györgy ligeti of foreign lands and strange sounds offers a new assessment of a composer whose constant exploration of new sound worlds based on the musics of different cultures and ages contributed in crucial ways to making him one of the most important musical voices of the last 50 years the book combines texts by former students colleagues and friends who reflect on different and so far unknown aspects of ligeti s persona with

new musicological interpretations of his style and several of his main works among the contributors are some of the most eminent Ligeti scholars including Richard Steinitz and Paul Griffiths. Louise Duchesneau, Ligeti's assistant of over 20 years, acts not only as contributor but also as co-editor of the volume. Many of the musicological chapters are based on studies of Ligeti's sketches which are now housed by the Paul Sacher Foundation in Basel and were made available for research only recently. Two close collaborators representing disciplines which deeply interested Ligeti, Heinz Otto Peitgen, a mathematician who introduced Ligeti to fractal geometry which influenced many of his works since 1985, and Simha Arom, an ethnomusicologist who acquainted Ligeti with the complex rhythmic patterns of the music of Sub-Saharan Africa, also reflect on the composer for the very first time. In writing the combination of new insights into Ligeti by people who knew him with new analytical approaches will make this a core publication not only for Ligeti scholars but also for readers interested in music of the second half of the twentieth century and in Hungarian culture. Publisher description

György Ligeti's *Le Grand Macabre* (1974-77, revised 1996) has consolidated its position as one of the major operatic works of the twentieth century. Few operas composed since the 1970s have received such numerous productions, bringing the eclectic score to a global audience. Famously dubbed by Ligeti as an 'anti anti opera', the piece is a highly ambiguous, apocalyptic fable about the human condition, fear of death, and the final judgement. As the first book in English solely dedicated to discussion of this work, György Ligeti's *Le Grand Macabre* postmodernism, musico-dramatic form, and the grotesque offers new perspectives on the opera's musico-dramatic identity in the context of musical postmodernism. Peter Edwards draws on a range of modernist and postmodernist theories to explore the collision of past styles and genre models in the opera, its expressive states, and its engagement with the grotesque. This is ably supported by musical analysis and extensive study of Ligeti's sketch materials held at the Paul Sacher Foundation in Basel. Edwards's analyses culminate in a new approach to examining the opera's rich multiplicities: the composition of the musical material and the nature of Ligeti's relationship with the musical past. This is a key reference work in the fields of musical modernism and postmodernism, opera studies, and the music of Ligeti.

Evgeny Kissin is an internationally renowned classical pianist, admired for his interpretations of the repertoires of Beethoven, Schubert, Chopin, Liszt, Schumann, Brahms, Rachmaninoff, and Prokofiev. The intensity of Kissin's thinking animates this candid memoir, illuminating his astonishing memory, his fondness for his family and teachers, and his artistic sense of self. Memoirs and reflections chronicle Kissin's musical education and his early career. His writing is infused with his lifelong engagement with music, an obsessive love that captured, challenged, and nurtured him from a young age. He recounts fortuitous events and serendipitous encounters with remarkable musicians and conductors, including Herbert von Karajan. This book shows Kissin to be surprisingly modest and down to earth, in spite of his astonishing gift. He writes of his family and friends with tender affection and touching detail. Reading this intimate memoir is like having a private audience with the great pianist himself.
