fresh perspective on the question of business power and shows why business interests often lose in the policy struggle

collation and restatement of venture capital and corporate restructurings reorganizations and buyouts
