when a metal worker wishes to purify a metal such as gold it must put the impure gold through a refining process that refining process heats the gold in a fire until it melts it is then mixed with ash and borax to bind the impurities which can then be removed from the gold for the believer the process of removing impurities from our lives a.k.a. our sins is called sanctification much of our sanctification comes little by little day by day as we gaze into the glory of our lord jesus christ see 2 corinthians 3:18 however sometimes like the goldsmith's refining fire our sanctification comes through trials by fire these trials can be difficult and painful and they can test our faith through these trials however god can perform mighty works of refinement to our character so that some of our greatest advances in sanctification often come through these trials like the gold that is far more valuable after the refining process we too are more useful to the kingdom of god after passing through his refining fire this is the story about how god works in the lives of flawed people to accomplish his work in their lives in the process he uses them to influence other people and so advance the kingdom of the gospel of jesus christ it is the story of a loving heavenly father who cares enough for his children to do whatever it takes however painful it may be for them to make them beautiful this is a story about looking beyond the pain of the present to the glory of the eternal it is a story that needs to be read before you hear those fateful words from the doctor before you get the bad news from the boss or before whatever trial is about to happen reveals itself in your life it has been said that every person has either recently exited a time of trial is currently experiencing a time of trial or is about to enter a time of trial therefore every believer needs to understand something important god's grace will never fail

a modern classic revised with more than 70 percent new material is based on seven scriptural realities that teach christians how to develop a true relationship with the creator

book forward there is wonderful joy ahead even though you must endure many trials for a little while these trials will show that your faith is genuine it is being tested as fire tests and purifies gold though your faith is far more precious than mere gold so when your faith remains strong through many trials it will bring you much praise and glory and honor on the day when jesus christ is revealed to the whole world 1 peter 1 6 7 have you ever faced a crisis of belief on your faith journey of following jesus a similar term one might use to describe such a crisis of belief is a test of faith in this autobiography james shares many of his tests of faith which set him up for several inspired god encounters resulting in supernatural covenant provision and miracles a true page turner you may find yourself rushing through the story eager to find out what happens next i encourage you however to take your time to read through it again the second time to focus on a unique feature in this book the rich and inspiring scripture references at the end of each of the forty chapters i propose you consider taking a 40 day journey using this book as a devotional to digest and assimilate every verse more fully as it relates to your own personal walk with the lord in luke 9 23 jesus said whoever wants to be my disciple must deny themselves and take up their cross daily and follow me james shares his journey of taking to heart these words of jesus every disciple of christ will experience a crisis of belief at various times indeed for our faith to be proven genuine it must be tried by fire and purified like gold after reading this autobiography the one word i believe best describes james faith journey is perseverance which reminds me of the story in the bible about the persistent widow in this story the widow's persistence proved her unrelenting faith at the end of the story jesus states when the son of man comes will he really find faith on the earth the challenge set before each of us is whether or not we will dare to walk down the path of genuine proven faith that few follow juliet canha district pastor forerunner church

religion evokes strong emotions and raises hard questions this volume addresses many of the contentious elements that religion provokes and challenges some of the easy answers contemporary society has produced the frequent and often facile dictum about the separation of church and state when examined closely may prove to contribute to the erosion of some of our most cherished human values rather than to their preservation the science versus religion dichotomy is dogma for many yet the empiricism that is the hallmark of scientific method and knowledge can be singularly absent from positions that claim to be science the current spate of attacks against god and religion that are now commonplace when critically scrutinized often fail to provide compelling arguments or even to be as objective as their authors claim these and other explorations are the focus of this book from the forward in which charles kimball challenges the west to re evaluate its perspective and
